To His Excellency

The Right Honourable Edward Schreyer,
C.C., C.M.M., C.D.,
*Governor General and
Commander-in-Chief of Canada.*

MAY IT PLEASE YOUR EXCELLENCY:

The undersigned has the honour to present to Your
Excellency the Public Accounts of Canada for the year
ended March 31, 1982.

All of which is respectfully submitted.

Marc Lalonde,
Minister of Finance.

OTTAWA, OCTOBER 14, 1982

*To The Honourable Marc Lalonde,
Minister of Finance.*

In accordance with the provisions of Section 55(1) of
the Financial Administration Act, Revised Statutes of
Canada, 1970, c. F. 10, I have the honour to transmit
herewith the Public Accounts of Canada for the year
ended March 31, 1982, to be laid by you before the
House of Commons.

Respectfully submitted,

Jean-Jacques Blais,
Receiver General for Canada.

OTTAWA, OCTOBER 14, 1982

*To The Honourable Jean-Jacques Blais,
Receiver General for Canada.*

Sir:

I have the honour to submit the Public Accounts of
Canada for the year ended March 31, 1982.

Under Section 55(1) of the Financial Administration
Act, Revised Statutes of Canada, 1970, c. F. 10, the
Public Accounts for each fiscal year shall be prepared
by the Receiver General and shall be laid before the
House of Commons by the Minister of Finance on or
before the thirty-first day of December next following
the end of that year, or if Parliament is not then sitting,
within any of the first fifteen days next thereafter that
Parliament is sitting.

This annual report is presented in three volumes:

Volume I—A survey of the transactions for the year
including summary statements; the financial statements
of Canada on which the Auditor General has expressed
an opinion, namely, the statements of transactions, of
revenue and expenditure on a gross and net basis, of the
assets and liabilities of Canada and of the use of appro-
priations together with related notes; the observations by
the Auditor General on the financial statements of
Canada; analyses of budgetary revenue and expenditure,
and of asset and liability accounts together with those
statements required by the Financial Administration
Act to be published in the Public Accounts and various
other schedules and statements.

Volume II—Details of the financial operations of the
Government, segregated by department.

Volume III—The financial statements of Crown cor-
porations and the auditors' reports thereon.

The audited financial statements, contained in
Volume I, are for the year ended March 31, 1982. They
are, however, dated September 15, to allow for the
closing and audit of accounts.

Respectfully submitted,

David Kirkwood,
Deputy Receiver General for Canada.

OTTAWA, OCTOBER 14, 1982

INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department is responsible for agreeing its accounts to the control accounts of the Receiver General, and maintains detailed records of the transactions in those accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years. The report also includes the financial statements of those Crown corporations and other bodies whose accounts are maintained separately from the accounts of Canada. The financial year of a number of these corporations and other bodies is the calendar year rather than the fiscal year of the Government.

Format of the Public Accounts

The Public Accounts is produced in three volumes.

Volume I

Volume I presents a summary and analysis of the financial transactions of the Government. The content of the sections of Volume I can be summarized as follows:

SECTION 1: summary statements of the financial transactions of the Government of Canada on both a Public Accounts and an Extended National Accounts basis;

SECTION 2: audited financial statements of the Government of Canada, prepared in accordance with Section 55 of the Financial Administration Act;

SECTION 3: observations by the Auditor General on the financial statements;

SECTION 4: review of outlays by envelope;

SECTION 5: review of budgetary revenue;

SECTION 6: review of budgetary expenditure;

SECTION 7: analysis of loans, investments and advances;

SECTION 8: analysis of specified purpose accounts;

SECTION 9: analysis of other liabilities;

SECTION 10: analysis of foreign exchange accounts;

SECTION 11: analysis of unmatured debt;

SECTION 12: analysis of other accounts reported on the Statement of Assets and Liabilities;

SECTION 13: supplementary information required by the Financial Administration Act; and,

SECTION 14: other miscellaneous information.

Volume II

Volume II presents the financial operations of the Government, segregated by department. It contains financial operations of individual departments and their associated agencies, and additional information and analysis.

(a) DEPARTMENTAL FINANCIAL OPERATIONS

In a fashion similar to the Estimates, Volume II uses a uniform set of statements to present each department's financial operations. In most respects, the level of detail is the same as in the Estimates, and provides the following information:

(i) Use of Appropriations

This is the principal departmental statement. It is a summary of the use of the authority given by Parliament in appropriation acts and other statutes. It displays, by program:

- the wording of the relevant appropriations or statutes;
- the amount authorized under each appropriation or statute;
- the total use made during the year of the authorized amounts;
- unexpended balances (amounts lapsed and carried forward) or amounts overexpended; and,
- total use for the previous year.

(ii) Total Cost of Programs—Budgetary

This table shows the total calculated cost for each program, by adding to budgetary expenditure, the values of services provided by other departments, and of accommodation provided by the reporting department and by the Department of Public Works, and by deducting non-tax receipts credited to revenue.

The total calculated program cost is also reflected in the Estimates and in the Public Accounts in the "Programs by Activity" table.

(iii) *Programs by Activity—Budgetary*

This is a comparison of budgetary appropriations with actual expenditures and the imputed costs and revenues referred to in (ii). The table displays total program expenditures by activity and type of vote, and total cost of programs by type of vote. It is related to the "Program by Activities" table displayed in the Estimates.

(iv) *Grants and Contributions*

This table displays details of amounts appropriated for grants and contributions, by class of recipients and by program, and the payments.

(v) *Budgetary Expenditure by Program and Standard Object*

This table presents expenditure by standard object and relates to the "Objects of Expenditure" table shown in the Estimates.

(vi) *Budgetary Expenditure of Major Capital Projects*

This table presents, by activity within each program, the estimated total cost of each major capital project, together with the related current year estimates and expenditures, and the total expenditure to date.

(vii) *Revenue*

Each department displays summary and detailed statements of revenue collected as part of its operations.

(viii) *Revolving Funds*

The commercial orientation of a revolving fund is reflected in the balance sheet and statement of operations, or income and expenditure, presented each year. A revolving fund's minimum goal is the recovery of cost, and most commercial accounting conventions are used to measure cost.

(ix) *Other Organizations*

To further the objectives of the Government and of departments, various boards, agencies, commissions and accounts have been created by appropriation acts and other legislation. Financial statements for these organizations and accounts are also shown.

(b) **ADDITIONAL INFORMATION AND ANALYSIS**

Further details are provided, in Volume II, to supplement the statements already presented. This supplementary information includes:

- accounts receivable and deletions (Section 32);
- professional and special services (Section 33);
- construction and acquisition of land, buildings, machinery and equipment (Section 34);
- payments of damage claims, ex gratia payments, federal court awards and nugatory payments (Section 35);
- selected miscellaneous payments and federal-provincial shared-cost programs by province (Section 36);
- grants and contributions (Section 37); and,
- miscellaneous statements by department (Section 38).

Volume III

Volume III contains the financial statements of those Crown corporations which are permitted by legislation to keep their own accounts. These are Schedules C and D (agency and proprietary) corporations, as well as the Bank of Canada and The Canadian Wheat Board which, although not designated as Crown corporations, act as agents of Her Majesty. The activities of Schedule B (departmental) corporations are reported by the responsible departments in Volume II, either under departmental budgetary expenditure or in separate reports.

INTRODUCTION

In this section, the financial transactions of the Government of Canada are set out in summary form, with comparative figures for the previous four years. The financial transactions are first presented according to the accounting policies explained in Note 1 to the audited financial statements in Section 2 of this volume, and are referred to as the Public Accounts presentation; the second presentation is on the National Income and Expenditure Accounts basis, extended to encompass other financial transactions affecting the Consolidated Revenue Fund. This second form of presentation is referred to as the Extended National Accounts presentation.

This section is intended to provide an overview of the Government's financial operations, both on the Public Accounts basis and on the Extended National Accounts basis. The Public Accounts presentation reflects the accounting procedures and conventions which have been adopted in providing Parliament with an accounting of the source and use of financial resources. The National Accounts transactions block of the Extended National Accounts presentation is designed primarily to facilitate economic analysis of the federal Government sector on a basis consistent with that used in measuring income and expenditure flows in the economy. The remaining blocks show the relation between the traditional budget balance on the National Accounts basis and the Government's overall financial requirements, debt transactions and cash position.

Public Accounts Presentation

The "Summary Statement of Transactions" table provides aggregate data on the major categories of transactions under four main headings: budgetary, non-budgetary, foreign exchange and unmatured debt. The resulting cash position at the end of each year is also shown.

The form of presentation is fairly consistent with the tables presented in the Budget Speech, the presentation in the Department of Finance's Economic Review and the Statement of Financial Operations published each month in the Canada Gazette, and is compatible with other sections of the Public Accounts.

Budgetary revenue and expenditure in this section treat Canada Post as a Crown corporation for all years, for purposes of comparability. This differs from Section 2 in which Canada Post is treated as a Crown corporation only from October 16, 1981, the date of its commencement. The treatment of Canada Post as a Crown corporation for all years is consistent with the Budget presentation but differs from the Statement of Financial Operations. An explanation of the difference in the treatment of Canada Post in this section and in Section 2 is provided in Note 6 to the audited financial statements included in Section 2 of this volume.

Figures for budgetary and non-budgetary items in the Public Accounts presentation of this section, for 1977-78 to 1979-80, have not been adjusted to take account of minor

changes in departmental responsibilities and classification of accounts which may have occurred. Thus, most components are comparable from one year to the next. However, the statements have been adjusted to reflect changes which have a significant impact on year to year comparisons. Contracting-out payments, which were formerly part of fiscal transfers in the Department of Finance, have been recorded as part of the Canada Assistance Plan throughout the year in line with current practice; similarly, payments related to guaranteed loans have been recorded as part of education support, whereas they had previously been recorded as expenditures of the Department of Finance. The write-offs in 1977-78 of loans to Atomic Energy of Canada Limited, developing countries and the Canadian Dairy Commission have been reallocated to the individual years to which the transactions relate.

Non-budgetary transactions have been redefined to include subscriptions and notes payable to international organizations other than the International Monetary Fund. These transactions had previously been recorded as foreign exchange transactions.

Extended National Accounts Presentation

The presentation of the Government's financial transactions on an Extended National Accounts basis in the Public Accounts was first introduced for the year ended March 31, 1977. As in the Public Accounts presentation, the transactions are categorized under four main headings: the traditional National Income and Expenditure Accounts which are referred to herein as National Accounts transactions, loans and other transactions, foreign exchange and unmatured debt transactions. The resulting cash position at the end of each year is also shown. It may be noted that starting with the line entitled "Financial requirements (excluding foreign exchange)", the Extended National Accounts presentation is identical to the Public Accounts presentation.

The total for loans and other transactions will differ from the non-budgetary transactions in the Public Accounts presentation due in part to differences in coverage. Loans to certain agencies such as Atomic Energy of Canada Limited, as well as advances to certain special funds, are excluded in arriving at the total of loans and other transactions on the Extended National Accounts presentation, as transactions of these agencies and special funds are included in the National Accounts transactions. Similarly, the receipts and disbursements of Government pension and social security accounts, such as the Unemployment Insurance Account, are included in the National Accounts transactions. As a result, they are not included in the loans and other transactions adjustment. In determining the surplus or deficit on a National Accounts basis, certain revenue items, such as corporate income taxes, are reflected on an accrual, as opposed to a cash basis. The loans and other transactions section includes the adjusting entry required to convert from the accrual basis of revenue and expenditure to a cash basis.

SUMMARY STATEMENT OF TRANSACTIONS—PUBLIC ACCOUNTS PRESENTATION

Total financial requirements, excluding foreign exchange transactions, amounted to \$8,331 million for the year ended March 31, 1982. The budgetary deficit of \$13,606 million was offset by a source of \$5,275 million for non-budgetary transactions. Foreign exchange transactions increased requirements \$347 million. Total financial requirements were \$8,678 million in 1981-82. These transactions, together with the \$9,367 million increase in unmatured debt, resulted in a cash balance of \$6,620 million at March 31, 1982. Therefore, the increase in the cash balance, from the \$5,931 million at the beginning of the year, is \$689 million.

The audited statements, presented in Section 2 of this volume, reflect the change in the level of the provision for the valuation of assets in the particular years in which the provision was adjusted. The adjustment of the provision does not affect financial requirements since it is internal to the Government. Table 1.1.1 presents the transactions on an historical

basis consistent with the Statement of Transactions in Section 2.

In order to provide an historical series on a consistent accounting basis, the provision for the valuation of assets has been reallocated to the years to which the provision applied. Table 1.1.2 presents the financial transactions on a reallocated basis as described below. With respect to the Government's share of unemployment insurance costs, the net requirements of revolving funds, the undisbursed balances of appropriations to special accounts and the unamortized portion of bond flotation costs, the amounts have been recorded as expenditures of the departments to which they relate in the year the provision applied. That portion of the general provision which relates to loans, investments and advances has also been reallocated to the years to which it applies, but has not been identified with any particular department. The allocation of this provision by fiscal years is shown in Table 1.3.

I. Budgetary Transactions

A. Revenue

Total budgetary revenue increased \$8,670 million, or 19.1%, to a level of \$54,068 million in 1981-82. Taxes on energy production revenue and energy products account for a large portion of the \$7,305 million increase in total tax revenue. The growth in non-tax revenue was largely from Bank of Canada profits, interest on bank deposits and a special \$300 million entry to other non-tax revenue for the transfer of uranium stockpiles to Eldorado Nuclear Limited.

Personal income tax revenue increased 21.2%. This reflects strong growth in the personal income tax base, particularly from investment income sources. Revenue growth was further supported by the fact that taxable income growth per individual was faster than the growth of the indexation factor in 1981. As a result, there was a tendency for taxpayers to move to higher tax brackets.

Corporate income tax collections remained close to their 1980-81 level. Revenue collections from this source began to weaken as the profit position of corporations deteriorated during 1981-82. The first full year effect of the petroleum and gas revenue tax occurred in 1981-82. Revenue from this source increased from \$27 million in 1980-81 to \$864 million in 1981-82. This total includes a small amount of revenue collected from the incremental oil revenue tax, which became effective January 1982.

Revenue from excise taxes and duties increased \$2,075 million, or 17.7%. The major source of increase was the natural gas and gas liquids tax, which had its first full year

effect in 1981-82. Revenue from the sales tax and excise duties grew roughly at the rate of nominal output. Revenue from excise duties was supported by the indexation of the specific duties on alcohol and tobacco. The growth in customs import duties was slowed somewhat by the impact of scheduled tariff reductions under the Multilateral Trade Negotiations. The growth in total revenue from excise taxes and duties was lowered by a decline in revenue from oil export charges. The decline from this source results from crediting \$445 million to a specified purpose account for the oil export charges portion which accrued to the provinces from November 1980 through January 1982. This credit more than offset an increase in revenue from the transportation fuel compensation recovery charge.

Revenue from the special petroleum compensation charge totalled \$473 million in 1981-82. This charge was levied on domestic and imported oil at various rates from March 3, 1981 to September 21, 1981 to offset the cost of subsidizing additional imports of oil resulting from the production cutbacks in Alberta.

Revenue from the petroleum and gas revenue tax, the natural gas and gas liquids tax and the special petroleum compensation charge increased \$2,121 million in 1981-82. This accounts for 29% of the increase in total tax revenue.

Return on investments increased \$965 million, or 23.4%. The main sources of increase were Bank of Canada profits and interest on bank deposits. The important factors explaining the increases in these components of return on investments were the higher levels of interest rates and government cash balances.

B. Expenditure

Budgetary expenditure in 1981-82 increased 16.5% to \$67,674 million, compared to increases of 15.2% in 1980-81 and 8.3% in 1979-80.

Of the total increase of \$9,608 million, public debt charges, old age security benefits, National Defence, and fiscal transfers accounted for over 76% of the increase. Interest on the public debt increased \$4,481 million, or 41.9%, to \$15,168 million in 1981-82 reflecting higher interest rates and a large increase in unmaturing debt outstanding during the year. Excluding public debt charges, expenditure increased 10.8%.

Old age security payments, including guaranteed income supplements and spouses' allowances, rose in 1981-82 to \$8,585 million or 15.7% above the level in 1980-81 of \$7,418 million. This accounts for 12.1% of the increase in total expenditure. The increase is due to the quarterly indexing of payments and the \$35 increase in the maximum monthly guaranteed income supplement effective July 1, 1980.

National Defence expenditures rose \$951 million, or 18.7%, to \$6,028 million in 1981-82. This reflects the government's NATO commitment to increase defence expenditures by three per cent in real terms per annum.

Fiscal transfers to other levels of government increased 19.7% to \$4,535 million in 1981-82 compared to the increase of 7.6% in 1980-81 over 1979-80. Equalization payments increased \$888 million to \$4,478 million in 1981-82 largely due to the inclusion of large adjustment payments relating to prior years. This increase was offset somewhat by the public utilities income tax transfer which decreased 35.3% to \$88 million. Contributions to the provinces for hospital insurance, medical care, and extended health care services rose by 7.6% over 1980-81 to \$4,283 million.

Other departments and programs where notable increases occurred over 1980-81 were: Transport, \$429 million or 23.2%; Canada Assistance Plan, including contracting-out payments, \$357 million or 18.4%; Industry, Trade and Commerce, \$335 million or 51.1%; and, Agriculture, \$243 million or 27.6%.

The most notable decrease in budgetary expenditure occurred in Energy, Mines and Resources which fell \$2,610 million in 1981-82 to \$1,398 million. This reflects the large decline in the cost of petroleum compensation payments net of revenues. In respect to Communications, the payment to the Canadian Broadcasting Corporation, to cover its operating

deficit, capital expenditures, and for working capital, reduced expenditure \$118 million, or 15.1% in 1981-82 to \$665 million. The reduction for this category reflects a loan write-off of \$198 million in 1980-81. The write-off did not affect total budgetary expenditure.

⁽¹⁾ The substantial downward shift from 1980-81 to 1981-82 reflects the excess of revenue over payments with respect to the Petroleum compensation revolving fund; these revenues and payments were \$3,791 million and \$737 million respectively. This resulted in a surplus of \$3,054 million in 1981-82 which was offset against other program expenditures.

II. Non-budgetary Transactions

A. Loans, Investments and Advances

Requirements for loans, investments and advances were \$1,239 million or \$716 million above the 1980-81 level of \$523 million. This increase reflected a \$403 million additional requirement for lending institutions of which \$133 million is related to the Canada Mortgage and Housing Corporation, \$200 million to the Canada Deposit Insurance Corporation and \$78 million to the Farm Credit Corporation. There was also an additional requirement of \$304 million for Eldorado Nuclear Limited.

Investment in Petro-Canada amounted to \$129 million in 1981-82, compared to \$440 million in 1980-81, for a reduction of \$311 million. The lower requirements for Petro-Canada were largely offset by higher net requirements for the Canadian Dairy Commission, loans to developing countries and international financial institutions and the allowance for valuation. The change in requirements for the Canadian Dairy Commission amounted to \$98 million; Loans to developing countries were higher by \$49 million and net subscriptions to international financial institutions at \$166 million were \$56 million above the 1980-81 level. The allowance for valuation account provided a net source of \$200 million in 1981-82 compared to the 1980-81 allocation of \$307 million, for a reduction of \$107 million.

B. Specified Purpose Accounts

The specified purpose accounts provided a net source of \$4,345 million or \$1,564 million above the 1980-81 level. The

increase reflects \$667 million from the Unemployment Insurance Account and \$707 million from the superannuation accounts. The provincial tax collection agreements account represented a net requirement of \$56 million in 1981-82 in comparison to a source of \$728 million in 1980-81. An additional source of \$963 million over the 1980-81 level came from deposit and trust accounts, of which \$445 million related to the oil export charges sharing account, \$200 million to the Canada Deposit Insurance Corporation account, \$192 million for the Western grain stabilization account, \$85 million for the Indian band funds and \$75 million for the Canadian Ownership Account.

C. Other Transactions

Other transactions provided a net source of \$2,169 million in 1981-82 compared to \$293 million in 1980-81. The increase of \$1,876 million is related principally to interest and matured debt; this group of accounts was \$1,747 million higher in 1981-82 than in 1980-81 and reflects the large sales of Canada savings bonds in 1981. While interest accrued on Canada savings bonds is recorded in budgetary expenditure, much of this interest remains uncashed for several years on a new bond. As a result, the uncashed portion is recorded in the interest and matured debt to reflect the fact that the accrued Canada savings bonds interest has no effect on financial requirements. Cash in transit provided a source of \$16 million in 1981-82 compared to a requirement of \$693 million in 1980-81, for a swing of \$709 million; this was partly offset by a \$594 million reduced source of funds from accounts payable. The cash in transit and accounts payable are year-end accounts which may fluctuate considerably from year to year.

III. Foreign Exchange Transactions

Foreign exchange transactions include the operations of the Exchange Fund Account, the objective of which is to assist in maintaining orderly conditions in the exchange markets and to effect payments by various departments for the purchase of goods and services. Also included in foreign exchange transactions are subscriptions and notes payable to the International Monetary Fund, together with Special Drawing Rights. Total foreign exchange transactions produced a requirement for Canadian dollars of \$347 million in 1981-82 compared to a source of \$1,157 million in 1980-81.

IV. Unmatured Debt Transactions

Marketable bonds payable in Canadian currency increased in 1981-82 by \$2,634 million and Canada savings bonds by

\$9,166 million; net redemptions of Treasury bills amounted to \$2,395 million. In total, net unmatured debt payable in Canadian currency increased by \$9,367 million in 1981-82 compared to an increase of \$11,153 million in 1980-81.

V. Cash Balance at End of Year

Financial requirements, including foreign exchange transactions, amounted to \$8,678 million. This was offset by an increase of \$9,367 million in unmatured debt transactions. The excess of the increase in unmatured debt over financial requirements resulted in an increase in the cash balance at March 31, 1982 to \$6,620 million, or \$689 million above the March 31, 1981 level of \$5,931 million.

SUMMARY STATEMENT OF TRANSACTIONS—EXTENDED NATIONAL ACCOUNTS PRESENTATION

The National Income and Expenditure Accounts were developed as a basis for economic analysis of income and expenditure flows in the economy. The concepts and definitions applied to the Government sector are consistent with those applied to other sectors and follow international practices developed under the aegis of the United Nations. The economic nature of a transaction is the determining factor in its classification within the National Accounts framework. The Extended National Accounts present, in addition to the traditional National Accounts revenue, expenditure and balance shown here under the heading "National Accounts transactions", the items which account for the difference between the

National Accounts budget balance and total financial requirements on a Public Accounts basis.

In 1981-82, National Accounts transactions resulted in a deficit of \$10,025 million. Loans and other transactions provided a net source of \$1,694 million. Foreign exchange transactions increased requirements \$347 million and unmatured debt transactions provided a source of \$9,367 million. As previously noted, foreign exchange and unmatured debt transactions are identical to those reported in the Public Accounts presentation.

I. National Accounts Transactions

A. Revenue

On a National Accounts basis, total revenue increased \$11,853 million or 22.2%, to a level of \$65,139 million. For most revenue sources, the growth patterns in the National Accounts are similar to those in the Public Accounts. The major differences in the growth rates for 1981-82 relate to the treatment of taxes on energy products.

In the Public Accounts, revenue from the petroleum compensation charge is netted against the cost of subsidizing oil imports and oil qualifying for the New Oil Reference Price. In the National Accounts, the petroleum compensation charge is included in revenue on a gross basis. This accounts for \$2,396 million, excluding the special petroleum compensation charge, of the increase in National Accounts revenue from 1980-81 to 1981-82. There is also a difference in the treatment of revenue from the Canadian Ownership charge on petroleum and natural gas. In the Public Accounts, revenue is netted against the transfers out of the account to acquire ownership interests in non-resident-owned Canadian oil and gas operations. In the National Accounts, revenue from this source is shown on a gross basis. The \$872 million increase in revenue from this source, together with the increase from the petroleum compensation charge, accounts for 27.6% of the total increase in National Accounts revenue. Another major difference in the accounts concerns the oil export charges. The \$445 million credited to a specified purpose account for the provincial share of oil export charges is not deducted from National Accounts revenue.

The increase in direct taxes on persons was \$5,926 million or 24.1%. Personal income tax revenue grew 21%, contributions to Government pension plans increased 21.3%, and employer-employee contributions for unemployment insurance rose 43.5%. The sharp increase in unemployment insurance contributions reflects the increase in employer-employee contribution rates from \$1.89/\$1.35 in 1980 to \$2.52/\$1.80 in 1981.

Corporate tax liabilities, excluding the petroleum and gas revenue tax for the private incorporated sector and the incremental oil revenue tax, fell 21.2%. This is in contrast to the .1% increase in corporate income tax collections in the Public Accounts. The divergence in growth patterns occurred because tax liabilities responded more quickly to the downturn in profits than did tax collections. Liabilities for the petroleum and gas revenue tax increased \$718 million and the liabilities for the incremental oil revenue tax were \$95 million for the first quarter of 1982. Revenue from the withholding tax increased 24.8%.

The growth rate for indirect taxes was 44% in 1981-82. With the exception of certain taxes on energy products, the growth profiles for the components are similar to those in the Public Accounts.

Investment income increased 13.4% in 1981-82, with the main source of increase being interest on public-held funds. Capital consumption allowances increased 15%.

B. Expenditure

Federal government expenditure on a National Accounts basis was \$75,164 million in 1981-82, an increase of \$12,303

million or 19.6% over 1980-81. This compares with growth rates of 15% in 1980-81 and 10.5% in 1979-80.

Interest on the public debt rose \$3,868 million or 36.8% in 1981-82 reflecting higher interest rates and an increase in outstanding debt. This increase in public debt interest compares to increases of 25.9% in 1980-81 and 21.6% in 1979-80. Interest on the public debt accounted for 31.4% of the total increase in expenditure in 1981-82.

Transfer payments to persons increased \$2,759 million or 16.1% and account for 22.4% of the total federal expenditure increase in 1981-82. This compares with rates of increase of 14.7% and 1.7% for 1980-81 and 1979-80 respectively. The largest increase in this category occurred in old age security benefits which grew \$1,157 million or 15.8% in 1981-82. In addition, unemployment insurance benefits grew \$943 million, or 21%, to \$5,436 million in 1981-82, reflecting the higher level of unemployment. Family and youth allowances increased \$168 million, or 9.1% in 1981-82. Following increases of 20.9% in 1979-80 and 18% in 1980-81, government pensions for 1981-82 increased 15.5% to \$1,315 million.

Total current goods and services grew 17.1% to \$16,898 million. This component accounts for 20.1% of the total increase in expenditure. The increases were 11.7% in 1980-81 and 4.8% in 1979-80. Non-defence goods and services expenditures increased \$1,687 million, or 18.2%, in 1981-82, while defence goods and services expenditures increased \$780 million, or 15.1%, to a level of \$5,960 million. Non-defence wages, salaries and supplementary labour income increased \$1,476 million, or 20.8%, to \$8,568 million while military pay and allowances increased \$299 million, or 17.7%, to \$1,990 million in 1981-82. Other current goods and services increased \$567 million, or 11.8%, to \$5,384 million in 1981-82 compared to a growth rate of 10.3% in 1980-81.

Transfer payments to other levels of government increased to \$14,521 million, or 12.8%, in 1981-82 compared with growth rates of 5.9% in 1980-81 and 12.3% in 1979-80. While federal contributions to the provinces for hospital insurance, medical care and post-secondary education rose 4.5% in 1981-82 to \$5,189 million, payments under the taxation agreements increased by \$774 million, or 20.8%, to \$4,493 million. Payments under the Canada Assistance Plan including contracting-out payments rose \$341 million, or 17.8%, to \$2,258 million in 1981-82.

Gross capital formation increased \$546 million, or 69.2%, to amount to \$1,335 million in 1981-82. A major reason for the large increase is the return to a normal change in inventories in 1981-82 following the \$272 million drawdown in 1980-81 associated with the transfer of uranium stockpiles to Eldorado Nuclear Limited. Both capital assistance to industry and current transfers to non-residents increased substantially in 1981-82 by 25.9% to \$826 million and 20.5% to \$939 million respectively. The growth in subsidies of \$689 million, or 12.1%, to \$6,386 million is less than the increases of 46.3% in 1980-81 and 70.7% in 1979-80. This is explained by the decrease in synthetic oil subsidies of 14.6% to \$769 million and a small increase of 3.9% in oil import compensation payments to \$3,308 million in 1981-82.

II. Loans and Other Transactions

A. Loans, Investments and Advances

Requirements for loans, investments and advances were \$1,178 million in 1981-82 or \$544 million above the level of \$634 million recorded in 1980-81.

Loans, investments and advances to lending institutions were \$578 million or \$411 million above the 1980-81 level of \$167 million. In addition, requirements for Eldorado Nuclear Limited were \$303 million above the 1980-81 level. These increases were partially offset by a \$311 million reduction in requirements for Petro-Canada.

B. Accrual Accounts

This category reflects mainly the difference between accrued taxes, interest receivable and accounts payable com-

pared to the actual amount of taxes received, interest and accounts paid.

These accrual accounts resulted in a net source of \$1,756 million in 1981-82 compared to a requirement of \$861 million in 1980-81.

C. Other Transactions

Other transactions provided a source of \$1,116 million in 1981-82 compared to a source of \$953 million in 1980-81. The \$163 million increase occurred despite a \$784 million swing to additional requirements for the provincial tax collection agreements account; this swing was more than offset by other deposit and trust accounts which, on an Extended National Accounts basis, provided an additional source of \$888 million, from \$48 million in 1980-81 to \$936 million in 1981-82.

PUBLIC ACCOUNTS AND EXTENDED NATIONAL ACCOUNTS RECONCILIATION

While the Public Accounts and the Extended National Accounts presentations result in the same total financial requirement figures, differences exist in the treatment of transactions in arriving at the budgetary surplus or deficit on a Public Accounts basis and the surplus or deficit on an Extended National Accounts basis. These differences are offset in the non-budgetary components of total financial requirements.

The reconciliation of transactions according to the two systems of accounts is set out in the tables that follow. The major factors which give rise to the need for a reconciliation are listed below.

The deficits of Government business enterprises which are outside the Government accounting entity are, for Public Accounts presentation purposes, met through budgetary appropriations and thus recorded as budgetary expenditure. In the National Accounts presentation, these deficits, including the deficit of the Canada Post Corporation, are netted against Government investment income.

Revenue in the Public Accounts is recorded on a cash basis. While the major portion of National Accounts revenue is accounted for on a cash basis, certain items, such as corporate income taxes and the oil export charges, are reported on an accrual basis.

Transactions of employee pension accounts and the Unemployment Insurance Account are treated as non-budgetary in the Public Accounts, although the Government's statutory contributions to these accounts and interest payments on the Government's liability to these accounts form part of budgetary expenditure. Employer and employee contributions to these accounts, plus any related interest income, form part of Government revenue in the Extended National Accounts presentation, and benefit payments form part of Government expenditure.

In the Public Accounts presentation, the purchase of capital assets such as buildings and machinery is recorded as a budgetary expenditure in the year of acquisition. Only newly produced capital assets and capital expenditures are included in National Accounts expenditure. Both Government revenue and expenditure include an allowance for the depreciation of capital assets in the latter framework while no such provision is made in the Public Accounts presentation.

The Extended National Accounts universe includes certain Government agencies which are not part of the Public Accounts universe. The actual financial transactions of those agencies form part of Extended National Accounts revenue and expenditure. Transfers and loans to these agencies are thus not accounted for in the Extended National Accounts presentation.

⁽³⁾ In the Public Accounts, the petroleum compensation charge is netted against petroleum compensation payments. Gross revenues and payments are recorded in the National Accounts. The revenues are recorded on an accrual basis in the National Accounts. Figures exclude the special petroleum compensation charge.

⁽⁴⁾ In the Public Accounts, only net Canadian Ownership Account revenues are recorded in budgetary revenue while in the National Accounts, the revenues are reported on a gross basis.

⁽⁵⁾ In the Public Accounts, the provincial share of receipts from the oil export charges is excluded from budgetary revenue as it is included in a deposit and trust account. In the National Accounts, these collections are included in revenue.

⁽⁶⁾ This category includes proceeds from the sale of existing capital assets, budgetary revenue items offset against budgetary expenditure, imputed items and an adjustment for the treatment of revenue in the supplementary report.

PREFACE TO THE AUDITED FINANCIAL STATEMENTS OF THE GOVERNMENT OF CANADA

The accounting policies adopted by the Government and summarized in Note 1 to the financial statements are the result of continuing developments over the years and form the basis for the preparation of the financial statements, designed primarily to provide an accounting of the financial resources appropriated by Parliament. The fundamental requirement to report compliance with legislative authority results in the presentation of financial information in a manner significantly different from that found in the private sector. The accrual basis of accounting used in the private sector best reflects the costs incurred to earn revenues; the policies followed by the Government, under which revenue is on the cash basis and expenditure (use of appropriations) is generally on the accrual basis, best accommodate reporting to Parliament.

The four financial statements in this section, together with the accompanying notes, are presented for audit in compliance with Section 55 of the Financial Administration Act. These statements form the basis of the Government's accounting for the management of the financial authorities granted by Parliament. Other sections in this volume, together with Volumes II and III of the Public Accounts, are designed to provide information supporting the financial statements.

The first financial statement is the Statement of Transactions, which summarizes all transactions of the Government, as defined in Note 1 (ii), and shows how the financial requirements were met, and the effect of all transactions on the cash balance. The financial transactions are classified into four main categories: budgetary, non-budgetary, foreign exchange and unmatured debt.

The first category, budgetary transactions, consists of all the transactions which enter into the calculation of the annual deficit or surplus of the Government, that is the receipts from tax and non-tax revenue together with the expenditures authorized by Parliament. Revenue is recognized only when received and does not include amounts due but not collected. Budgetary expenditure, however, is recorded generally on the accrual basis. Expenditure includes charges for work performed, goods received, services rendered, transfer payments made, amortization of the actuarial deficiencies of the three main superannuation accounts, a provision for estimated losses on realization of recorded assets and accruals for interest on unmatured debt. Fixed assets, which include land, buildings, works and equipment, are not capitalized but are charged to budgetary expenditure at the time of acquisition or construction. Budgetary expenditure does not include amounts payable or accrued at the year end, for items to be paid from statutory appropriations, employee termination benefits, unpaid annual vacation entitlements and the indexing of pensions.

The second category, non-budgetary transactions, consists of loans, investments and advances made by the Government, the Government's liability to outside parties from its role of administrator of certain public moneys received or collected for special purposes, and other liabilities recorded as a result of the budgetary accruals mentioned above. These transactions account for the change in the financial claims due to or financial obligations due by the Government, in accordance with the accounting policies referred to in Note 1 to the financial statements.

The third category, foreign exchange transactions, reflects transactions with the Exchange Fund Account, whose principal objective is to aid in the control and protection of the external value of the Canadian dollar, together with an accounting of the net position of the Government with respect to the International Monetary Fund. Foreign exchange transactions also include unmatured debt payable in foreign currencies.

The fourth category, unmatured debt transactions, represents the extent to which financial requirements have been met through the increase in unmatured debt, that is the net changes in the amounts owing for such debt instruments as marketable bonds, Canada savings bonds and Treasury bills. Unmatured debt transactions exclude unmatured debt payable in foreign currencies.

The second statement is the Statement of Revenue and Expenditure. This statement gives a more detailed accounting of the budgetary transactions summarized in the Statement of Transactions. The annual deficit or surplus represents the difference between the expenditures and the revenues of the year in accordance with the accounting policies previously summarized.

The third statement is the Statement of Assets and Liabilities. Since this statement is based on the Government's accounting policies, it does not parallel the conventional balance sheet presented in the private sector. More particularly, fixed assets having been accounted for as expenditures, are recorded at the nominal value of \$1, and revenues not yet received, such as uncollected taxes, are not recorded as assets. The effect of inflation on the economic value of the Government's reported assets and liabilities has not been reflected. It is generally recognized that inflation tends to reduce the value of financial assets and liabilities while at the same time increasing the recorded value of fixed assets. Thus it should be noted that the difference between the net recorded assets and liabilities is simply the aggregate of annual budgetary deficits and surpluses determined in accordance with the accounting policies of the Government; in no way does this difference reflect the Government's net worth.

The fourth statement is the Statement of Use of Appropriations, which summarizes, by department, the use, during the year, of parliamentary appropriations for budgetary expenditure and loans, investments and advances.

These four financial statements, when read in conjunction with the notes thereto, present fairly, in the opinion of the Government, the revenue, expenditure, assets and liabilities of the Government of Canada. Fair presentation is achieved through the consistent application of the significant accounting policies, which are summarized in Note 1 to the financial statements.

Notes to the Financial Statements of the Government of Canada

1. Significant Accounting Policies

The accounting policies of the Government of Canada are based on concepts embodied in the British North America Act, the Financial Administration Act and other legislation.

i. Basic concepts

The two basic concepts on which the Government's accounting system is based are found in the British North America Act: first, the concept of the Consolidated Revenue Fund, which emanates from the requirement that all duties and revenues received, other than those reserved to the provinces, "shall form One Consolidated Revenue Fund"; second, the concept that the balance of the Fund, after certain prior charges, "shall be appropriated by the Parliament of Canada".

Parliament provides authority to make payments out of the Consolidated Revenue Fund in annual appropriation acts and other statutes (referred to as statutory appropriations). Spending authority granted in appropriation acts is for stated purposes and maximum amounts. Unless provided for in vote wording, unused spending authority granted in appropriation acts lapses at the end of the year for which granted. Spending authority provided by statutory appropriations is for specified purposes and for such amounts and such time as the acts prescribe. Spending authority provided by statutory appropriations generally does not lapse at the end of the year in which granted.

ii. Government of Canada as an accounting entity

For purposes of maintaining the accounts of Canada and preparing the Public Accounts as required by the Financial Administration Act, the Government of Canada is defined as all the departments named in Schedule A of the Act; any division or branch of the Public Service, including a commission appointed under the Inquiries Act, designated by the Governor in Council as a department for purposes of the Financial Administration Act; the staffs of the Senate, the House of Commons, and the Library of Parliament; and, any corporation named in Schedule B of the Financial Administration Act.

In accordance with the above definition, the corporations named in Schedules C and D of the Financial Administration Act are excluded from the Government of Canada as an accounting entity; therefore, their financial statements are not consolidated with those of the Government. The financial statements of these Crown corporations are presented in Volume III of the Public Accounts.

In addition, certain accounts and funds have financial statements which are not combined with those of the Government, but appear separately in Volumes I and II. These accounts and funds include the Exchange Fund Account, the Canada Pension Plan Account, the Unemployment Insurance Account and other similar accounts.

iii. Classification of financial transactions

The financial transactions of the Government as recorded in the accounts of Canada and reflected in the Public Accounts are classified into budgetary, non-budgetary, foreign exchange and unmatured debt transactions.

In general terms, budgetary transactions enter into the calculation of the annual deficit or surplus and are disclosed on the Government's Statement of Revenue and Expenditure. All other transactions lead to the acquisition or disposal of financial claims or to the creation or discharge of financial obligations, and are disclosed on a net basis on the Statement of Assets and Liabilities.

For purposes of accounting and reporting, the Public Accounts uses the classification in force at the end of the year to which the report refers, and presents figures for the previous year adjusted where necessary to provide consistency, except for the Post Office as described in Note 6.

iv. Budgetary revenue

Budgetary revenue consists of all tax and non-tax receipts which affect the deficit or surplus of the Government and includes revenue internal to the Government.

The Government generally reports revenue in the year in which it is received, with refunds of revenue allocated to the year in which they are actually paid.

Revenue is reported after deducting refunds paid and excludes amounts receivable, taxes collected on behalf of provinces and territories, receipts from contributors to the Canada Pension Plan, the Unemployment Insurance and the superannuation accounts, and receipts credited to other liability accounts.

In the Statement of Revenue and Expenditure, revenue is reported both gross and net. The difference between the two is revenue credited to appropriations, and postal receipts used to defray postal expenditures.

v. Budgetary expenditure

Budgetary expenditure consists of all charges to budgetary appropriations which affect the deficit or surplus of the Government. Such charges include those for work performed, goods received, services rendered, and transfer payments made, during the year, and, expenditure internal to the Government.

Expenditure excludes pensions paid under the Canada Pension Plan, superannuation and other pension accounts, Unemployment Insurance payments other than benefits to fishermen and payments charged to other liability accounts.

In the Statement of Revenue and Expenditure, expenditure is reported both gross and net. The difference between the two is revenue credited to appropriations, and postal receipts used to defray postal expenditures.

vi. *Assets*

Assets are defined as the financial claims acquired by the Government of Canada on outside organizations and individuals as a result of events and transactions prior to the accounting date.

However, as a result of the Government's accounting policies described above, and in accordance with the provisions of the Financial Administration Act and other legislation, certain financial claims are not reported on the Statement of Assets and Liabilities. The most important of these are accounts receivable for tax and non-tax revenue.

vii. *Liabilities*

Liabilities are defined as financial obligations to outside organizations and individuals as a result of events and transactions prior to the accounting date.

However, as a result of the Government's accounting policies described above, and in accordance with the provisions of the Financial Administration Act and other legislation, certain financial obligations are not reported on the Statement of Assets and Liabilities. These include amounts for: items to be paid from statutory appropriations; unused annual vacation and benefits payable upon termination of employment; and, actuarial liabilities arising from the indexing to the cost of living of superannuate pensions and annuities.

viii. *Fixed assets*

The fixed assets of the Government, which include land, buildings, works and equipment, are charged to budgetary expenditure at the time of acquisition or construction. Their existence, however, is acknowledged on the Statement of Assets and Liabilities by reporting them at the nominal value of \$1.

ix. *Accumulated deficit*

The accumulated deficit consists of the annual deficits and surpluses since Confederation, together with the write-off of certain amounts charged directly to this account.

x. *Valuation of assets and liabilities***ASSETS**

Assets are recorded at cost and are subject to annual valuation to reflect reductions from the recorded value to the estimated realizable value.

LIABILITIES

Liabilities are recorded in the amounts ultimately payable except for liabilities for the superannuation accounts of the Canadian Forces, the Public Service and the Royal Canadian Mounted Police, and the Government Annuities Account, which are valued on the actuarial basis.

The Canada Pension Plan Account and the Supplementary Retirement Benefits Account are not maintained on the actuarial basis. The Canada Pension Plan Act limits payments from the Consolidated Revenue Fund to the balance in the Canada Pension Plan Account.

xi. *Translation of foreign currency transactions*

Foreign currency transactions are translated and recorded in Canadian currency equivalents at the exchange rates prevailing at the transaction dates.

Assets and liabilities resulting from foreign currency transactions are, in turn, reported at year-end closing rates of exchange; net gains are credited to revenue, while net losses are charged to expenditure.

2. Contingent Liabilities of the Government of Canada

A contingent liability is a potential liability which may become an actual liability when one or more future events occur or fail to occur. The contingent liabilities of the Government consist of explicit guarantees by the Government, and potential losses arising from pending and threatened litigation relating to claims and assessments in respect of breach of contract, damages to persons and property, and like items.

The contingent liabilities of the Government as at March 31, 1982 amounted to \$5,661 million and are summarized in the following table:

	(in millions of dollars)	
	1982	1981
i) Explicit guarantees by the Government:		
Obligations of entities that are not agents—		
Borrowings by Crown corporations	179	189
Borrowings by other than Crown corporations	1,426	1,335
Other explicit guarantees	1,920	919
ii) Pending and threatened litigation	2,136	1,728
	5,661	4,171

Details can be found in Section 12 of this volume.

3. Financial Information Regarding Agent Crown Corporations

All assets and liabilities of agent Crown corporations are assets and liabilities of the Government, due to the agency relationship. However, in accordance with the accounting policies of the Government, the accounts of agent Crown corporations are not consolidated with those of the Government, and only the financial transactions between the Government and agent Crown corporations, are recorded in the accounts of Canada.

Although borrowings by agent Crown corporations from lenders other than the Government are considered direct liabilities of the Government, such borrowings are not included in the accounts of Canada since they are intended to be, and in practice are, repaid directly by the corporations.

The following table summarizes financial information regarding agent Crown corporations as at March 31, 1982. For corporations with financial year-ends other than March 31, unaudited financial information is included in this table.

4. Insurance Programs

Certain agent Crown corporations operate insurance programs. In the event that such corporations did not have sufficient funds to meet their obligations, the Government would provide the required financing through appropriations, either budgetary or non-budgetary.

The following table summarizes information regarding such insurance programs. For corporations with financial year-ends other than March 31, unaudited financial information is included in this table.

5. International Development Assistance—Loans and Subscriptions

i. Loans to developing countries

Included in loans to National governments of \$3,198 million (\$2,942 million in 1981) are loans to developing countries in the amount of \$2,431 million (\$2,149 million in 1981). These loans are part of Canada's international development assistance program and are either interest-free or bear interest at rates that were more favourable than those prevailing in Canada at the time the assistance was provided. The balances outstanding at March 31, grouped by term, are:

Term	Grace period before repayment commences	Interest rate	(in millions of dollars)	
			1982	1981
20 years	5 years	5%	35	19
25 years	5 years	6%	1	2
30 years	7 years	3%	178	168
30 years	7 years	*	8	2
35 years	5 years	*	4	4
40 years	10 years	*	1	1
50 years	10 years	*	2,204	1,953
			2,431	2,149

* Interest-free.

During the year, loan interest and commitment/service charges of \$5 million (\$3.9 million in 1981) was received from developing countries. Details can be found in Sections 7 and 14 of this volume and in Section 8 of Volume II.

ii. Subscriptions and loans to international organizations

Included in Loans, investments and advances—International organizations of \$2,585 million (\$2,255 million in 1981) are subscriptions to the capital of the International Development Association and loans to other international financial institutions of \$2,175 million (\$1,877 million in 1981). These subscriptions and loans are also part of Canada's development assistance program. These institutions make loans to developing countries on terms similar to the loan assistance set out in sub-section i. Subscriptions to international organizations do not provide a return on investment. They are repayable on termination of the organization or on Canada's withdrawal therefrom. Details can be found in Sections 7 and 14 of this volume.

6. Post Office

The Post Office became a Crown corporation on October 16, 1981. Prior to this date, postal revenue, and operating and capital expenditure were reported primarily on a gross basis, that is, as budgetary revenue and budgetary expenditure. Since October 16, 1981, postal revenue is netted against postal expenditure with only the Government's net contribution to the Canada Post Corporation deficit reported as budgetary expenditure. Since the effects of this change have not been applied retroactively, revenue and expenditure reported in the Government's financial statements for the current year are not comparable with amounts reported for the previous year. The following is a summary of the treatment of postal operations in the financial statements:

	(in millions of dollars)	
	1982	1981
Postal revenue, as reported	484	1,109
Postal expenditure, as reported:		
Departmental expenditure	913	1,597
Canada Post Corporation	243	
	1,156	1,597
Excess of expenditure over revenue—Postal operations	672	488

Had the effects of the change in status of the Post Office been applied retroactively, that is if all postal revenue had been netted against postal expenditure, both budgetary revenue and expenditure would have been \$484 million lower (\$1,109 million lower in 1981), with no change in the reported deficit. The following table summarizes the effect that the retroactive treatment would have had on the financial statements:

	(in millions of dollars)	
	1982	1981
Total revenue, as reported	54,552	46,507
Less: postal revenue	484	1,109
Total revenue, as restated	54,068	45,398
Total expenditure, as reported	68,158	59,175
Less: postal revenue	484	1,109
Total expenditure, as restated	67,674	58,066
Deficit	13,606	12,668

7. Events Subsequent to the End of the Year

i. Massey-Ferguson Limited

In July 1982, the Department of Industry, Trade and Commerce disbursed \$126,349,358 to acquire 62.5% of the outstanding series "D" preferred shares of Massey-Ferguson Limited.

This purchase results from an agreement dated June 15, 1981, between the Government of Canada and Massey-Ferguson Limited, whereby the Government guaranteed to redeem, upon request, five million preferred shares in the event of a failure by the Company to pay a dividend. On June 30, 1982, the Company defaulted on its dividend payment. The audited financial statements of the Government of Canada as at March 31, 1982 have not been adjusted to reflect this transaction.

ii. Petroleum incentives program

On June 29, 1982, Royal Assent was given to an Act respecting, in part, the petroleum incentives program. Under the related provisions of this Act, individuals and corporations are entitled to receive incentive payments from the Government, in respect of eligible oil and gas exploration expenses incurred on or after January 1, 1981.

The Government permitted individuals and corporations to waive receipt of the incentive payments and apply the amounts waived against the petroleum and gas revenue tax owing. As at September 9, 1982, claims received in respect of the period January 1, 1981 to March 31, 1982, amounted to approximately \$500 million of which approximately \$150 million had been waived.

In the year in which petroleum incentive claims are settled, the full amount of approved claims will be recorded as expenditure, and the portion waived will be recorded as petroleum and gas revenue tax.

OPINION OF THE AUDITOR GENERAL ON THE FINANCIAL STATEMENTS OF THE GOVERNMENT OF CANADA

I have examined the following financial statements of the Government of Canada for the year ended March 31, 1982:

- Statement of Transactions;
- Statement of Revenue and Expenditure;
- Statement of Assets and Liabilities; and
- Statement of Use of Appropriations.

My examination was made in accordance with generally accepted auditing standards and included such inquiries, tests and other procedures as I considered necessary to enable me to report as required by Section 6 of the Auditor General Act.

Revenue for the year from oil export charges, a federal tax levied by Parliament, excludes receipts of \$445 million which are included in a "specified purpose" liability account. Failure to include this amount in revenue is, in my view, not in accordance with the Government's accounting policy requirement, stated in Note 1(iv) to the financial statements, that revenue shall consist of all tax and non-tax receipts which affect the deficit or surplus of the Government. This \$445 million amount has been reported as a liability in order to reflect the effect of a related undertaking by the federal government to pay to certain oil-producing provinces amounts equal to 50 per cent of oil export charges levied and collected by Canada during a specified period. Although I believe it appropriate to record and report a liability in respect of this undertaking, in my opinion, the liability relates to expenditure of "items to be paid from statutory appropriations" and would not be included in the financial statements in accordance with the accounting policy stated in Note 1(vii).

In my opinion, except for the failure to fully report revenue from oil export charges and the inclusion in liabilities of an amount payable under a statutory appropriation as described in the preceding paragraph, these financial statements present information in accordance with the stated accounting policies of the Government of Canada as set out in Note 1 to the financial statements on a basis consistent with that of the preceding year. However, because of the reservations set out in the following paragraph, in my opinion, these stated accounting policies are not appropriate for a fair presentation of the assets and liabilities and revenues and expenditures of the Government of Canada.

I have the following reservations concerning the appropriateness of the Government's stated accounting policies:

- Last year, I commented in my observations on the financial statements that, although they were entitled "The Financial Statements of the Government of Canada", certain activities of government were excluded, as described in Note 1(ii). As a result, the financial statements did not provide a comprehensive and complete summary of the Government's assets, liabilities, revenues and expenditures. This year, because of my growing concern about the pervasiveness of this matter, I include it in this opinion as a reservation. In my view, the accounting entity as defined in Note 1(ii) is inadequate in the following two respects.

- (i) Significant departmental activities are reported in separate financial statements or accounts that are not combined in the Government's financial statements. These

separate financial statements or accounts are presented in the other sections of Public Accounts Volume I indicated below.

- Exchange Fund Account (Section 10)
- Canada Pension Plan Account (Section 8)
- Unemployment Insurance Account (Section 8)
- Canadian Ownership Account (Section 8)
- other similar Accounts (Section 8)

The addition in 1981-82 of the Canadian Ownership Account (COA) to these excluded activities illustrates my concern. The reporting of transactions in the COA results in a net amount being reported as a liability. This amount represents the total of levies received in respect of oil and gas charges, reduced by loans to Petro-Canada. If the loans were reported as assets and the levies reported as revenue, as in my view they should be, at March 31, 1982 assets would be increased by \$711 million, liabilities reduced by \$75 million, and accumulated deficit and the deficit for the year then ended reduced by \$786 million.

The effect on the financial statements of the COA transactions is significant and readily quantifiable and, in my view, resolvable with little study required. However, in the case of accounting for activities reported in the Exchange Fund, Canada Pension Plan and Unemployment Insurance Accounts, while the effects are significant and quantifiable, further study is required to determine to what extent and how these activities should be included in the Government's financial statements to best satisfy the information needs of users.

- (ii) Investments in Crown-owned corporations and agencies at March 31, 1982 amounted to approximately \$25 billion, or 63 per cent of the Government's net recorded assets. The assets, liabilities, revenues and expenditures of these entities are not consolidated in the accompanying financial statements. Further study is required to determine to what extent the activities of such corporations and agencies should be consolidated, and for those not consolidated, what alternative presentation would be appropriate. Until this fundamental question is resolved, I am unable to determine the effect of this matter on the Government's financial statements.

—When the international development assistance loans and subscriptions identified in Note 5 to the financial statements are issued, they are recorded as assets at the full amounts advanced in accordance with Notes 1 (vi) and (x). At the date of issue, the amounts advanced by Canada considerably exceed the asset value received by Canada because of the concessionary terms described in Note 5. In my view, any excess of amounts advanced over asset value received confers a benefit and constitutes expenditure in respect of international development assistance, which should be recorded and reported as such on the Statement of Revenue and Expenditure. I have estimated that if international development assistance loans and subscriptions were reported in this manner, reported assets would decrease and accumulated deficit would increase by approximately \$3.9 billion as at March 31, 1982 (\$3.4 billion as at March 31, 1981).

—As stated in Note 1 (vii), financial obligations are not recorded in respect of amounts payable under statutory appropriations, earned and unpaid annual vacation leave, employee termination benefits and actuarial liabilities arising from the indexing provisions of employee pension plans. In my view, all these financial obligations should be appropriately recorded and reported in the financial statements to provide a more complete disclosure of liabilities. I have estimated that if these obligations were recorded, reported liabilities and accumulated deficit would be increased by at least \$14.5 billion as at March 31, 1982 (\$11.5 billion as at March 31, 1981).

Additional information and comments on these reservations are included in my observations on the financial statements in Section 3 of this volume.

Observations by the Auditor General on the Financial Statements of the Government of Canada

Introduction

I have examined the financial statements of the Government of Canada for the year ended March 31, 1982, which together with my opinion, are included in Section 2 of this volume. These financial statements are the Statement of Transactions, the Statement of Revenue and Expenditure, the Statement of Assets and Liabilities, and the Statement of Use of Appropriations.

My examination was made in accordance with generally accepted auditing standards and included such inquiries, tests and other procedures as I considered necessary to enable me to report as required by Section 6 of the Auditor General Act. This section provides that:

“The Auditor General shall examine the several financial statements required by section 55 of the Financial Administration Act to be included in the Public Accounts, and any other statement that the Minister of Finance may present for audit and shall express his opinion as to whether they present *fairly* information in accordance with stated accounting policies of the federal government and on a basis consistent with that of the preceding year together with any reservations he may have.” (italics added)

The word *fairly* is used to express the auditor's judgement as to the appropriateness of the selection and application of accounting principles to the particular circumstances of an enterprise. Because of the significant and pervasive effect on the financial statements of the matters reported in my reservations concerning the appropriateness of three of the Government's stated accounting policies, I have concluded that:

“... these stated accounting policies are not appropriate for a *fair* presentation of the assets and liabilities and revenues and expenditures of the Government of Canada.” (italics added)

My opinion includes four reservations. The first reservation, which is new this year, is particularly significant because it concerns a failure by the Government to comply with its own stated accounting policies. The second, third and fourth reservations concern the appropriateness of the Government's stated accounting policies. The second reservation (the Accounting Entity) is also new this year, although I referred to the issue last year in my observations on the financial statements. The third and fourth reservations (International Development Assistance Loans and Subscriptions, and Unrecorded Liabilities) are consistent with last year, except there is a more complete estimate of unrecorded liabilities arising from the indexing provisions of employee pension plans.

The observations that follow provide additional explanatory information on these four reservations and on related concerns.

Failure to Comply with a Stated Accounting Policy

In the second paragraph of my opinion on the financial statements, I call attention to a \$445 million reduction of oil export charge revenue, and related increase in deposit and trust account liabilities, resulting from recording and reporting as a liability a portion of oil export charges collected during the year.

I take exception to this accounting and reporting of oil export charge revenue because it results, in my view, in:

- an incomplete reporting of revenues received, which is contrary to the accounting policy requirement stated in Note 1 (iv) that revenue shall consist of all tax and non-tax receipts which affect the deficit or surplus of the Government;

- the inclusion in liabilities of an amount payable under a statutory appropriation, which is contrary to the accounting policy requirement stated in Note 1(vii) that "items to be paid from statutory appropriations" shall be excluded from reported liabilities; and
- a method of accounting whereby expenditures pursuant to a statutory appropriation granted by Parliament are effectively eliminated from reporting in the financial statements of the Government.

Oil export charges are a tax levied by Parliament. Since the inception of this tax in 1975, receipts during a year have been reported as tax revenues of that year in accordance with the policy set out in Note 1(iv) to the financial statements.

The Minister of Finance, in his October 1980 budget speech, announced the intention of the Government to pay to certain oil-producing provinces 50 per cent of charges collected in respect of oil exported from those provinces. Agreements were subsequently concluded with the provinces whereby payments would be made to them which would result in a "sharing" of oil export charges subsequent to October 31, 1980; 50 per cent to the federal government and 50 per cent to these provinces.

Under the Canadian Constitution, revenues of Canada may be appropriated only by the Parliament of Canada. The Government tabled a bill to amend the Petroleum Administration Act to provide appropriation authority for payment to certain provinces of their agreed share of export charges collected. Passage of the bill was delayed. As an interim measure, the Government included authority to make the payments in an act called "An Act to amend the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977 and to provide for payments to certain provinces" (SC 1980-81-82, Chapter 94). This Act received Royal Assent on April 7, 1982. Authority to pay certain producing provinces their agreed share of export charges on a continuing basis was included in an act called "An Act to amend the Petroleum Administration Act and to enact provisions related thereto" (SC 1980-81-82, Chapter 114) assented to on July 7, 1982.

The Government maintains that it is collecting 50 per cent of the oil export charges on behalf of certain producing provinces. It has therefore treated the provincial share of collections—\$445 million made during the period November 1, 1980 to January 31, 1982—as a "specified purpose" liability account. The legislation authorizing the collection of this tax does not direct that it be used for any "specified purpose" or accounted for in any special way. Similarly there is no wording in the appropriation authorities referred to in the preceding paragraph that direct the Government to pay 50 per cent of oil export charge collections, or any part of such collections, to the provinces. Therefore, it is my view that all the oil export charges collected should continue to be accounted for and reported as general purpose tax revenues.

I do agree that the Government has a liability under the agreements negotiated with certain producing provinces to pay them amounts equal to 50 per cent of oil export charges collected. However, the parliamentary appropriations authorizing payment are statutory appropriations, and government policy stated in Note 1(vii) is to exclude items to be paid from statutory appropriations from reported liabilities. In my view, this policy should be changed so as to require all liabilities to be paid from statutory appropriations to be recorded in the year the liabilities are incurred, consistent with the accounting for liabilities to be paid from annually-lapsing appropriations. This matter is discussed further in my fourth reservation concerning unrecorded liabilities.

My final concern with the accounting and reporting of this amount relates to future years. In the preface to the financial statements, the Government explains that the accounting policies it has adopted are designed primarily to provide an accounting of the financial resources appropriated by Parliament. The authorities under which payments may be made to provinces in respect of oil exports are appropriations granted by Parliament. However, if the accounting followed this year is also followed in subsequent years, payments to the provinces will be excluded from reported expenditure and from reported use of appropriations. As a consequence, Parliament will not receive the accounting for resources appropriated by it that the financial statements are designed to provide.

The Accounting Entity

Significant assets, liabilities, revenues and expenditures of the Government of Canada are reported in separate financial statements of various accounts, funds and Crown-owned corporations that are not now combined with the financial statements of the Government. As a result, although the financial statements contained in Section 2 of this volume are entitled "The Financial Statements of the Government of Canada", they do not provide a comprehensive and complete summary of the Government's assets, liabilities, revenues and expenditures.

With the increasing size and complexity of government, the practice of reporting government activities in separate financial statements or accounts that are not combined with the financial statements of the Government has become more significant and more proliferate. As a result, the Government's financial statements have become less comprehensive and complete and, accordingly, less informative.

As described in the third paragraph of Note 1(ii), financial statements or accounts for the following departmental activities are not combined with the financial statements of the Government:

- Exchange Fund Account;
- Canada Pension Plan Account;
- Unemployment Insurance Account;
- Canadian Ownership Account; and
- other similar Accounts.

Transactions should be recorded and reported in accordance with their economic substance to achieve meaningful summary level financial reporting for the Government of Canada. If, for example, a receipt is, in substance, federal tax revenue, it should be reported as such in the Government's financial statements, regardless of how it is reported elsewhere for other purposes.

The reporting of transactions in the new Canadian Ownership Account illustrates my concern. It seems clear to me that transactions now reported in the Canadian Ownership Account as a net liability constitute, in substance, revenues and assets which should be reported as such in the Government's financial statements. Further study is required to determine how best to include other transactions in respect of the above departmental activities in these statements.

Recognizing that such a study has not yet been completed, and for purposes of illustration only, I have summarized below certain levies that are not currently reported as revenues on the Government's Statement of Revenue and Expenditure.

	(in millions of dollars)	
	1982	1981
Canada Pension Plan contributions	3,282	2,689
Unemployment Insurance contributions	4,887	3,399
Canadian Ownership oil & gas charges	786	
Portion of oil export charges	445	
Unconsolidated levies	9,400	6,088

The significance of these amounts in relation to the size of the Government, as reflected by its revenues, and the size of the Canadian economy, as reflected by Gross National Product, is shown by the following table. It compares total tax revenues now reported in the Government's financial statements with total tax revenues that would be reported if the above levies were included.

	1982		1981	
	\$ millions	% of GNP	\$ millions	% of GNP
Total tax revenues now reported				
Net.....	47,955	14.6	40,650	14.0
Gross	51,935	15.8	42,209	14.6
Total tax revenues if above levies included.....	61,335	18.7	48,297	16.7

Note: Gross National Product used in these calculations is for the calendar year ending within the fiscal year.

Because the effect is readily quantifiable and easily understood, I have used a possible effect on total reported tax revenues to illustrate my concern about certain departmental activities not being combined with the financial statements of the Government. The issue is, however, much broader and also affects reported non-tax revenues, expenditures, assets and liabilities. The full effects cannot be quantified until there is general agreement on how the government accounting entity should be defined and on the reporting concepts to be followed. As discussed in the following paragraphs, this should include a consideration of the extent to which the activities of Crown-owned corporations and agencies should be consolidated in the financial statements of the Government and, for those not consolidated, what alternative presentation would be appropriate.

As described in the second paragraph of Note 1(ii), financial statements of many Crown-owned corporations and agencies are also not consolidated with the financial statements of the Government. At March 31, 1982, investments in such corporations and agencies, before allowance for valuation, amounted to approximately \$25 billion, or 63 per cent of the Government's net recorded assets.

As explained in Note 6 to the financial statements, the activities of the Post Office Department were transferred to the new Crown-owned Canada Post Corporation (CPC) on October 16, 1981. In accordance with the second paragraph of Note 1(ii), the financial statements of CPC are not consolidated with those of the Government because CPC is a Crown corporation named in Schedule C of the Financial Administration Act. As a consequence, beginning October 16, 1981, Canada's postal revenues and expenditures have been reported only in the financial statements of CPC. Only the net contribution from the Consolidated Revenue Fund to the deficit of CPC is reported as postal expenditure in the Government's financial statements for the period October 16, 1981 to March 31, 1982. Although nothing has changed in substance, significant revenues and expenditures have been excluded from the Government's statements simply by varying the legal form of the entity carrying out Canada's postal activities. Such changes in reporting make it difficult to compare meaningfully the information reported in these financial statements over a period of years.

In my view, the current definition of the Government of Canada accounting entity based on legal form is not satisfactory. The accounting entity should be defined in such a way that the economic substance of an activity determines how that activity should be reported in the financial statements. Only in this way will a comprehensive, consistent reporting of government activities from year to year be achieved. Further study is required to determine how this may best be accomplished.

International Development Assistance Loans and Subscriptions

In accordance with the stated accounting policies set out in Notes 1(vi) and (x) to the financial statements, the full amounts of special assistance loans to developing countries and subscriptions to the special development funds of international financial institutions are recorded as assets. At the date of issue, the amounts advanced by Canada considerably exceed the asset value received by Canada because of the concessionary terms described in Note 5. In my view, any excess of amounts advanced over asset value received confers a

financial benefit on developing countries and constitutes expenditure in respect of international development assistance that should be recorded and reported as such on the Statement of Revenue and Expenditure. If this expenditure had been recorded in this way when the loans and subscriptions were originally issued, reported assets would be decreased and accumulated deficit increased by approximately \$3.9 billion as at March 31, 1982 (\$3.4 billion as at March 31, 1981).

Canada provides assistance to developing countries by making grants and contributions and special assistance loans to them and by subscribing to special development funds of international financial institutions. The loans and subscriptions, like grants and contributions, confer financial benefits on developing countries and are an important part of Canada's official program of assistance to developing countries. The grants and contributions, because they are not repayable or otherwise recoverable, are made under budgetary authority, recorded as expenditure and included in the deficit. The loans and subscriptions, because they are repayable or considered to be eventually realizable, are made under non-budgetary authority and recorded as assets.

The amount of special assistance loans included in loans to national governments at March 31, 1982 is \$2,431 million. Of these loans, \$2,204 million are repayable over 50 years without interest, with no payments for the first 10 years. At March 31, 1982, subscriptions to special development funds of international financial institutions amounted to \$2,175 million. These special development funds make loans to developing countries under terms similar to the special assistance loans made by Canada. The terms of these subscriptions provide that, on withdrawal from or termination of the special development funds, Canada will receive a pro-rata share of the funds' assets. Because of the nature of such assets, it would take many years for Canada to realize its share on termination or withdrawal.

As described above, amounts advanced by the Government in the current and prior years in respect of special assistance loans and subscriptions to special development funds will be recovered or realized without interest over a significant number of years. Since interest is not provided, the Government is not compensated for the use of its funds over the period the loans and subscriptions are outstanding. As a result, when loans and subscriptions are issued, the value given is significantly greater than the value received. As stated in the Study of the Accounts of Canada: "Ideally, the Government's Statement of Assets and Liabilities should come as close as possible to reflecting the true economic value of the assets and liabilities recorded on it."

Sometimes a "true economic value" for financial claims is not available, and an alternative approach is required. For example, when a loan is made to a Crown corporation by the Government, it is recorded as an asset at the amount advanced. To compensate for the use of its funds, the Government charges interest on the loan. In the absence of a market-determined interest rate, the Government calculates an arbitrary rate by reference to its cost of borrowing. Accordingly, with the addition of interest to compensate for use of funds, the amount advanced is equal to the asset value received.

When special assistance loans and subscriptions to special development funds are issued, they should be similarly recorded as assets only to the extent of their economic value at that date. Such economic value can be calculated as the value today of amounts that will be recovered or realized in the future. Any excess of amounts advanced over asset value received should be recorded as expenditure. As with loans to Crown corporations, the selection of an appropriate interest rate for calculating asset value received is, to some extent, arbitrary. However, it would seem reasonable to determine a rate by reference to the Government's cost of borrowing in the same manner as rates are set for loans to Crown corporations.

If special assistance loans and subscriptions had been recorded and reported as assets at their economic value when issued, the amount outstanding would have been approximately \$700 million as at March 31, 1982. In my opinion, this is the amount at which these loans and subscriptions should be recorded in the accounts of Canada at the year end. The difference of \$3,900 million between the amount at which they are currently recorded (\$4,600 million) and the amount at which they should be recorded (\$700 million) constitutes expenditure in respect of international development assistance that should have been reported

as such on the Statement of Revenue and Expenditure and included in the accumulated deficit in the year the loans and subscriptions were issued. This would have properly recognized the cost of benefits conferred by these loans and subscriptions in the year they were issued.

Unrecorded Liabilities

The Government has defined liabilities as financial obligations to outside organizations and individuals as a result of events and transactions prior to the accounting date. However, under its stated accounting policies, certain financial obligations that fit this definition have not been recorded. These unrecorded liabilities include financial obligations at the year end related to items to be paid from statutory appropriations, employee termination benefits, and actuarial liabilities arising from the indexing provisions of employee pension plans (including the Canadian Forces and the Royal Canadian Mounted Police). My Office has estimated that these unrecorded liabilities amount to approximately \$14.5 billion at March 31, 1982 (\$11.5 billion at March 31, 1981). In addition to these estimated amounts, there is a further financial obligation for earned and unpaid annual vacation leave that also fits the Government's definition of liabilities but is not recorded.

Following is a summary of those unrecorded liabilities which have been estimated:

	(in millions of dollars)	
	1982	1981
Items to be paid from statutory appropriations		
Subsidies under the Railway Act.....	250	200
Entitlements under the petroleum incentives program	350	
Acquisition of Massey-Ferguson Limited shares	126	
	726	200
Employee termination benefits.....	1,300	1,200
Actuarial liabilities arising from the indexing provisions of employee pension plans.....	12,500	10,100
	14,526	11,500

The liability for subsidies under the Railway Act has been estimated by the Canadian Transport Commission. The liabilities for entitlements under the petroleum incentives program and for acquisition of Massey-Ferguson Limited shares have been taken from Note 7 to the Government's financial statements. The liability for employee termination benefits and the actuarial liabilities arising from the indexing provisions of employee pension plans (including the Canadian Forces and the Royal Canadian Mounted Police) were estimated by the Department of Insurance, based on methods and assumptions used by the Department for purposes of current actuarial reports on the Government's superannuation accounts.

The estimate of unrecorded liabilities related to employee pensions that I included in my reservation last year did not include the full unrecorded actuarial liabilities arising from the indexing provisions of employee pension plans. I reported only that portion which represents the present value of the indexed portion of pensions for persons that were then retired, without provision for future indexation. This amount was \$4,200 million. The corresponding amount for 1982 is \$5,500 million as reported on page 8.7 of Section 8 of this volume. I have this year reported the full unrecorded actuarial liabilities arising from the indexing provisions of employee pension plans because, in consultation with actuaries and with colleagues from the accounting profession, I concluded that this fuller measure of the liability is the one most appropriate to use for government financial reporting.

Unrecorded liabilities for earned and unpaid annual vacation leave have not been estimated by my Office because the information required was not readily available during our audit. However, based on annual salary and wage costs, they are also likely to be substantial. The Government should estimate these unrecorded liabilities at the end of each fiscal year by referring to personnel and other records maintained by departments and agencies.

Based on the Government's definition of liabilities as financial obligations to outside organizations and individuals as a result of events and transactions prior to the accounting date, the exclusion from reported liabilities of the significant financial obligations described above results in an incomplete reporting of liabilities as defined. This directly affects the reported accumulated deficit and financial position at the year end. In my opinion, financial obligations at the year end related to items to be paid from statutory appropriations, employee termination benefits, earned and unpaid annual vacation leave, and actuarial liabilities arising from the indexing provisions of employee pension plans should be appropriately recorded in the accounts of Canada and reported in the financial statements to provide a more complete accounting and disclosure of liabilities.

Reporting of Summary Financial Information

In my observations last year, I stated that the Office of the Comptroller General had begun a study of the purposes of summary financial reporting for the Government and of the feasibility of developing comprehensive financial statements. This important study is progressing. I also reported that the Canadian Institute of Chartered Accountants (CICA) had established a Public Sector Accounting and Auditing Committee to recommend accounting and auditing principles and practices for governments. These efforts are encouraging, but much remains to be done. The Standing Committee on Public Accounts, the Government and my Office all have an interest in the development of improved summary financial reporting for the Government of Canada and in the work of the CICA. I believe it is crucial that appropriate consultation take place among the interested and affected parties so that the common goal of providing financial information that best serves the needs of users will be achieved as soon as possible.

OUTLAYS BY ENVELOPE

The increasing complexity of Government responsibilities, as well as the limited resources available to meet those responsibilities, have led to the adoption of the new policy and expenditure management system. Under this system, the Government presents its resources by "envelopes". Each envelope represents the resources allocated to a particular policy sector for all elements of departmental spending that relate to that sector.

Under the envelope system, spending is measured in terms of outlays for budgetary expenditure and for loans, investments and advances. Outlays for budgetary expenditure

include costs of servicing the public debt, operating and capital expenditure, grants and contributions to other levels of government, persons or organizations and other forms of transfer payments. Outlays for loans, investments and advances represent the net change in the value of loans, investments and advances.

Details of Actual Outlays by Envelope

Table 4.1 presents actual outlays for budgetary expenditure and for loans, investments and advances by major element within each envelope.

BUDGETARY REVENUE

Budgetary revenue consists of all tax and non-tax receipts which affect the deficit or surplus of the Government and includes revenue internal to the Government.

The Government generally reports revenue in the year in which it is received, with refunds of revenue allocated to the year in which they are actually paid.

Revenue is reported after deducting refunds paid and excludes amounts receivable, taxes collected on behalf of provinces and territories, receipts from contributors to the Canada Pension Plan, the Unemployment Insurance and the superannuation accounts, and receipts credited to other liability accounts.

Revenue for a year therefore includes receipts credited to the Receiver General by the Bank of Canada and the chartered banks by March 31, and amounts received in Government offices by March 31, but not deposited until April or not credited to the Receiver General until April. Revenue also includes the amounts received in the mail on the first working day of April except where it is clear that it was the remitter's intention to discharge an obligation arising in the new year.

The yield from tax revenue is affected by changes in tax rates, by changes in the base on which taxes are calculated and by variations in economic conditions. Income tax liability relates to the income of a taxation year, but the system of collecting personal and corporation income taxes by payroll deductions and instalments results in a distribution of receipts throughout the year.

Tax revenue increased by \$7,305 million in 1981-82 compared to an increase of \$5,742 million in 1980-81.

The major tax changes which had an effect on this year's tax revenue are:

- the petroleum and gas revenue tax and the natural gas and gas liquids tax had their first full-year effect in 1981-82;
- the oil export charges were extended to marine and aviation fuel used in international travel. Beginning in February 1982, the charges on aviation fuel were converted to a corporate income tax provision;
- excise taxes and duties on alcohol and tobacco began to be adjusted in line with price increases;
- temporary corporate surtax. The 5% surtax for 1981 was extended for large businesses;
- multilateral trade negotiations. The third of eight scheduled annual tariff reductions was implemented in January 1982; and,
- the provincial share of the oil export charges, accrued from November 1980 through January 1982, was charged to revenue.

Under fiscal arrangements that became operative in 1962, the federal Government entered into tax collection agreements to collect the personal income taxes of all provinces and territories (except Quebec) and the corporation income taxes of all provinces and territories (except Ontario, Quebec and Alberta).

Personal and corporation income taxes collected by the federal Government on behalf of the provinces and territories, and subsequently remitted to them, are not included in the tables shown hereunder.

Personal Income Tax

In 1981-82, personal income tax was the largest source of Government revenue. It amounted to \$24,046 million or 44% of total budgetary revenue.

Corporation Income Tax

Corporation income tax was the second largest source of Government revenue. It amounted to \$8,118 million or 15% of total budgetary revenue.

Non-Resident Income Tax

Non-resident income tax is derived from tax withheld from dividends, interest, rents, royalties, alimony and income from estates and trusts paid to non-residents. It amounted to \$1,018 million or 2% of total budgetary revenue.

Petroleum and Gas Revenue Tax

This tax came into effect on January 1, 1981 and is applicable to net operating revenues related to the production of oil and gas.

Excise Taxes and Duties

Excise taxes and duties totalled \$13,789 million, 25% of total budgetary revenue.

Excise duties

Excise duties, which totalled \$1,175 million, are levied on alcoholic beverages (other than wines) and tobacco products. (Additional taxes on tobacco products and taxes on wines are levied under the Excise Tax Act).

Natural gas and gas liquids tax

The revenues from the natural gas and gas liquids tax totalled \$998 million in 1981-82. This tax, which came into effect during 1980-81, is imposed on all sales of natural gas and gas liquids.

Oil export charges

The federal share of revenues from oil export charges totalled \$519 million in 1981-82. In accordance with Section 10 of the Act to amend the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977 and to provide for payments to certain provinces, oil export charges are shared with the oil producing provinces. The share is in respect of oil produced in and exported from the provinces during the period November 1, 1980 to January 31, 1982. The share payable for that period, amounting to \$445 million, was charged to this revenue account.

Special petroleum compensation charge

The revenues from the special petroleum compensation charge amounted to \$473 million in 1981-82. This charge is imposed on domestic petroleum received for processing or consumption in Canada and on foreign petroleum or petroleum product imported into Canada for processing, consumption, sale or other use in Canada.

Special excise tax—Gasoline

Receipts from the special excise tax—Gasoline were \$436 million. Under certain conditions, the amounts received may be refunded to purchasers. As of March 31, 1982, \$542 million was received and \$106 million refunded and charged to revenue.

Non-Tax Revenue

Return on Investments

Return on investments consists of interest from loans and advances, and from the transfer of profits, surpluses and dividends.

Return on investments related to the assets on the Statement of Assets and Liabilities, is summarized in Table 5.4. Additional details are given in Section 14 of this volume and in the departmental sections of Volume II.

Sales tax

The sales tax, totalling \$6,185 million, was the most important tax levied under the Excise Tax Act.

Postal Revenue

Postal revenue was reported by the Post Office Department only to October 16, 1981, the date on which the Canada Post Corporation came into existence. Since that date, postal revenue has been treated as revenue of the Canada Post Corporation (see Note 6 to the audited financial statements in Section 2 of this volume).

Gross postal revenue from postal operations, from April 1 to October 15, 1981, was \$631 million. For that period, authorized disbursements from revenue of \$97 million and receipts credited to expenditure of \$50 million, reduced net postal revenue to \$484 million.

Other Non-Tax Revenue

Other non-tax revenue totalled \$485 million in 1981-82 compared to \$153 million in 1980-81. The net increase of \$332 million resulted mainly from an amount of \$300 million taken into revenue and resulting from the transfer of uranium stockpiles by the Government of Canada to Eldorado Nuclear Limited in exchange for shares of that Corporation.

RECEIPTS AND REVENUES CREDITED TO APPROPRIATIONS

Receipts and revenues arising from the activities of particular programs, which are credited to the appropriations for those programs, and which are not included in budgetary revenue, totalled \$7,032 million in 1981-82 compared to \$4,148 million in 1980-81. The net increase of \$2,884 million resulted mainly from petroleum compensation charges credited to expenditure to cover the costs of oil import compensation.

Receipts and revenues credited to appropriations are summarized by department and selected classification and by source in Tables 5.6 and 5.7.

BUDGETARY APPROPRIATIONS

Although a large part of budgetary expenditure is authorized in annual appropriation acts, the larger part is made under authority of other acts which authorize expenditures for specified purposes and for such amounts and during such time as the acts may prescribe. The spending authority granted in the annual appropriation acts differs from that granted in "statutory" authorities in that it is usually for a specific amount and of definite duration and, unless there is provision to the contrary in the wording of a vote, any unused balance lapses at the end of the year for which it is granted.

Table 6.1 presents a summary of budgetary expenditure made under annual appropriations and various statutory authorities for the year ended March 31, 1982. Table 6.2 provides details by department for the year. A statement of use of appropriations by department, as examined by the Auditor General, is presented in Section 2 of this volume. In addition, detailed information on budgetary appropriations and expenditure is given in the departmental sections of Volume II.

⁽¹⁾ Represents total departmental expenditure but does not include the provision for valuation which is not allocated to individual departments.

⁽²⁾ Available for expenditure in 1982-83.

Annual spending authority of \$21 million was brought forward from 1980-81 in accordance with provisions of the original appropriations. Spending authority provided by appropriation acts totalled \$31,752 million in 1981-82. Budgetary expenditure during the year, as approved in appropriation acts, totalled \$28,356 million, consequently, \$3,417 million was unspent at the close of the year. Of this amount, \$3,507 million lapsed, \$112 million was overspent and \$22 million is available for expenditure in 1982-83 in accordance with provisions of the original appropriations.

Spending authority provided by statutory appropriations amounted to \$42,876 million in 1981-82. Amounts totalling

\$1,133 million were brought forward from 1980-81 and relate to revolving funds operating under non-lapsing budgetary statutory authorities. Budgetary expenditure under statutory appropriations totalled \$39,602 million in 1981-82. Consequently, \$4,407 million was unspent at the close of the year. Of this amount \$161 million lapsed and \$1 million was overspent as a result of definite duration provisions included in certain statutes, and \$4,247 million is available for expenditure in future years, relating to revolving funds which operate under non-lapsing budgetary statutory authorities.

The Estimates and appropriations for 1981-82, covering budgetary expenditure (other than statutory), were as follows:

BUDGETARY EXPENDITURE

Budgetary expenditure consists of all charges to budgetary appropriations which affect the deficit or surplus of the Government. Such charges include those for work performed, goods received, services rendered, and transfer payments made, during the year, and, expenditure internal to the Government.

Expenditure excludes pensions paid under the Canada Pension Plan, superannuation and other pension accounts, Unemployment Insurance payments other than benefits to fishermen and payments charged to other liability accounts.

In this section, expenditure is analysed in several different ways:

- (1) by function, i.e. broad policies;
- (2) by program, i.e. purpose;
- (3) by type, i.e. operating, capital, and grants and contributions; and,
- (4) by standard object, i.e. productive resources acquired or transfer payments made.

These analyses do not take into account the provision for valuation reflected in Sections 1 and 2 of this volume.

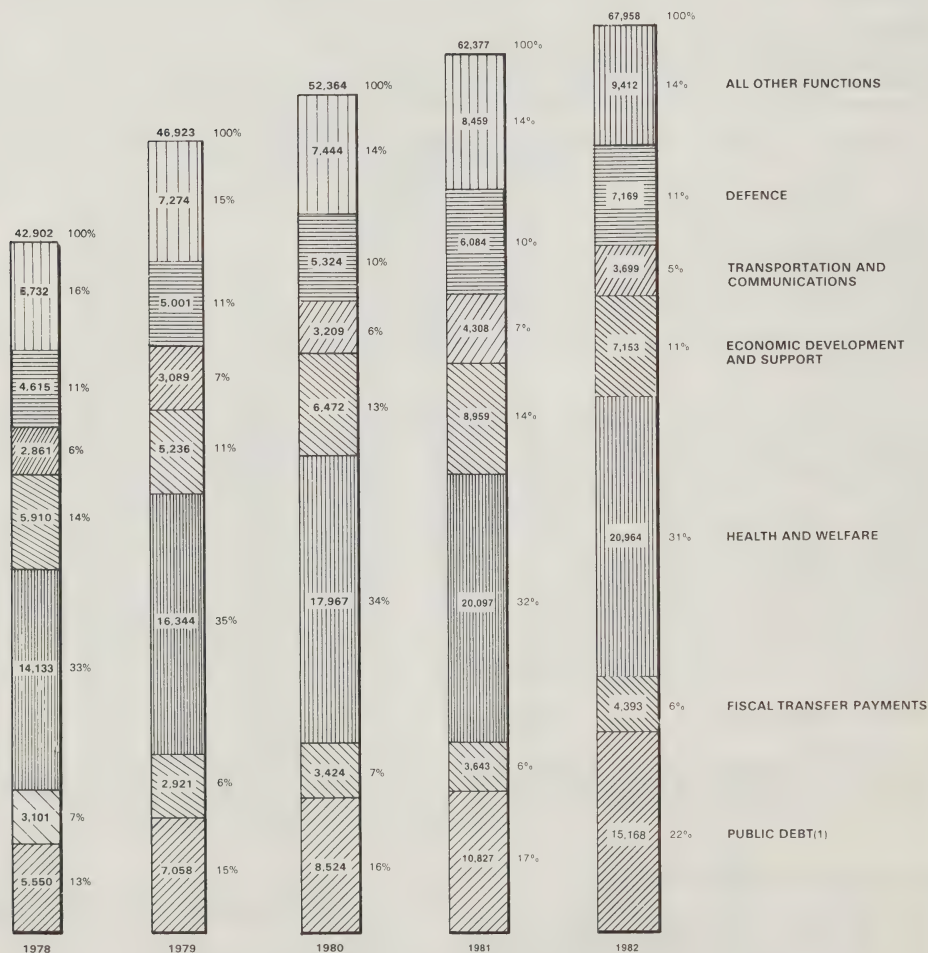

Expenditure by Function

The functional presentation of expenditure reflects the broad policies pursued by the Government. These functions, which are reflected in Table 6.3, are primarily services provided to the people of Canada or to other governmental jurisdictions within Canada.

The largest category of expenditure under the functional classification is health and welfare, which accounted for \$20,964 million, or 31% of total expenditure.

Expenditure by Type

Expenditure may be classified under three major types: operating, capital, and grants and contributions. Operating expenditures consist of expenditures incurred in conducting the administrative and operating activities of the program; capital expenditures are for the construction and acquisition of fixed

assets; grants and contributions represent payments other than for goods and services made for the purpose of furthering program objectives.

A comparative summary of expenditure by type is presented in Table 6.5.

Expenditure by Standard Object

The standard object presentation of expenditure is related to the goods and services acquired and transfer payments made by the Government.

A comparative summary of expenditure by standard object is presented in Table 6.6. Additional details are given in Volume II.

Grants, contributions and other transfer payments were the largest category and accounted for \$36,498 million or 54% of total budgetary expenditure. Payments included fiscal transfer payments to provinces, \$4,446 million; payments under the Public Utilities Income Tax Act, \$89 million; payments for hospital insurance, medical care and extended health care,

\$4,264 million; family allowance payments, \$2,020 million; guaranteed income payments, \$2,242 million; spouse's allowance payments, \$203 million; old age security payments, \$6,140 million; Canada Assistance Plan payments, \$2,298 million; and, post-secondary education payments, \$1,628 million.

Salaries and wages accounted for \$8,915 million or 13% of total expenditure. The increase of \$643 million was due mainly to higher salary rates.

Public debt charges totalled \$15,168 million or 22% of the total expenditure. The increase of \$4,481 million was due to an increase in unmatured debt and to higher interest rates.

SUPPLEMENTARY STATEMENTS

Interest on the Public Debt

Interest on the public debt consists of interest on unmatured debt and specified purpose accounts.

The increase of \$3,869 million in interest on unmatured debt reflects an increase in unmatured debt which rose from \$83,149 million at March 31, 1981 to \$92,353 million at March 31, 1982 and an increase in interest rates. The increase in interest on specified purpose accounts was due mainly to

increases of \$426 million in respect of the superannuation accounts.

A comparative summary of interest on the public debt is presented in Table 6.7.

Details of interest on the public debt can be found in Section 14 of this volume.

Expenditure under Statutory Authority

The spending authority provided by statutory appropriations is for specified purposes and for such amounts and such time as the acts prescribe. This spending authority does not generally lapse at the end of the year in which it was granted. Expenditure under such authority accounts for more than half of the total budgetary expenditure each year.

In 1981-82, expenditure under statutory authority amounted to \$39,602 million, accounting for 58% of the total budgetary expenditure of \$67,958 million.

Table 6.8 presents a comparative summary of these statutory expenditures.

LOANS, INVESTMENTS AND ADVANCES

Loans, investments and advances is a category of assets representing financial claims and equity held by the Government of Canada. They are made under parliamentary appropriations. Some of these appropriations permit repayments to be used for further loans and advances. Many appropriations are non-lapsing, that is, the unexpended balances may be carried forward from year to year. Details of the use of these non-budgetary appropriations, for loans, investments and advances, can be found in the departmental sections of Volume II.

Loans, investments and advances are recorded at cost and are subject to valuation to reflect estimated losses on realization. Foreign currency transactions are translated and recorded in Canadian currency equivalents at the exchange rates prevailing at the transaction dates. Loans, investments and advances resulting from foreign currency transactions are, in turn, reported at year-end closing rates of exchange; net gains are credited to revenue as premium and discount on exchange, while net losses are charged to budgetary expenditure as a statutory item in the Department of Finance.

An allowance has been established to reflect estimated losses on realization of financial claims held by the Government. This allowance has been authorized by the Minister of Finance under Section 54(2)(b) of the Financial Administration Act.

Revenue received during the year, on loans, investments and advances, is credited, when received, to return on investments. Details of return on investments, for loans, investments and advances, are disclosed in Section 14 of this volume. In

accordance with stated accounting policies, accrued interest and interest due but not received are not recorded as revenue. Table 7.13 gives details of recorded uncollected interest.

Gross transactions and year-end balances of loans, investments and advances are presented as follows:

- Crown corporations and agencies;
- provincial and territorial governments;
- national governments including developing countries;
- international organizations;
- Veterans' Land Act Fund advances;
- Government controlled corporations;
- private sector enterprises; and,
- miscellaneous.

Transactions and balances are further summarized in Sections 1 and 2 of this volume.

Some tables in this section present the continuity for each account by showing the opening and closing balances, as well as receipts and other credits and payments and other charges, i.e. inflow and outflow of transactions. In addition, the term "accounts without current transactions" has been included in some tables in order to provide a link with figures published in the previous year's edition of the Public Accounts to show net transactions in accounts which were closed out in the previous year.

CROWN CORPORATIONS AND AGENCIES

Loans to, and investments in, Crown corporations represent the balance of financial claims held by the Government against Crown corporations for working capital, capital expenditure and other purposes, investment in the capital stock of corporations and advances to corporations for re-lending.

A Crown corporation is ultimately accountable to Parliament, through a Minister of the Crown, for the conduct of its affairs. Crown corporations are listed in Schedules B, C and D of the Financial Administration Act. Most of the Crown corporations listed in the Schedules to the Financial Administration Act are agents of Her Majesty, in the right of Canada. This power is granted in any one of the following ways:

(i) designation as an agent of Her Majesty by Parliament through the special act of incorporation;

(ii) statutory authorization as an agent of Her Majesty; and,
(iii) proclamation as an agent of Her Majesty by the Government Companies Operation Act.

Financial statements of Crown corporations and agencies listed in Schedules C and D of the Financial Administration Act can be found in Volume III. Information on Schedule B corporations can be found in the departmental sections of Volume II.

Lending Institutions

Table 7.2 presents a summary of the balances and transactions for the various types of loans, investments and advances which were made to Crown corporations and agencies providing financial assistance.

Canada Deposit Insurance Corporation

The Corporation was established under the Canada Deposit Insurance Corporation Act to provide insurance (of up to \$20,000 per depositor per institution) on deposits with federal institutions and approved provincial institutions.

The Corporation is an agent of Her Majesty, reports through the Minister of Finance, and is listed as a proprietary corporation in Schedule D of the Financial Administration Act.

Section 37 of the Act provides that the Minister of Finance with the approval of the Governor in Council may advance to the Corporation amounts by way of loan on such terms and conditions as the Governor in Council may determine. The aggregate of such loans outstanding at any time shall not exceed \$500,000,000.

During the year, a loan was made, to provide contingency financing, and remained on deposit in the Consolidated Revenue Fund (see Table 8.12 in Section 8 of this volume). The loan has been repaid in 1982-83.

Canada Mortgage and Housing Corporation

The Corporation was established under the Canada Mortgage and Housing Corporation Act to promote the construction of new houses, the repair and modernization of existing houses, the improvement of housing and living conditions in Canada and to promote the development of communities through the provision of infrastructure facilities.

The Corporation is an agent of Her Majesty, reports through the Minister of Public Works, and is listed as a proprietary corporation in Schedule D of the Financial Administration Act.

During the year, the Corporation received financial assistance authorized by budgetary appropriations amounting to \$969 million. It paid interest of \$850 million and transferred \$22 million of profit to the Government.

Capital stock

The Government's investment in the capital of the Corporation is authorized by Section 17 of the Canada Mortgage and Housing Corporation Act.

Housing

Advances have been made to enable the Corporation to lend money under the following sections of the National Housing Act: Section 15, to a limited-dividend company for construction of a low-rental housing project; Section 16, to an incorporated company engaged in the mining, lumbering, logging or fishing industries for construction of low or moderate-cost housing projects in areas or localities that are adjacent to or connected with the operations of the borrower; Section 58, to a person unable to obtain a loan from an approved lender for construction of a house or housing project; and, Section 59, to an Indian for the construction of housing projects on Indian reserves.

The advances bear interest at rates varying from 5.813% to 13.014% per annum, are repayable over periods ranging from 18 to 50 years and mature at various dates between September 30, 1997 and December 31, 2031.

⁽¹⁾ Canada Post Corporation: The Post Office Department was converted to the Canada Post Corporation by an act of Parliament on October 16, 1981. There are certain valuations to be determined for major assets turned over to the Corporation. In addition, the transfer of titles to the land and buildings turned over to the Corporation by the Government has not been completed; therefore, no figures are being reported in this table.

Canada Lands Company (Mirabel) Limited, Canada Lands Company (Le Vieux-Port de Montréal) Limited and Canada Lands Company (Vieux-Port de Québec) Inc became Schedule "C" Crown corporations on March 26, 1982. Their financial statements as well as those of the parent company, Canada Lands Company Limited, were not available at date of printing and are not included in this table.

Table 7.4 presents the assets, liabilities (including identification of borrowings from other than the Government), equity and contingent liabilities of Crown corporations which are agents of the Government and which are outside the Government of Canada as an accounting entity. In accordance with Section 40 of the Financial Administration Act, details of borrowings by these entities from other than Government are detailed in Note 2 to this table.

For corporations with financial year-ends other than March 31, 1982, unaudited financial information is included in this table. The table is summarized in Note 3 to the audited financial statements in Section 2 of this volume.

(2) The borrowing transactions from other than Government of Canada during the year are summarized below (in thousands of dollars):

Government of Canada Financial Interest in Agent and other Crown Corporations

Table 7.5 summarizes the major balance sheet items for both agent and other Crown corporations as at March 31, 1982.

The assets and liabilities of agent Crown corporations are the assets and liabilities of the Government, due to the agency relationship. However, in accordance with the accounting policies of the Government, the accounts of agent Crown corporations are not consolidated with those of the Government, and only certain financial transactions between the Government and its Crown corporations, are recorded in the accounts of Canada.

The table displays "Assets" less "Borrowings and other liabilities" to arrive at "Net assets".

Balances which represent transactions with the Government, and which are recorded in the accounts of Canada include: long term obligations to the Government, share capital and contributed surplus as well as claims against the Government of Canada. Such balances are described in this table as "Financial interest recorded by the Government".

"Unrecorded financial interest" represents retained earnings of agent and other Crown corporations adjusted for items which had previously been included in their asset and liability accounts. These adjustments arise from timing differences in the recording of transactions between the Crown corporations

and the Government. Crown corporations record amounts payable to or receivable from Government on an accrual basis for such items as income taxes. The accounts of Canada do not include such amounts until payment is either received or made. Amounts which represent transactions with the Government and which are not recorded in the accounts of Canada are adjusted and are reported under "Unrecorded financial interest". They include: grants receivable, current or deferred income taxes receivable or payable, capitalized or accrued interest payable, sundry accounts payable, long term capitalized leases payable and prepaid expenses related to Canada. "Unrecorded financial interest" adjustments represent amounts which will be eventually received or disbursed by Canada.

Other information presented in this table includes "Change in financial interest from previous year" which identifies the increase or decrease since April 1, 1981. "Financial assistance under budgetary appropriations" summarizes the assistance received by these entities during 1981-82. Details of such assistance can be found in Section 14 of this volume.

Amounts listed in this table reflect information regarding Crown corporations as at March 31, 1982. For corporations with financial year-ends other than March 31, unaudited financial information is included.

⁽¹⁾ The Post Office Department was converted to the Canada Post Corporation by an act of Parliament on October 16, 1981. There are certain valuations to be determined for major assets turned over to the Corporation. In addition, the transfer of titles to the land and buildings turned over to the Corporation by the Government has not been completed; therefore, no figures are being reported in this table.

Canada Lands Company (Mirabel) Limited, Canada Lands Company (Le Vieux-Port de Montréal) Limited and Canada Lands Company (Vieux-Port de Québec) Inc became Schedule "C" Crown corporations on March 26, 1982. Their financial statements as well as those of the parent company, Canada Lands Company Limited, were not available at date of printing and are not included in this table.

⁽²⁾ Canada Deposit Insurance Corporation—Unrecorded financial interest consists of premiums credited to the Deposit Insurance Fund plus adjusted accumulated net earnings. The deposits with member institutions insured by the Corporation totalled \$109 billion as at April 30, 1981.

⁽³⁾ Canada Mortgage and Housing Corporation—Unrecorded financial interest includes \$216,102,000 for balances in insurance and guarantee funds. The estimated amount of insurance in force as at March 31, 1982 was \$27.2 billion.

⁽⁴⁾ Canadian National (West Indies) Steamships Limited—The assets of the Corporation include a receivable of \$470,400 due since 1963 from Cuban interests.

⁽⁵⁾ Eldorado Nuclear Limited—Recorded share capital includes a premium of \$1,660,797 representing the capital deficit (after adjustments) shown in the balance sheet of Eldorado Mining and Refining Limited as at December 31, 1944 but not reflected in subsequent balance sheets of Eldorado Mining and Refining (1944) Limited. Consequently, unrecorded financial interest has been reduced by \$1,660,797.

⁽⁶⁾ Export Development Corporation—Obligations recorded by the Government include loans administered by the Export Development Corporation but receivable through the Corporation from foreign governments and foreign companies.

⁽⁷⁾ The St. Lawrence Seaway Authority—Total financial interest takes into account the capital stock of, and investment in, Great Lakes Pilotage Authority, Ltd. The Jacques Cartier and Champlain Bridges Incorporated and The Seaway International Bridge, Ltd. at a cost of \$1,500, \$100 and \$8,000 respectively. Great Lakes Pilotage Authority, Ltd. The Jacques Cartier and Champlain Bridges Incorporated and The Seaway International Bridge, Ltd. are wholly-owned subsidiaries.

⁽⁸⁾ Bank of Canada—Recorded share capital includes \$920,000 representing a premium paid in respect of the acquisition in 1938 of shares held by the public. Consequently, unrecorded financial interest has been reduced by \$920,000.

⁽⁹⁾ Canadian National Railway System—Recorded share capital includes a premium of \$19,452,732 representing the excess of previous year's depreciation not charged to CNR's retained earnings over the Government's investments in Canadian Government Railways and Canadian National Railways Company. These investments were charged to budgetary expenditure by the Government of Canada and credited to shareholder's equity by CNR. Consequently, after the capital revision of Canadian National Railways, the recorded capital stock of the Corporation is \$19,452,732 less than the recorded investment of the Government. Accordingly, unrecorded financial interest is being reduced by this deficiency.

⁽¹⁰⁾ Less than \$500.

PROVINCIAL AND TERRITORIAL GOVERNMENTS

This group records loans to provinces made under relief acts and other legislation.

Table 7.6 presents a summary of the balances and transactions for the various types of loans and advances that have been made to provincial and territorial governments.

Federal-provincial employment loans program

Loans have been made to provinces, provincial agencies and municipalities for the purpose of assisting in the creation of employment. The loan authority provides for the forgiveness of that portion of the principal amount equal to 75% of normal direct on-site payroll costs incurred and paid before June 30, 1972.

The loans bear interest at rates varying from 6.34% to 7.41% per annum and mature at various dates between December 4, 1982 and November 30, 1994. Individual loans have repayment periods ranging from 10 to 20 years and are repayable as follows:

- (a) in annual instalments; or,
- (b) at maturity.

Municipal Development and Loan Board

Under the Municipal Development and Loan Act, loans have been made to provinces and municipalities to augment or accelerate municipal capital works programs.

The loans bear interest at rates varying from 5.25% to 5.625% per annum, are repayable over periods ranging from 15 to 50 years in annual or semi-annual instalments and mature at various dates between April 1, 1982 and March 31, 2016.

Special development loans program

Loans have been made to provinces, provincial agencies and municipalities for the purpose of assisting in the creation of employment.

The loans bear interest at rates varying from 5.57% to 7.54% per annum and mature at various dates between April 1, 1982 and March 30, 1993. Individual loans have repayment periods ranging from 10 to 20 years and are repayable as follows:

- (a) in annual or semi-annual instalments; or,
- (b) at maturity.

Winter capital projects fund

Loans have been made to provinces, provincial agencies and municipalities for the purpose of assisting in the creation of employment. There is provision for the forgiveness of that portion of the principal amount equal to 50% of normal direct on-site payroll costs for the duration of the loan program plus 50% for the periods December-May 1973, 1974 and 1975. Vote L13a, Appropriation Act No 1, 1974, authorized in fiscal years subsequent to March 31, 1976, the consolidation of any loan made pursuant to that authority which may include the amount of interest accrued thereon to the date of consolidation.

There was no loan forgiveness during 1981-82.

The loans bear interest at rates varying from 7.11% to 9.84% per annum and mature at various dates between September 30, 1984 and February 25, 1999. Individual loans have repayment periods ranging from 5 to 20 years and are repayable as follows:

- (a) in annual instalments; or,
- (b) at maturity.

Atlantic Development Board carry-over projects

Loans have been made to finance certain water projects that were carried over from the Atlantic Development Board. Loans were made pursuant to terms and conditions of agreements entered into between Canada and the provinces in the Atlantic region, with the approval of the Governor in Council. The department's policy on water projects and such agreements included a forgiveness provision which is found in some agreements to reflect recognition of a shortfall in the use of available capacity in the early years of such projects.

During the year, repayments included forgiveness of principal to Nova Scotia, \$4,079.

The terms and conditions of loans, with their year-end balances, are categorized into two main groups:

- (a) 28 year loans, bearing interest at the rate of 7.5% per annum, due on various anniversary amortization dates, and maturing July 31, 1999, \$51,323; and,
- (b) 30 year loans, bearing interest at rates varying from 7.161% to 8.5% per annum, due on various anniversary amortization dates, and maturing at various dates between November 21, 1998 and April 1, 2006, \$6,511,915.

Atlantic Provinces Power Development Act

Loans have been made to the Atlantic provinces to assist in the generation of electrical energy by steam driven generators in the provinces, and the control and transmission of electric energy.

The loans bear interest at rates varying from 4.5% to 8.5% per annum, are repayable over periods ranging from 29 to 40 years in annual equal instalments due March 31 of each year and mature at various dates between March 31, 1992 and March 31, 2014.

Special areas and highways agreement

Loans and advances have been made to finance development of community and industrial infrastructure projects for special areas and for highway development pursuant to terms and conditions of agreements entered into between Canada and the provinces, with the approval of the Governor in Council.

Advances

The amounts shown as advances represent outlays made on incomplete projects. When a project is completed, the advances are transferred to the loan account.

Upon completion of projects, accrued interest is calculated and added to the amount of advances being transferred to loans for repayment. This is in accordance with the terms and conditions of the agreements entered into between Canada and the provinces, with the approval of the Governor in Council.

Loans

This account records amounts transferred from the advances account whenever projects are completed.

The loans bear interest at rates varying from 5.768% to 10.164% per annum, are repayable over periods ranging from 5 to 30 years in annual equal instalments due March 31 of each year and mature at various dates between March 31, 1984 and March 31, 2009.

Regional electrical interconnections

Loans have been made to assist in financing regional electrical interconnections under agreements with the Provinces of Manitoba, New Brunswick, Nova Scotia and Prince Edward Island and the Government of Canada.

During the year, additional loans were authorized by Vote L5, Appropriation Acts No 1 and No 2, 1981-82.

The loans bear interest at rates varying from 9% to 15.625% per annum for an average yield of 9.406%, are repayable over periods ranging from 29 to 31 years in annual instalments and mature at various dates between December 31, 2008 and October 31, 2009.

Mainland Investments Limited

Loans have been made to the Province of Nova Scotia for the purchase of shares of the capital stock of Mainland Investments Limited (formerly Metropolitan Area Growth Investments Limited) in accordance with an agreement entered into between Canada and Nova Scotia pursuant to Section 8 of the Department of Regional Economic Expansion Act.

The loans bear interest at the rate of 7% per annum and are repayable over a 15 year period. During the first 5 years, interest only is payable and during the subsequent 10 years, annual equal instalments are required of principal and accrued interest due on March 30 of each year, maturing February 28, 1988.

Loading ramp, Yarmouth, NS

Loans have been made to the Province of Nova Scotia for the construction of an end-loading ramp at Yarmouth, Nova Scotia.

The loans bear interest at the rate of 8% per annum, are repayable over a 15 year period in semi-annual instalments due September 14 and March 14 of each year and mature on September 14, 1985.

Comprehensive development plan agreement

Loans have been made to Prince Edward Island to assist in financing the realization of a comprehensive and co-ordinated development plan of the province pursuant to an agreement entered into with the province whose territory has been designated a "special rural development area".

The terms and conditions of the loans, with their year-end balances, are as follows:

- (a) repayable over a 30 year period, bearing interest at rates varying from 6.688% to 9.375% per annum, due in equal instalments at various anniversary dates, and maturing at various dates between March 25, 2000 and March 27, 2005, \$4,891,000; and,
- (b) repayable over a 30 year period, bearing interest at rates varying from 6.688% to 9.375% per annum, due in annual equal instalments on March 31 of each year and maturing at various dates between March 31, 2001 and March 31, 2005, \$7,080,273.

Town of Oromocto

Capital assistance loans have been made to the Town of Oromocto, New Brunswick.

The loans bear interest at rates of 5.25%, 5.375% and 5.625% per annum, are repayable over a 20 year period in semi-annual equal instalments and mature at various dates between January 1, 1985 and April 1, 1986.

Agricultural service centres

Loans and advances have been made to assist provincial and municipal authorities to construct or expand water supply and waste disposal facilities in key agriculture service centres, which are essential to rural adjustment and urban development in the agricultural portion of the Prairie region.

During the year, additional loans and advances were authorized by Vote L15, Appropriation Acts No 1 and No 2, 1981-82.

Advances

The amount shown as advances represent outlays made on incomplete projects. When a project is completed, the advances are transferred to the loan account.

Upon completion of projects, accrued interest is calculated and added to the amount of advances being transferred to loans for repayment. This is in accordance with the terms and conditions of the agreements entered into between Canada and the provinces with the approval of the Governor in Council.

Loans

This account records amounts transferred from the advances account whenever projects are completed.

The terms and conditions of the loans, with their year-end balances, are as follows:

- (a) repayable over a period of 20 years, bearing interest at rates varying from 6.747% to 13.476% per annum, due in annual equal instalments on March 30 of each year and maturing at various dates between March 30, 1992 and March 30, 2002, \$14,001,189; and,
- (b) repayable over a period of 20 years, bearing interest at rates varying from 9.593% to 13.466% per annum, due in annual equal instalments on March 31 of each year and maturing at various dates between March 31, 1999 and March 31, 2001, \$310,233.

Federal-provincial fiscal arrangements

These amounts represent overpayments in respect of provincial equalization entitlements under the Federal Provincial Fiscal Arrangements Act and the Federal Provincial Fiscal Arrangements and Established Programs Financing Act. These overpayments are non-interest bearing and are recovered in the subsequent year.

South Saskatchewan River project—Treasury bills

Treasury bills are received as payment of the Province of Saskatchewan's share of certain expenditures on the South Saskatchewan River project.

The Treasury bills bear interest at rates varying from 5% to 5.875% per annum, are repayable in semi-annual instalments due June 30 and December 31, and mature annually on December 31 up to 1986.

During the year, additional loans were authorized by Vote L45, Appropriation Acts No 1 and No 2, 1981-82.

The loans bear interest at an annual rate equal to the rate established by the Minister of Finance in respect of Crown corporations' borrowings during the period in which the loans were made. Interest rates presently vary from 3.875% to 17.75% per annum. The loans are repayable over periods ranging from 2 to 35 years in equal annual instalments starting one year from the date they were made and mature at various dates between April 1, 1982 and March 31, 2007.

Yukon Territory small business loans

Loans have been made for the establishment or expansion of small businesses in the Yukon Territory.

The total amount outstanding at any time is not to exceed \$5,000,000.

The loans bear interest at rates established by the Minister of Finance and vary from 9% to 12% per annum, are repayable in annual instalments over a 10 year period and mature at various dates between April 1, 1982 and March 31, 1988. Such repayment period may be extended with the approval of the Minister.

NATIONAL GOVERNMENTS INCLUDING DEVELOPING COUNTRIES

Loans to national governments consist mainly of the loan to the Government of the United Kingdom under the authority of the United Kingdom Financial Agreement Act, and special loan assistance to developing countries.

Table 7.7 presents a summary of the balances and transactions for the various types of loans and advances that were made to national governments including developing countries.

China

An interest-free loan to China was authorized under the Export Credits Insurance Act.

Greece

An interest-free loan to Greece was authorized by PC 1932-2630. Partial settlement was received in 1981-82. Parliamentary authority to write-off the balance during 1982-83 is being sought.

Jamaica—Economic assistance

Loans have been made to the Government of Jamaica to provide for economic assistance. The maturity date under the agreement has been further extended to August 9, 1989. Interest at 11% per annum is payable annually from August 9, 1982 to August 9, 1984. For the period from August 9, 1984 to August 9, 1989, the interest rate will be equal to the Crown corporations' borrowing rate for a 5 year term effective August 9, 1984.

United Kingdom

The United Kingdom Financial Agreement Act, 1946

Under authority of the United Kingdom Financial Agreement Act, a credit of \$1,250,000,000 was extended to the

Government of the United Kingdom which might be drawn on at any time prior to December 31, 1951. The purpose of the credit was to facilitate purchases by the United Kingdom of goods and services in Canada and to assist in making it possible for the United Kingdom to meet transitional post-war deficits in its current balance of payments, to maintain adequate reserves of gold and dollars and to assume the obligations of multilateral trade. No interest was to be payable in respect of any period prior to January 1, 1951. The amount of the credit drawn by December 31, 1951 was to be repaid in 50 annual instalments beginning on that date with interest at the rate of 2% per annum. The loan matures December 31, 2000.

Deferred principal

The agreement, as amended in 1957, provides for the deferral of interest in respect to the year 1956 and of seven instalments of principal and interest after December 31, 1956, under certain conditions. Interest for 1956 and interest and principal for 1957, 1964, 1965, 1968 and 1976 were deferred. The maturity of the deferrals shall commence December 31, 2001 and continue annually to December 31, 2006.

Developing countries—Special loan assistance

Special loan assistance is given to developing countries. During the year, additional loans were authorized by Votes

L40, L40c and L40e, Appropriation Acts No 1, No 2, No 3 and No 4, 1981-82.

The terms and conditions of loans to developing countries, with their year-end balances, are categorized into seven main groups:

- (a) 20 year maturity, 5 year grace period at 5% interest per annum, maturing September 2000 and March 2001, \$35,283,217;
- (b) 25 year maturity, 5 year grace period at 6% interest per annum, maturing March 2001, \$1,498,789;
- (c) 30 year maturity, 7 year grace period at 3% interest per annum, maturing at various dates between March 1997 and September 2011, \$178,417,879;

- (d) 30 year maturity, 7 year grace period interest-free, maturing March 2010, \$8,215,120;
- (e) 35 year maturity, 5 year grace period interest-free, maturing at various dates between April 2001 and November 2005, \$3,648,514;
- (f) 40 year maturity, 10 year grace period interest-free, maturing March 2008, \$828,320; and,
- (g) 50 year maturity, 10 year grace period interest-free, maturing at various dates between March 2013 and March 2032, \$2,203,664,052.

Maturity means the interval to final repayment while grace period refers to interval to first repayment of principal.

Similar assistance has been provided to developing countries by way of subscriptions to the capital of the International Development Association in the amount of \$1,437 million, and loans to other international financial institutions in the amount of \$738 million. These amounts are reported later in this section under the heading "International Organizations".

North Atlantic Treaty Organization—Damage claims recoverable

Article VIII of the NATO Status of Forces Agreement signed April 4, 1949, as amended, deals with claims for damages to third parties arising from accidents in which a member of a visiting force is involved. This account is debited with the amount chargeable to other states, of such claims for damages which took place in Canada, and is credited with recoveries.

The advances bear no interest and have no specific repayment terms.

INTERNATIONAL ORGANIZATIONS

This group records Canada's subscriptions to the capital of the Asian Development Bank, the Caribbean Development Bank, the Inter-American Development Bank, the International Bank for Reconstruction and Development (i.e. World Bank), the International Development Association and the International Finance Corporation. It also includes loans and advances to other international organizations.

The capital subscriptions are made in part by the issuance of non-negotiable, non-interest bearing notes payable on demand. The amounts advanced or loaned vary according to the needs of the organizations concerned and the terms of the agreements.

The net position of the Government vis-à-vis the international organizations has been obtained by deducting from the subscriptions, loans and advances, the non-interest bearing notes issued by Canada to these organizations. These notes, payable on demand, represent that portion of the investment by Canada in these organizations which has not yet been encashed by them. These notes are encashed subject to the financial requirements of these organizations.

Table 7.8 presents a summary of the balances and transactions for the subscriptions, loans and advances to international organizations.

⁽¹⁾ The subscriptions to the Association and the loans to the international financial institutions are used to lend funds to developing countries at rates favourable to the borrowers. In addition, as described earlier in this section, under the heading "National Governments including Developing Countries", special loan assistance amounting to \$2,431 million has also been provided to developing countries.

Asian Development Bank

This account records Canada's subscriptions to the capital of the Asian Development Bank as authorized by various appropriation acts.

As at year-end, total authorities granted were for the purchase of 8,740 paid-in shares and 36,403 callable shares. Instalment payments for the paid-in shares may be made in cash or in non-interest bearing, non-negotiable demand notes. These non-interest bearing notes payable on demand are deducted from the subscriptions to show the net position of the Government vis-à-vis the Bank.

As at March 31, 1981, the foreign currency balance of \$101,290,543 US was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.1844 Cdn).

During the year, transactions included additional subscriptions in cash and in non-interest bearing notes payable on demand and an adjustment due to revaluation.

As at March 31, 1982, Canada's instalment payments amounted to \$105,434,978 US for 8,740 paid-in shares. This foreign currency balance was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.2271 Cdn). The 36,403 callable shares are subject to call by the Bank under certain circumstances. Canada's commitment for the callable shares has a current value of \$439,147,591 US valued at \$538,878,008 Cdn at the year-end closing rate of exchange.

Caribbean Development Bank

This account records Canada's subscriptions to the capital of the Caribbean Development Bank as authorized by various appropriation acts. During the year, additional subscriptions of 351 paid-in shares and 878 callable shares were authorized by Vote L50, Appropriation Acts No 1 and No 2, 1981-82.

As at year-end, total authorities granted were for the purchase of 1,585 paid-in shares and 5,355 callable shares. Canada may issue, as payment for the shares so purchased, pending cash requirements by the Bank, non-interest bearing, non-negotiable demand notes. These non-interest bearing notes payable on demand are deducted from the subscriptions to show the net position of the Government vis-à-vis the Bank.

As at March 31, 1981, the foreign currency balance of \$7,443,168 US was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.1844 Cdn).

During the year, transactions included additional subscriptions in cash and in non-interest bearing notes payable on demand and an adjustment due to revaluation.

As at March 31, 1982, Canada's instalment payments amounted to \$8,148,882 US for 1,351 paid-in shares. This foreign currency balance was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.2271 Cdn). The 5,355 callable shares are subject to call by the Bank under certain circumstances. Canada's commitment for the callable shares has a current value of \$32,300,021 US valued at \$39,635,356 Cdn at the year-end closing rate of exchange.

Inter-American Development Bank

This account records Canada's subscriptions to the capital of the Inter-American Development Bank as authorized by various appropriation acts.

As at year-end, total authorities granted were for the purchase of 7,554 paid-in shares and 63,692 callable shares. Instalment payments for the paid-in shares may be made in cash or in non-interest bearing, non-negotiable demand notes. These non-interest bearing notes payable on demand are deducted from the subscriptions to show the net position of the Government vis-à-vis the Bank.

As at March 31, 1981, the foreign currency balance of \$79,628,910 US was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.1844 Cdn).

During the year, transactions included additional subscriptions in the form of non-interest bearing notes payable on demand and an adjustment due to revaluation.

As at March 31, 1982, Canada's instalment payments amounted to \$85,443,484 US for 7,072 paid-in shares. This foreign currency balance was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.2271 Cdn). The 63,692 callable shares are subject to call by the Bank under certain circumstances. Canada's commitment for the callable shares has a current value of \$768,348,442 US valued at \$942,840,373 Cdn at the year-end closing rate of exchange.

International Bank for Reconstruction and Development (World Bank)

This account records Canada's subscriptions to the capital of the International Bank for Reconstruction and Development as authorized by various appropriation acts. Canada has subscribed for 11,122 shares of the Bank of which 10% has been paid by cash and notes. The remaining 90% is represented by a guarantee subject to call by the Bank only when required to meet obligations of the Bank for funds borrowed or loans guaranteed by it and not for use by the Bank in its lending activities or for administrative expenses.

As at March 31, 1982, the foreign currency balance was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.2271 Cdn).

International Development Association

This account records Canada's subscriptions to the International Development Association as authorized by various appropriation acts and Section 4 of the International Development Association Act. The subscriptions to the Association, which is part of the World Bank Groups, are used to lend funds to developing countries for development purposes at rates highly favourable to the borrower (no interest with a 50 year maturity and 10 years grace).

Subscriptions have been made in the form of non-interest bearing, non-negotiable demand notes. The non-interest bearing notes payable on demand are deducted from the subscriptions to show the net position of the Government vis-à-vis the Association.

International Finance Corporation

This account records Canada's subscriptions to the capital of the International Finance Corporation, which is part of the World Bank Groups, as authorized by various appropriation acts.

At the year-end, total authorities granted were for the purchase of 20,952 paid-in shares.

As at March 31, 1981, Canada's total instalment payments amounted to \$17,480,000 US for 17,480 paid-in shares. This foreign currency balance was translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.1844 Cdn). During the year, transactions included an instalment in the amount of \$3,472,000 US for a total of 3,472 paid-in shares.

As at March 31, 1982, Canada had purchased a total of 20,952 paid-in shares. Canada is no longer liable to purchase paid-in shares.

The paid-in subscriptions of \$20,952,000 US have been translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.2271 Cdn).

International financial institutions

This account records loans for assistance to international financial institutions as authorized by the International Development (Financial Institutions) Assistance Act and by various appropriation acts.

Common Fund for Commodities

This account was established to make payments and issue guarantees and promissory notes in the current and subsequent fiscal years to purchase shares in the first account of the Common Fund for Commodities in accordance with the terms and conditions of the agreement establishing the Common Fund for Commodities.

Payments, guarantees and promissory notes shall not exceed \$10,380,000 US.

International Tin Council

This account records Canada's subscriptions to the International Tin Council as authorized by a previous appropriation act. The subscriptions, made in the form of non-interest bearing, non-negotiable demand notes, are for the investment in the buffer stock established under the Fifth International Tin Agreement.

Subscriptions have been made in the form of non-interest bearing demand notes, which are deducted from the subscriptions to show the net position of the Government vis-à-vis the Council.

During the year, Vote L42e, Appropriation Act No 4, 1981-82 provided for Canada's participation in the International Tin Council for 1982-83.

International Natural Rubber Agreement

This account was established to make payments and issue guarantees, in the 1980-81, 1981-82, 1982-83, 1983-84, 1984-85 and 1985-86 fiscal years, for participation in the natural rubber buffer stock in accordance with terms and conditions of the International Natural Rubber Agreement, 1979.

Payments and guarantees shall not exceed \$12,500,000.

International organizations and associations

These items represent the historical value of payments made by the Canadian Government to working capital funds maintained by international organizations of which Canada is a member. Participation in the financing of these working capital funds, on the basis of the scale of assessments, is prescribed by financial regulations for membership in the organizations. Payments into the funds are not subject to interest or repayments schedules, but are recorded by the organizations as credits from member states. Payments by Canada were authorized by various appropriation acts.

During the year, additional advances to the working capital funds of the Berne Union of the World Intellectual Property Organization, the Paris Union of the World Intellectual Property Organization and the United Nations Educational, Scientific and Cultural Organization were authorized by Votes L15, L20 and L16c, Appropriation Acts No 1, No 2 and No 3, 1981-82.

During the year, Canada made a payment of 9,363 Swiss Francs valued at \$5,982 Cdn to the Berne Union of the World Intellectual Property Organization, a payment of 11,297 Swiss Francs valued at \$7,218 Cdn to the Paris Union of the World Intellectual Property Organization, and a payment of \$142,320 US valued at \$169,361 Cdn to the United Nations Educational, Scientific and Cultural Organization.

This account also records payments and the balance outstanding on United Nations bonds purchased by the Canadian Government in September 1962. The bonds yield interest at the rate of 2% per annum and are repayable over a 25 year period by annual instalments in amounts ranging from 3.1% to 5.1% of the amount subscribed. During the year, Canada's investment of \$1,790,880 US as at April 1, 1981, was reduced by a payment of \$280,800 US valued at \$335,191 Cdn. Payments and other charges amounting to \$67,092 represent a valuation adjustment of Canada's foreign investment of \$1,510,080 US translated into Canadian dollars at the year-end closing rate of exchange (\$1 US/\$1.2271 Cdn).

VETERANS' LAND ACT FUND ADVANCES

Advances have been made, under Parts I and III of the Veterans' Land Act, for the acquisition of land, permanent improvements, removal of encumbrances, purchase of stock and equipment and protection of security and, under Part II of the Act, for the purchase, subdivision and development of land and for progress payments to veterans during construction and completion of unfinished houses after termination of the construction contract, etc. On completion of the construction contract for each house, Canada Mortgage and Housing Corporation will place or arrange to have placed a mortgage on the property and reimburse the Fund the full cost of that property. The total amount outstanding at any time is not to exceed \$605,000,000.

A provision equal to $\frac{1}{10}$ of the benefits to veterans is established each year. This annual provision is charged to budgetary expenditure and credited to the allowance for conditional benefits account. The allowance for conditional benefits account represents the accumulated net provisions for benefits to veterans in the form of forgiveness of loans authorized by the Veterans' Land Act. These benefits come into effect only after certain conditions are fulfilled by the veterans. At the end of 10 years, the conditions having been met, the accumulated provision is charged to the allowance for conditional benefits account and credited to the veteran's loan account.

Table 7.9 summarizes the balances and transactions for advances to the Veterans' Land Act Fund.

Canadair Limited

The Corporation was established by letters patent, granted under the Canada Corporations Act, to manufacture and sell aircraft.

Capital stock

The Government has purchased shares of the capital stock and notes of the Corporation.

The Government purchased 251,700, 4¼% non cumulative, \$100 par value preferred shares for \$25,170,000 and 3,102,206 common, no par value shares for \$21,448,550. This represents 100% of the shares.

Loans

Loans have been made to the Corporation for the financing of water bomber aircraft, such loans to be recovered on the sale of such aircraft.

The loans are interest-free and are repayable only if and when the aircraft concerned are sold. Because of this condition, no periods for repayment have been set up.

Canada Development Corporation

The Corporation was established under the Canada Development Corporation Act to assist in the creation or development of businesses, resources, properties and industries in Canada. The Minister of Finance may subscribe to purchase and hold shares of the Corporation for the Government of Canada.

The Government has purchased, pursuant to Section 35 of the Act, 30,711,990 no par value common shares.

The Government's holding of shares represents 87.5% of the common shares outstanding and 48.5% of the voting rights.

Consolidated Computer Incorporated

During the year, the Government disposed of all of its interest in Consolidated Computer Incorporated. The sum of \$100,000 was received from Nabu Manufacturing Corporation in consideration of the transfer to them of debentures obtained by the Government as a result of paying off certain loans incurred by Consolidated Computer Incorporated. Now that the above transaction is completed, authority will be requested to delete the Government's investment in the Company from the accounts of Canada.

The de Havilland Aircraft of Canada Limited

The Corporation was established by letters patent, granted under the Ontario Corporations Act, to manufacture and sell aircraft.

Capital stock

The Government has purchased 31,999 non-assessable, class "A", no par value shares and 10,000 class "B", no par value common shares for \$40,792,888. This represents 100% of the shares, less one share held by the union.

Loans

Loans have been made to the Corporation in respect of the costs of rate tooling for the DHC-7 aircraft, such loans to be recovered on the sale of such aircraft. During the year, additional loans were authorized by Vote L41c, Appropriation Act No 3, 1981-82.

The loans are interest-free and are repayable only if and when the aircraft concerned are sold. Because of this condition, no periods for repayment have been set up.

PRIVATE SECTOR ENTERPRISES

This group records loans, investments and advances to private sector enterprises. Private sector enterprises are industrial or commercial organizations controlled by private ownership.

Table 7.11 presents a summary of the balances and transactions for the various types of loans, investments and advances to private sector enterprises.

Loans may also be made to a co-operative association, a credit union, a caisse populaire or other credit society incorporated under the laws of a province where the majority of the members are Eskimos or to a corporation incorporated under the laws of Canada or a province where the controlling interest is held by Eskimos.

The total amount outstanding at any time is not to exceed \$7,072,000.

Included in the balance of loans outstanding at March 31, 1982 is \$170,465 which is an investment in Canadian Arctic Producers Ltd.

Guarantees are established up to an aggregate of \$9,900,000 to cover loans to or in respect of loans to persons eligible for loans from commercial sources.

Existing loans bear interest at rates varying from 5% to 21% per annum, are repayable over periods ranging from 1 to 15 years and mature at various dates between April 1, 1982 and March 31, 1990. New loans will bear interest at rates being 1% greater than the simple average prime commercial lending rate.

Inuvialuit Development Corporation—Indian Affairs and Northern Development

Interest-free loans have been made in support of the Agreement-in-Principle for comprehensive land claims settlement. The loans are repayable in full when claims are settled and awarded.

During the year, additional loans were authorized by Vote L65, Appropriation Acts No 1 and No 2, 1981-82.

Native claimants—Indian Affairs and Northern Development

Loans have been made to native claimants for the purpose of defraying costs relating to the research, development and negotiation of claims.

During the year, additional loans were authorized by Vote L60, Appropriation Acts No 1 and No 2, 1981-82.

The terms and conditions of the loans are as follows:

- (a) loans made before an Agreement-in-Principle for the settlement of a claim is reached are interest-free;
- (b) loans made after the date on which an Agreement-in-Principle for settlement of the claim has been reached bear interest at a rate equal to the rate established by the Minister of Finance in respect of borrowings for equivalent terms by Crown corporations during the period in which the payment is made; and,
- (c) loans are due and payable, as to principal and interest, on the date on which the claim is settled or on a date fixed in the agreement which shall be not later than March 31, 1992, whichever date is earlier.

Chippewa Band of Kettlepoint—Indian Affairs and Northern Development

An interest-free loan has been made to the Chippewa Band of Kettlepoint to purchase Lots 60 and 61 in Lake Road West Concession in the Township of Bosanquet, County of Lambton, Ontario. Repayment of this loan will be negotiated with the Band.

Indian economic development—Indian Affairs and Northern Development

Loans have been made for the purposes of economic development of Indians, to Indians or Indian bands, or to individuals, partnerships or corporations, the activities of which contribute or may contribute to such development. Loans to such borrowers by commercial lenders for the same purposes are also guaranteed; the taking of security by Her Majesty or other lenders in respect of such loans or guaranteed loans, including; notwithstanding Section 89 of the Indian Act, security on property situated on a reserve and power to realize on such security; and to which shall be charged loans authorized and which shall be credited with:

- (a) repayments of loans made pursuant to Section 70 of the Indian Act; and,
- (b) repayments of loans made pursuant to this authority.

The total amount outstanding at any time is not to exceed \$70,000,000.

The loans bear interest at rates varying from 5% to 22.25% per annum, are repayable over periods ranging from 1 month to 15 years and mature at various dates between April 1, 1982 and March 31, 1996.

Indian housing assistance—Indian Affairs and Northern Development

Second mortgage loans have been made to provide financial assistance to Indians and Inuit for the construction and acquisition of houses and land in areas other than Indian reserves. The purposes of the account were extended to authorize loans and advances to Indians and Inuit for repairs or improvements to houses at the time of purchase in areas other than Indian reserves.

The total amount outstanding at any time is not to exceed \$20,000,000.

The loans are interest-free and are repayable in full by equal annual instalments or forgiveness or when the borrower sells the property. Whenever certain conditions of occupancy and maintenance are satisfied, instalments are forgiven at a rate of 10% per annum for a duration of up to 10 years.

During the year, repayments included forgiveness of \$1,422,353 pursuant to Vote L51a, Appropriation Act No 9, 1966.

During the year, additional loans were authorized by Vote L66c, Appropriation Act No 3, 1981-82.

The loans are repayable in full upon settlement of the land claims and are interest-free before an Agreement-in-Principle for the settlement of a claim is reached.

Provincial Workmen's Compensation Boards—Labour

This account is operated under the authority of Section 3(4) of the Government Employees Compensation Act to provide operating funds to enable provincial compensation boards to administer the Act on behalf of the Crown and pay claims to Canadian Government employees injured in the course of their employment.

The total amount outstanding at any time is not to exceed \$4,307,738 comprised of \$1,100,000 for the Province of Quebec and \$3,207,738 for other provinces.

The interest-free advances are calculated on three months' cash requirements by the boards. The advances are to be repaid on termination of the agreements with the provincial boards.

Canada Labour Code—Safety services—Labour

This account is operated under the authority of Section 11 of the Canada Labour (Safety) Code. PC 1968-12/1599 dated August 21, 1968 authorizes the Minister of Labour to enter into agreements with provinces for the services of safety officers and related safety service in order to implement the Canada Labour (Safety) Code.

The agreement authorizes provision of an accountable advance to the province sufficient to meet the estimated cost of services for a three month period.

The current outstanding advance is with the Province of British Columbia.

The advance may be renewed, extended or withdrawn by the Minister. Interest is not charged under the terms of the agreement.

Canadian Forces housing projects—National Defence

Advances have been made to the Canada Mortgage and Housing Corporation in respect of loans arranged by the Corporation for housing projects for occupancy by members of the Canadian Forces.

The loans bear interest at rates varying from 4% to 5.75% per annum, are repayable over periods ranging from 35 to 48 years and mature at various dates between August 1, 1996 and November 1, 2010.

Parolees—Solicitor General

Loans have been made to parolees to assist in their rehabilitation.

The total amount outstanding at any time is not to exceed \$10,000.

The loans are non-interest bearing and are repayable before the expiration of the parole period or within one year from the date the loans were made, whichever period is the shorter. The repayment of a loan or any part thereof may be forgiven by the Solicitor General if certain conditions are met.

During the year, loans totalling \$5,800 were forgiven pursuant to Vote L103b, Appropriation Act No 1, 1969. These loans were initially recorded in 1979-80 and 1980-81.

Defence production loan account—Supply and Services

This account was established under Section 15.1 of the Defence Production Act to record loans or advances for any purpose other than to assist in the construction, acquisition, extension or improvement of capital equipment or works by any person.

Section 15.2 of the Defence Production Act stated that the aggregate of expenditures charged to the Defence production revolving fund (budgetary account) and to this account shall not at any time exceed by more than \$100,000,000 the aggregate of amounts:

- (a) received from the sale or disposition of materials, substances or defence supplies;
- (b) charged to another appropriation in respect of costs of acquisition, storage, maintenance or transportation of stocks of materials or substances purchased or of stocks of defence supplies acquired, where such materials, substances or defence supplies may be acquired under that appropriation;
- (c) charged to an appropriation or paid by an agent of Her Majesty or by an associated government to pay costs incurred in respect of defence supplies payment for which was made out and charged to the Defence production revolving fund; and,
- (d) received in repayment of a loan or advance previously charged to this account.

A repayment of \$1.7 million owed to this account by CAE Aircraft is tied up in court over a dispute concerning the due date from which interest should be charged. Legal counsel is of the opinion that no loss to the account will be incurred.

Corporation of the City of Montreal—Transport

Loans have been made to the Corporation of the City of Montreal for the construction of vehicular tunnels under the Lachine Canal at Atwater Avenue and at St Remi Street. The lands upon which the tunnels and approaches are constructed, other than Lachine Canal reserve lands, are to be conveyed to the City upon completion of the tunnels.

Under the agreement, the Corporation was required to reimburse $\frac{1}{2}$ of the cost of construction of the tunnels, with interest at the rate of 3.125% per annum calculated from the date of conveyance of the lands, provided that the amount did not exceed the sums of \$2,000,000 for the Atwater Tunnel and \$1,500,000 for the St Remi Tunnel plus interest, and such amounts were to be repaid in 30 consecutive annual instalments, the first of which was to be due and payable twelve months after the date of conveyance of the lands, namely June 20, 1961, for the Atwater Tunnel and June 12, 1953, for the St Remi Tunnel.

The cost of the construction of the Atwater Tunnel for purposes of the agreement exceeded \$6,000,000 and the share to be reimbursed by the City is \$2,000,000 with interest at 3.125% per annum, maturing on June 20, 1991.

The cost of the construction of the St Remi Tunnel for the purposes of the agreement has been established at \$4,132,353 and the share to be reimbursed by the City was \$1,377,451 plus \$21,738 for supplementary ducts installed at the request of the Montreal Hydro Commission, with interest at the rate of 3.125% per annum, maturing on June 12, 1983.

Debentures of the City of Montreal furnished as security are held in the custody of the Minister of Supply and Services.

Fraser River Harbour Commission—Transport

Loans have been made to the Fraser River Harbour Commission to assist in the development of the harbour. Loans are also made to assist in wharf reconstruction and extension.

The loans bear interest at the rate of 7.5% per annum, are repayable over a 15 year period in semi-annual instalments due June 30 and December 31 of each year and mature on December 31, 1983.

Hamilton Harbour Commissioners—Transport

Loans secured by debentures or promissory notes have been made to the Hamilton Harbour Commissioners to assist in the development of the harbour.

The total amount outstanding at any time is not to exceed \$4,000,000.

The terms and conditions of the loans, with their year-end balances, are categorized into four groups:

- (a) 20 year loans at 6.062% interest per annum, repayable in semi-annual instalments due June 30 and December 31 of each year and maturing on June 30, 1987, \$401,584;
- (b) 20 year loans at 5.562% interest per annum, repayable in semi-annual instalments due June 30 and December 31 of each year and maturing on June 30, 1987, \$390,970;
- (c) 39 year loan at 4.125% interest per annum, repayable in semi-annual instalments due June 30 and December 31 of each year and maturing on January 31, 2001, \$925,000; and,
- (d) one loan to bear interest from the date construction is substantially completed or April 1, 1983, whichever is earlier, at a rate equal to the then existing rate established by the Minister of Finance in respect of Crown corporations' borrowings, repayable in 40 equal semi-annual instalments, \$1,464,785.

Lakehead Harbour Commission—Transport

Loans have been made to the Lakehead Harbour Commission for expansion of the Keefer terminal.

The loans bear interest at the rate of 7.437% per annum, are repayable over a 15 year period in semi-annual instalments due June 30 and December 31 of each year and mature on June 30, 1989.

Port Alberni Harbour Commission—Transport

Loans have been made to the Port Alberni Harbour Commission to finance the construction of a new lumber assembly wharf.

The terms and conditions of the loans, with their year-end balances, are categorized into two groups:

- (a) 20 year loan at 8.062% interest per annum, repayable in semi-annual instalments due June 30 and December 31 of each year and maturing on June 30, 1991, \$332,429; and,
- (b) 20 year loan at 7.187% interest per annum, repayable in semi-annual instalments due June 30 and December 31 of each year and maturing on June 30, 1991, \$966,191.

Maritime Employers' Association—Transport

Loans have been made to the Maritime Employers' Association to finance the early retirement of employees.

During the year, the loans were repaid in full.

Commonwealth War Graves Commission—Veterans Affairs

Advances have been made to the working capital fund of the Commonwealth War Graves Commission (formerly the Imperial War Graves Commission) to maintain graves and cemeteries.

As at March 31, 1982, the balance of the advances was £30,000 UK. This foreign currency balance was converted to \$65,754 Cdn, using the year-end rate of exchange (£1UK=\$2.1918 Cdn).

The advances are interest-free and have no fixed terms of repayment.

ALLOWANCE FOR VALUATION

In accordance with the comprehensive policy on valuation, which became effective in 1979-80, assets are subject to an annual valuation to reflect reductions from the recorded value to the estimated realizable value.

The allowance for valuation, for loans, investments and advances, amounting to \$2,300 million at the beginning of the year, was increased by \$200 million to provide a total of \$2,500 million, that is the estimated losses on the realization of the loans, investments and advances included in the accounts of Canada at the year end.

SUPPLEMENTARY STATEMENT

Recorded Uncollected Interest

In accordance with the Government's stated accounting policies, interest due but not received is not recorded as revenue. In certain cases, this uncollected interest is recorded by being added to the applicable loan and advance account and credited to a recorded uncollected interest account. Since the Government's policy is to record revenue only when

received, the balance of the recorded uncollected interest account is deducted from the loan and advance account to present it on a net basis.

Table 7.13 reports transactions for the year in respect of the recorded uncollected interest.

SPECIFIED PURPOSE ACCOUNTS

Specified purpose accounts represent the recorded value of the financial obligations of the Government of Canada in its role of administrator of certain public moneys received or collected for specified purposes, under or pursuant to legislation, a trust, treaty, undertaking or contract. These public moneys may be paid out only for such purposes specified in or pursuant to such legislation, trust, treaty, undertaking or contract.

Because of the dedicated purposes of these moneys, specific accounts are required to be maintained to provide an accounting mechanism to ensure that the moneys are used only for the purposes for which they were received or collected. Legislation relating to some accounts permits investments to be made and in certain cases the balances of the accounts earn interest.

This section gives details of specified purpose accounts on which summary information was given in Sections 1 and 2 of this volume.

Some tables in this section present the continuity for each account by showing the opening and closing balances, as well as receipts and other credits and payments and other charges, i.e. inflow and outflow of transactions. In addition, the term "accounts without current transactions" has been included in one table in order to provide a link with figures published in the previous year's edition of the Public Accounts to show net transactions in accounts which were closed out in the previous year.

The financial statements of the Canada Pension Plan Account and the Canada Pension Plan Investment Fund, the Unemployment Insurance Account, the Government Annuities Account and the Royal Canadian Mounted Police (Dependants) Pension Fund, together with the Auditor General's reports thereon, are presented at the end of this section.

Canada Pension Plan Account

The Canada Pension Plan is a compulsory and contributory social insurance plan which enables members of the labour force to acquire and retain protection for themselves and their families against loss of income due to retirement, disability or death. Established in 1965, the Plan applies in all parts of Canada, except for the Province of Quebec which has a parallel plan.

Under existing arrangements, all benefits and all costs incurred in the administration of the program are financed from the contributions made by employees, employers and

self-employed persons and the interest earned from the investment of funds.

The Government's financial obligation, as the administrator of the Canada Pension Plan, is limited to the balance of the account.

Table 8.2 presents a summary of the balances and transactions in the Canada Pension Plan Account and in the Canada Pension Plan Investment Fund.

Receipts and other credits include:

- (a) contributions of: (i) 1.8% of earnings by employees earning over \$1,400 for the 1981 calendar year and \$1,600 for the 1982 calendar year, with matching contributions by employers, subject to a maximum payment of \$239.40 for the 1981 calendar year and \$268.20 for the 1982 calendar year and (ii) 3.6% of the earnings of self-employed persons over \$1,400 for the 1981 calendar year and \$1,600 for the 1982 calendar year, subject to a maximum payment of \$478.80 for the 1981 calendar year and \$536.40 for the 1982 calendar year; and,
- (b) interest received from securities of the Canada Pension Plan Investment Fund and from the average daily operating balance.

Payments and other charges include:

- (a) benefits paid under the Canada Pension Plan as retirement pensions, survivors' benefits paid to widows, widowers and orphans, or as lump sum death benefits, and disability pensions and benefits to children of disabled contributors;
- (b) all benefits paid and recovered from the Canada Pension Plan in accordance with an agreement with a province providing a comprehensive pension plan;
- (c) payments that are required to be charged to the Canada Pension Plan Account in accordance with reciprocal agreements with other countries; and,
- (d) the costs of administration of the Plan.

When the operating balance exceeds the estimated amount required to meet all payments in the following three-month period, the excess is available for purchase of securities of the provinces and Canada.

Provinces are advised monthly of the amount of excess moneys in the Canada Pension Plan Account that is available for the purchase of provincial securities. The amount available to each province is the proportion that contributions made to the Plan during the preceding ten years in respect of employ-

ment in the province bears to total contributions. Contributions received in respect of employment in the Yukon Territory, the Northwest Territories and from certain other employees outside Canada are invested in bonds of the Government of Canada.

Certain federal employees, such as members of the Canadian Armed Forces, who are resident in the Province of Quebec contribute to the Canada Pension Plan. The securities of Quebec which are purchased by the Plan relate to the contributions of these employees.

On the Statement of Assets and Liabilities of the Government of Canada, the investment in securities issued by provinces, as charged to the Canada Pension Plan Investment Fund, is deducted from the Canada Pension Plan Account.

Superannuation Accounts

The Government provides pensions to retired employees or their dependants through pension schemes authorized by the Public Service Superannuation Act, the Canadian Forces Superannuation Act and the Royal Canadian Mounted Police Superannuation Act. These pensions are indexed to the cost of living under authority of the Supplementary Retirement Benefits Act. The Government's liabilities in its role as administrator of these pension plans in respect of its employees and certain other contributors are recorded in the relevant superannuation accounts.

Legislation for basic pensions provides for employee contributions (6½% of salary), employer contributions (prior year's employee contributions for members of the Public Service, and approximately 1.8 and 2.0 times current year's employee contributions for members of the Canadian Forces and Royal Canadian Mounted Police respectively), allocation of interest (average market yield of 20 year Canada bonds weighted by the quarterly excess of receipts over disbursements in the three accounts each quarter over 20 years), and actuarial valuation deficiencies (full valuation every 5 years with annual adjustments for authorized salary increases). Legislation for indexing basic pensions does not require actuarial valuations but does provide for additional employee contributions (1% of salary), matching employer contributions and allocation of interest (current rate of 5 year Canada bonds).

Receipts and other credits for the superannuation accounts consist of contributions from personnel, matching contributions from the Government and participating Public Service corporations, transfers from other pension funds and other Government contributions related to interest and actuarial liability adjustments (the latter are not applicable to the Supplementary Retirement Benefits Account). Payments and other charges for the superannuation accounts consist of payments of pensions, death benefits, refunds of contributions and transfers to other plans.

Actuarial valuations are made quinquennially, the next of which will be made as at December 31, 1982 for the Public Service Superannuation Account, December 31, 1980 for the Canadian Forces Superannuation Account and December 31,

1979 for the Royal Canadian Mounted Police Superannuation Account. In accordance with the legislation governing the three superannuation plans, the Minister of Finance has the authority to direct that any actuarial deficiency found will be credited to the appropriate account, charged to unamortized portion of actuarial deficiencies, and amortized to expenditure in five equal annual instalments commencing in the year in which the actuarial report is laid before Parliament. In addition, the cost of added liabilities, created by the authorization of salary increases each year, is credited to the superannuation accounts, charged to unamortized portion of actuarial deficiencies and amortized to expenditure over a period of five years commencing in the year in which the increases are authorized.

Since the quarter ending September 30, 1969, the regulations made pursuant to each of the superannuation acts have provided for the calculation of interest at a rate related to the Canada Pension Plan interest rate. The acts further provide that the amount by which the calculated interest rate (currently about 8.8% per annum) exceeds the amount of interest calculated at the rate used in the latest actuarial report (currently 6.5% per annum for the Public Service, Canadian Forces and Royal Canadian Mounted Police Superannuation Accounts), may be used to reduce the amortization of actuarial deficiencies charged to budgetary expenditure.

Table 8.4 presents a summary of the balances and transactions for the superannuation accounts including the unamortized portion of actuarial deficiencies. Table 8.5 presents an analysis of the actuarial deficiencies.

Table 8.6 presents a summary of transactions in superannuation accounts that resulted in charges to budgetary expenditure. In 1981-82, \$3,628 million was charged to budgetary expenditure on account of superannuation plans. This is composed of Government contributions, \$621 million; amortization of actuarial deficiencies resulting from quinquennial actuarial valuations and salary increases, \$908 million; increased superannuation benefits paid during the year due to indexation in excess of the superannuates' share of contributions to the Supplementary Retirement Benefits Account, \$417 million; and, interest credited to the accounts, \$1,682 million.

Supplementary Retirement Benefits Account

This account was established by the Supplementary Retirement Benefits Act to provide for the payment of increased pension benefits resulting from indexation. Actuarial valuation of the Account is not required to be made.

The Chief Actuary of the Department of Insurance has estimated that the actuarial present value of supplementary retirement benefits granted up to March 31, 1982, in respect of retired contributors or their dependants entitled to benefits pursuant to the Public Service, Canadian Forces and Royal Canadian Mounted Police superannuation accounts as at March 31, 1982, was \$5.5 billion. This amount is based on an assumed interest rate of 6.5% and other assumptions as described in the last actuarial reports on those three superannuation accounts.

Increased superannuation benefits paid during the year due to indexation amounted to \$443 million (\$346 million in 1980-81) of which \$417 million (\$321 million in 1980-81) represents benefits to superannuates in excess of their share of contributions to the account charged to budgetary expenditure. The payments charged to budgetary expenditure on behalf of contributors amounted to \$264 million (\$202 million in 1980-81) for the Public Service Superannuation Account, \$141 million (\$109 million in 1980-81) for the Canadian Forces Superannuation Account and \$12 million (\$10 million in 1980-81) for the Royal Canadian Mounted Police Superannuation Account. Only \$26 million (\$25 million in 1980-81) was charged to the Supplementary Retirement Benefits Account.

Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory unemployment insurance program applying to everyone employed, subject to minor exceptions.

The Act authorizes an account in the accounts of Canada to be known as the Unemployment Insurance Account.

The Act provides that the following amounts be credited to the Account: (a) premiums, fines, penalties and interest; (b) refunds of overpayments of benefits; (c) all amounts for services rendered to other Government departments or agencies, or to the public; (d) amounts provided for any other purpose related to unemployment insurance and which are authorized by an appropriation administered by the Canada Employment and Immigration Commission; and, (e) interest on the balance of the Account at such rate that the Minister of Finance may authorize. The Act also provides that the following amounts be charged to the Account: (a) benefits paid under the Act; and, (b) the costs of administering the Act.

Maximum weekly employee premiums were \$5.67 from April 1, 1981 to December 31, 1981 and \$5.78 from January 1, 1982 to March 31, 1982. For the same periods, maximum weekly benefits were \$189 from April 1, 1981 to December 31, 1981 and \$210 from January 1, 1982 to March 31, 1982.

Interest bearing loans are made to the Unemployment Insurance Account under Section 137(1) of the Unemployment Insurance Act as a result of deficiencies in contributions from employers and employees. The balance outstanding as at March 31, 1982 bears interest at a rate of 15% per annum and is repayable on or before August 31, 1982. The balance outstanding at year end is deducted from the balance of the Unemployment Insurance Account to show the net position of the Account.

Government Annuities Account

This account was established by the Government Annuities Act and modified by the Government Annuities Improvement Act which discontinued future sales of annuities. The account is valued on an actuarial basis each year with the deficit or surplus charged or credited to the Consolidated Revenue Fund.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts and discontinued future sales of annuities.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities related to annuitants which cannot be located are transferred to non-tax revenue.

Canadian Ownership Account

This account was established under the authority of Vote 5c, Appropriation Act No 4, 1980-81. The account is credited with amounts received from the Canadian Ownership special charge levied to increase public ownership of the oil and gas industry in Canada.

During the year, advances were made to Petro-Canada to finance the acquisition of Petrofina Canada Inc, as authorized by Vote 5c. Petro-Canada issued interest-free notes convertible into its shares, in return. Petro-Canada's investments in Petrofina Canada Inc are reported as a deduction from this account.

Deposit and Trust Accounts

Deposit and trust accounts is a group of liabilities representing the Government's financial obligations in its role as administrator of certain moneys that it has received or collected for specified purposes and that it will pay out accordingly. To the extent that the funds received are represented by securities, these are deducted from the corresponding accounts to show the Government's net liability.

Table 8.12 presents a summary of the balances and transactions in deposit and trust accounts.

Commonwealth institute of biological control

This account reflects the financial transactions of the Commonwealth institute of biological control, a scientific institution working on the biological control of harmful insects, which is supported by contributions from member countries of the British Commonwealth and is directed by the Executive Council of the Commonwealth Agricultural Bureau.

Prairie farm emergency fund

The Prairie Farm Assistance Act provides for a levy of 1% to be deducted by all licensed purchasers of grain, the amount so deducted to be transferred to the Canadian Grain Commission for deposit to the credit of a special account known as the Prairie farm emergency fund. The levy is not collected in respect of grain grown by farmers who participate in approved crop insurance programs. Collection of levies was discontinued, effective August 1972.

Western grain stabilization account

The purpose of the Western Grain Stabilization Act is to protect prairie grain producers from unexpected and large income declines, through the stabilization of returns on the production and sale of wheat, oats, barley, rye, mustard seed, rapeseed and flax seed as well as any other seed as may be prescribed which is: (a) produced in the designated area and, (b) named in Schedule 1 to the Canada Grain Act and designated therein as "Canada Western".

This account contains funds for this purpose which are received from:

- (a) levies paid by participating producers—Normally 2% of grain sales proceeds to an annual maximum of \$45,000 eligible proceeds per participant;
- (b) Government contributions equal to levies paid by producers plus an additional 2% of the participating eligible grain sales proceeds of all participants; and,
- (c) interest on the amount standing to the credit of the stabilization account, at rates and in accordance with terms and conditions determined by the Minister of Finance.

Deposit account—Public Archives

This account is provided for the recording of advance payments received in connection with the sale of microfilm and reproductions.

Cultural exchange—Government of Manitoba

This account was established to administer funds for the Government of Manitoba, a scholarship program to encourage French nationals to undertake graduate studies in a university in Manitoba.

This account was closed during the year.

Deposit account—Consumer and Corporate Affairs

This account represents sums of moneys held in trust to defray the cost of services provided on a regular basis by the department. No interest is credited to the account.

Estate fund—Bankruptcy Act

Under the provisions of Section 5(9) of the Bankruptcy Act, the Superintendent, for the protection of an estate, may require that funds of an estate be remitted to the Receiver General pending the appointment of a trustee. This account is credited with funds so remitted and charged with disbursements to appointed trustees.

Security deposits—Bankruptcy Act

This account represents liabilities to authorized trustees under the Bankruptcy Act, for securities held in trust. This account is credited when securities are deposited by trustees and charged when securities are returned to trustees.

Shares in trust—Bankruptcy Act

This account represents the value of share certificates originally held by a bankrupt stockbroker on behalf of various clients who have not been located.

Share proceeds in trust—Bankruptcy Act

This account represents dividends paid on stocks originally held by a bankrupt stockbroker but subsequently sold to various clients. As the stocks were not registered in the clients' names, the dividends must be paid to the last registered owner, in this case, the stockbroker. The dividends are now forwarded to the Superintendent of Bankruptcy for safekeeping.

Unclaimed dividends and undistributed assets—Bankruptcy Act

This account represents the totals credited to the Receiver General in accordance with the provisions of Section 125 of the Bankruptcy Act, pending distribution to creditors.

Unclaimed dividends and undistributed assets—Canada Business Corporations Act

This account represents liabilities to creditors and shareholders who have not been located. The account is debited when funds are paid to creditors and shareholders.

Unclaimed dividends and undistributed assets—Winding-up Act

Amounts in this account were credited to the Receiver General, in accordance with the provisions of the relevant Act, pending distribution.

Immigration guarantee fund

This account records amounts collected and held pending final disposition either by refund to the original depositor or forfeiture to the Crown.

During the year, withdrawals totalled \$2,215,180 and consisted of refunds to depositors, \$1,826,084; departmental expenses recovered from deposits, \$51,902; and, forfeitures to the Crown, \$337,194.

Oil export charges sharing account

This account records the share of the oil export charges that is payable to the oil producing provinces in accordance with Section 10 of the Act to amend the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977 and to provide for payments to certain provinces. The share of the oil export charges is in respect of oil produced in and exported from the provinces of Alberta, Manitoba and Saskatchewan, during the period November 1, 1980 to January 31, 1982.

The share payable was recorded by a charge of \$444.8 million to the revenue account—Oil export charges and by a corresponding credit to this account. The amount of \$444.8 million includes \$100.2 million taken into revenue in 1980-81. The total amount of the share will be paid to the oil producing provinces in 1982-83.

Guarantee deposits—Oil and gas

This account records cash deposited with the department as guarantees for oil, gas and mining rights. Interest is not authorized to be paid on cash deposits.

Also recorded in this account are securities deposited with the department as guarantees for oil, gas and mineral rights. Securities furnished as guarantees are held in the custody of the Minister of Supply and Services. Securities deposited with the Department of Supply and Services during the year totalled \$43,600,528 and securities released totalled \$17,686,752.

Market development incentive payments—Alberta

This account records moneys received from the Government of Alberta to encourage the expansion of natural gas markets in provinces east of Alberta, for the period November 1, 1981 to January 31, 1987. These moneys are received in accordance with an agreement entered into between the Government of Canada and the Government of Alberta on September 1, 1981.

Miscellaneous projects' deposits—Energy, Mines and Resources

These funds, which are for the furtherance of research work, are comprised of contributions from organizations and individuals.

Nuclear liability reinsurance account

This account was established to record premiums under the Nuclear Liability Act and to provide for payments against any claim arising from an accident at an insured facility.

Miscellaneous projects' deposits—Environment

These funds, which are for the furtherance of research work, are comprised of contributions from organizations and individuals.

Guarantee deposits—Parks Canada

This account was created to record amounts deposited with the department to ensure compliance with the terms and conditions of contracts.

Canada Foundation account

This account records moneys received in connection with the Civilian Relief Agreement of 1950 and the Cultural Agreement of 1954 between Canada and Italy, and disbursements for the purposes of the said agreements.

The account is maintained in Italian lira in the Banco di Roma, Italy, and all relevant transactions recorded in foreign currencies during the year are converted at the rate of exchange prevailing at the close of the year (1981-82, 1 Lira/\$0.0009265 Cdn; 1980-81, 1 Lira/\$0.001122 Cdn).

During the year, income derived from the operation of the account amounted to Lira 45,967,272—\$42,589 Cdn and disbursements for cultural activities and administrative expenses were Lira 35,157,999—\$32,574 Cdn. Adjustment of the book value carried forward from the previous year resulted in valuation decreases of \$49,656 to securities held in trust and \$17,383 to cash on deposit. The closing balance consists of securities at cost and cash on deposit.

Guarantee deposits—Canadian International Development Agency

This account records insurance claims cheques for damage "in transit" of goods being shipped to the country specified in the loan agreement, pending the decision of the country on the use of these moneys to reduce the loan balance or to purchase replacement goods.

International agencies—Travel account

This account records the funds made available by international agencies to provide for payment of transportation of fellows and scholars who travel in Canada under the sponsorship of such agencies.

Common school funds—Ontario and Quebec

The funds represent the proceeds from the sale of lands set apart for the support and maintenance of common schools in Upper and Lower Canada, now Ontario and Quebec. Interest of \$133,889 apportioned on the basis of population is paid semi-annually to these provinces at the rate of 5% per annum, and is charged to interest on public debt.

Foreign claims fund

This account records: (a) such part of the money received from the Custodian of Enemy Property, proceeds of the sale of property and the earnings of property, and, (b) all amounts received from governments of other countries pursuant to agreements entered into after April 1, 1966 relating to the settlement of Canadian claims, and also records payment of claims submitted including payment of the expenses incurred in investigating and reporting on such claims.

Interest calculated at a rate equal to 90% of the simple arithmetic mean of accepted weekly three-month Treasury bill tender rates for the month immediately preceding the month in respect of which interest may be allowed, is credited to this account and is charged to interest on public debt.

Halifax 1917 explosion pension account

This account was established to provide for the continuation of pensions, grants and allowances following the dissolution of the Halifax Relief Commission.

Investors' indemnity fund

Section 48 of the Financial Administration Act provides for this account and for the crediting thereto of the sum of \$25,000, such further amounts as are appropriated by Parliament for the purposes of this Section, and any recovery of losses referred to in Section 49 of the Act.

Section 49 states that the Minister may, in accordance with and subject to the regulations, pay out of the account any losses sustained by subscribers for Government securities who have paid all or part of the purchase price but have not received the security or repayment of the amount so paid and losses sustained by any person in the redemption of securities.

Public officers guarantee account

Section 98 of the Financial Administration Act provides for this account and the crediting thereto of: (a) the balance of the Government officers' guarantee fund; (b) amounts paid by departments and Crown corporations by way of premiums; (c) amounts recovered by Her Majesty in respect of payments out of the account or the Government officers' guarantee fund; and, (d) moneys appropriated by Parliament for the purposes of the account. Payments may be made out of the account in accordance with the regulations by way of indemnity for losses suffered by Her Majesty or others by reason of defalcations or other fraudulent acts or omissions of public officers.

Crop reinsurance fund

Under the Crop Insurance Act, the Government of Canada is empowered to enter into an agreement with the government of any province to provide contributions and loans in respect of crop insurance.

Section 5(1) of the Act provides authority to establish an account to be known as the crop reinsurance fund, to credit this account with all moneys paid by the provinces for the purpose of reinsurance and to charge this account with all moneys paid to the provinces under the terms of reinsurance agreements.

Annuities agents' pension account

This pension plan was established for annuities agents. During the year, interest amounting to \$2,749, calculated at the rate of 4% per annum, was credited to the account and charged to interest on public debt. Contributions from the Annuities Branch as former employer amounted to \$9,153.

Civil service insurance fund

In this account are recorded transactions in connection with insurance contracts made under authority of the Civil Service Insurance Act. Entering into contracts was discontinued in 1954-55 pursuant to Subsection 51(2) of the Public Service Superannuation Act.

During the year, receipts and other credits consisted of premiums, \$37,874; and, an amount of \$364,396 (charged to budgetary expenditure) which represents an adjustment to bring the balance in the fund into agreement with the actuarial valuation as at March 31, 1981. Payments and other charges consisted of death benefits, \$610,935; cash surrender value, \$277,824; annuities, \$49,817; and, premium refunds, \$465.

Fishing vessel insurance plan

The fishing vessel insurance plan is administered in accordance with regulations of the Governor in Council, for the purpose of assisting fishermen to meet abnormal capital losses. The account is credited with all amounts received by way of premiums and recoveries and with advances in accordance with the regulations, such advances not at any time to exceed \$150,000. The account is charged with refunds of premiums and payments in settlement of third party vessel collision damage claims against fishermen where the collision involves a vessel insured under the fishing vessel insurance plan. Administration costs are paid from Department of Fisheries and Oceans Vote 1.

Regular forces death benefit account

This account is maintained under the Canadian Forces Superannuation Act. Receipts and other credits consist of: (a) contributions by participants; (b) Government's contribution (1/6 of benefits paid in respect of participants who, at the time of death, were members of the regular forces or who were elective regular forces participants to whom pensions were payable under the Canadian Forces Superannuation Act or the Defence Services Pension Continuation Act); (c) single premiums payable by the Government in respect of regular forces participants who become entitled to a basic benefit of \$500 without contribution; and, (d) interest.

Payments and other charges consist of: (a) benefits paid in respect of participants who, at the time of death, were members of the regular forces or who were elective regular forces participants to whom pensions were payable under the Canadian Forces Superannuation Act or the Defence Services Pension Continuation Act upon their retirement from the regular forces; (b) benefits paid in respect of elective regular forces participants to whom pensions were not payable under the Canadian Forces Superannuation Act or the Defence Services Pension Continuation Act upon their retirement from the regular forces; and, (c) portion of benefit payable for which a single premium has been paid by the Government.

Members of Parliament retiring allowances account

The Members of Parliament Retiring Allowances Act provides retiring allowances on a contributory basis to persons who have served as Members of Parliament. "Member" means a member of the Senate or House of Commons. Allowances are also available to the widows and to dependent children of deceased members.

Receipts and other credits consist of: (a) contributions reserved from current indemnities based on the full amount paid; (b) contributions reserved from additional salaries based upon the percentage of contribution elected up to 10% of the full amount of salary; (c) contributions for previous sessions where members elect to pay arrears, and interest on the arrears; (d) interest and mortality insurance on any unpaid balance, based on Canada Life Tables; (e) contributions by the Government of an amount equal to contributions paid or which have become payable in the year; (f) interest credited quarterly; and, (g) repayment of pensions after elections to transfer Members of Parliament retiring allowances to the Public Service Superannuation Account.

Payments and other charges consist of: (a) payments of annual allowances; (b) withdrawal allowances; (c) refunds of contributions which are in excess of the maximum required; and, (d) transfers of funds to the Public Service Superannuation Account.

Retirement fund

Contributions are made to the fund in the form of monthly deductions from the salaries of certain prevailing rate or seasonal and certain other employees. Other credits are the accrual of interest at the rate of 4% per annum on the balance to the credit of each contributor, the off-setting charge being to interest on the public debt. Payments and other charges represent payment of the amounts to the employees' credit upon resignation or death, or, if they become contributors to the Public Service Superannuation Account, transfers to that account.

Returned soldiers' insurance fund

This account was established by the Returned Soldiers' Insurance Act, to provide life insurance to veterans of World War I. The account was credited with the amount received as premiums and an amount of \$62,802 (charged to budgetary expenditure) representing an actuarial liability adjustment as at March 31, 1981 and debited with disbursements for death benefits and cash surrender values. The final date on which application for this insurance could have been received was August 31, 1933.

Veterans' insurance fund

This account was established by the Veterans' Insurance Act to provide life insurance for veterans of World War II. The account was credited with the amount received as premiums and an amount of \$745,298 (charged to budgetary expenditure) representing an actuarial liability adjustment as at March 31, 1981 and debited with disbursements for death benefits and cash surrender values. The final date on which application for this insurance could have been received was October 31, 1968.

SUPPLEMENTARY STATEMENTS

Canada Pension Plan Account and Canada Pension Plan Investment Fund

(Established by the Canada Pension Plan)

AUDITOR'S REPORT

THE HONOURABLE MONIQUE BÉGIN, P.C., M.P.
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the statements of the Canada Pension Plan Account and the Canada Pension Plan Investment Fund for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these statements present fairly the Account and the Fund for the year ended March 31, 1982 in accordance with the accounting policies set out in Note 2 to the statements, applied on a basis consistent with that of the preceding year.

As explained in Notes 1 and 6, these statements are not intended to show the adequacy of the balance in the Account to meet, on an actuarial basis, the future obligations of the Canada Pension Plan. Projections by the Chief Actuary indicate that, if no change is made in the combined employer-employee contribution rate of 3.6%, the annual cost of benefits and expenses would exceed the amount of annual contributions by 1985. If the increase in contribution rate were delayed beyond 1992, the balance of the Account would begin to decline and by the year 2003, would be exhausted. Since a major financial change takes place at each of these dates and as a change in the general level of benefits or in the rate of contributions requires agreement by the Provinces and, unless waived, a delay to at least January 1 of the third year following the year in which notice of change was laid before Parliament, a decision on long-term financing arrangements needs to be made in the near future.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1982

1. Authority and objectives

The Canada Pension Plan Account (the Account) was established in the accounts of Canada by Section 110.(1) of the Canada Pension Plan, a 1965 Act of Parliament. The objective of the Account is to record the contributions, interest income, benefits and expenses under the Plan. Its balance is not intended to represent the future obligations of the Plan.

The Canada Pension Plan Investment Fund (the Fund) was established in the accounts of Canada by Section 111.(1) of the Plan. Its objective is to record the investment in securities of the Provinces and Canada.

2. Accounting policies

Canada Pension Plan Account

The amounts credited and charged to the Account are in accordance with Sections 110.(2) and 110.(3) respectively. Contributions, interest income and benefits are recorded on a cash basis. Contributions are received from the Department of National Revenue—Taxation based on estimates of collections for the current year and adjustments to the estimates of prior years. Expenses include amounts relating to work performed or services rendered

prior to April 1. The balance in the Account represents the accumulated excess of contributions and interest income over benefits and expenses to date.

Canada Pension Plan Investment Fund

The amounts charged and credited to the Fund are in accordance with Section 111.(2). All securities held are carried at cost, are non-negotiable and have a term of 20 years or such lesser period as may be determined by the Minister of Finance on the recommendation of the Chief Actuary of the Department of Insurance. The securities bear interest based on the average market yield of Canada bonds having 20 years or more to maturity as of the beginning of the month preceding the month in which the securities are issued.

3. Investment in securities

When the operating balance on deposit with the Receiver General exceeds the estimated amount required to meet all payments in the following three-month period, the excess is available for purchase of securities of the Provinces and Canada.

Provinces are notified monthly of such excess that is available for the purchase of their securities. The amount available to each province is the proportion that contributions credited to the Account during the preceding ten years in respect of employment in that province is of the total contributions in those years. Contributions received in respect of employment in the Yukon Territory, the Northwest Territories and from certain other employees outside Canada are invested in securities of Canada.

The securities of Quebec relate to the contributions of certain federal employees, such as members of the Canadian Armed Forces, who are residents in the Province of Quebec.

4. Interest income

The weighted average rate of interest on securities purchased during the year was 15.43% (1981—12.70%).

Interest on the operating balance, credited at the end of each month, is based on the average daily balance for the preceding month at rates equal to the average yields at

tender on three-month Treasury bills during the month in respect of which interest is paid, less 1/8 of 1 per cent. During the year, interest was credited at a weighted average rate of 17.21% (1981—13.19%).

5. Expenses

Expenses of the Account represent the costs of administration charged for services provided by six federal government departments: National Revenue—Taxation (collection of contributions); National Health and Welfare (administration); Supply and Services (accounting and computer services); Public Works (accommodation); Employment and Immigration (assignment of social insurance numbers and maintenance of central index) and Insurance (actuarial services).

6. The Canada Pension Plan

The Canada Pension Plan is a compulsory and contributory social insurance plan which enables members of the labour force to acquire and retain protection for themselves and their families against loss of income due to retirement, disability or death. The Plan applies in all parts of Canada, except for the Province of Quebec which has a parallel plan.

Under existing arrangements, all benefits and all costs incurred in the administration of the Plan are financed by the contributions made by employees, employers and self-employed persons and the interest earned from the investment of funds.

The Plan is not designed to be fully funded on a private sector pension plan basis. However, if the Plan had been designed to be fully funded, the Chief Actuary has estimated, based generally on the same assumptions made in his December 31, 1977 report, that an amount of \$134.4 billion would be required at December 31, 1981 to pay future benefits of all contributors and pensioners in the Plan at that time.

When the Plan was introduced, the combined employer-employee contribution rate was set at 3.6% of the contributory earnings with the understanding that this would be sufficient to meet the cost of benefits and administration for a certain period of time but not indefinitely. In the initial years, a fund would be built up from which resources would be used to purchase securities of the provinces and, to a much lesser extent, securities of Canada as described in Note 3. However, since inception of the Plan, it has been recognized that the 3.6% contribution rate would need to be raised at some point in the future.

Under the Plan, the Chief Actuary of the Department of Insurance is required to prepare an actuarial report on its operation and the state of the Account at least once every five years and to update the latest report whenever legislation affecting the Plan is introduced in the House of Commons. The most recent report, tabled in the House of Commons on December 18, 1978, indicated that if no changes were made to the combined employer-employee contribution rate of 3.6%, the annual cost of benefits and

expenses would exceed the amount of annual contributions by the year 1985.

After 1985, a gradually increasing proportion of the interest income would be needed to finance benefits and expenses, and no further funds, apart from the reinvestment of a portion of interest owed to the Account, would be available to the provinces as loans. The Account would continue to grow until 1992 when all of the interest would be needed to meet payments. If the increase in the contribution rate were delayed beyond 1992, the balance of the Account would start to decline and by the year 2003, it would be exhausted. The contribution rate would then be required to be adjusted upwards, eventually reaching 8 to 9% by the year 2025.

While the Plan is administered by the Government of Canada, the Government does not have exclusive authority to effect changes to the Plan. Under existing legislation, any proposed enactment to alter the general level of benefits or the rate of contributions requires agreement by at least two-thirds of the ten provinces having an aggregate of not less than two-thirds of the population, and a delay, before coming into force, to at least January 1 of the third year following the year in which notice of intention to make the change was laid before Parliament. However, this latter requirement has been waived on two occasions when changes to the Plan have been enacted.

A long-term financing philosophy for the Plan which will include the timing and rate of increase of the contribution rate is being considered by the Provinces and the Federal Government.

Unemployment Insurance Account

(Established under the Unemployment Insurance Act, 1971)

AUDITOR'S REPORT

THE HONOURABLE LLOYD AXWORTHY, P.C., M.P.
MINISTER OF EMPLOYMENT AND IMMIGRATION

I have examined the balance sheet of the Unemployment Insurance Account as at December 31, 1981 and the statement of revenues and expenses for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Account as at December 31, 1981 and the results of its operations for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements, applied on a basis consistent with that of the preceding year.

As explained in Note 5 to the financial statements, my Office conducted a study, comparable to that carried out in 1978, of benefit payments. The results of the current study established that overpayments and underpayments of benefits not previously identified by the Commission still exist but to a lesser extent than in 1978.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31 1981

1. Authority and objective

The Canada Employment and Immigration Commission, a departmental Crown corporation under the Financial Administration Act, administers the Unemployment Insurance Act, 1971 as amended. The objective of the Act is to provide short-term financial relief and other assistance to eligible workers. The financial operations relating to this objective are reported through the Account.

In the accounts of Canada, an account (Unemployment Insurance Account) was established by Section 131 of the Act. All amounts received under the Act are deposited in the Consolidated Revenue Fund and credited to this account. Benefits and administration expenses are paid out of the Consolidated Revenue Fund and charged to this account.

2. Accounting policies

(a) Premiums from employers and employees

Under Part IV of the Act, the Minister of National Revenue is responsible for collecting premiums from employers and employees. These premiums are recorded based on the estimate for the current year and include adjustments between actual and estimated premiums of prior years.

(b) Interest

Interest earned on the deposit with the Receiver General for Canada is reduced by the interest charged on any advances made by the Government of Canada to the Account, and is recorded on an accrual basis.

(c) Penalties

Penalties, levied pursuant to Section 47 of the Act, are recorded on an accrual basis.

(d) Benefits

Benefits represent warrants issued during the year less benefit overpayments identified by the Commission during the year and benefit repayments under Section 142 of the Act.

(e) Administration expenses

The costs of administration of the Act are determined by Regulation and are charged to the Account by the Commission.

(f) Government's share of benefits

The Government's share of benefits is recorded on an accrual basis.

Other	(511)	784
	<u>50,304</u>	<u>(22,632)</u>

5. Overpayments and underpayments of benefits

The Commission is responsible for exercising the control necessary to ensure the initial and continuing eligibility of approximately 2.4 million individual claimants to whom benefits were paid in 1981, while providing prompt and efficient service to those who are entitled to receive benefits under the Act.

Because of the large number of claimants to be monitored and the requirement for prompt service, internal control procedures are selective rather than universal in application and the Commission relies mainly on the verification of claims after claimants have begun to receive benefits. Therefore, it is possible that overpayments and underpayments of benefits could be made.

Since 1979, the Commission has implemented and expanded the application of new systems and other procedures to improve its internal control and decision-making process in respect of benefit payments. In 1981, to evaluate these changes, the Office of the Auditor General

Unemployment Insurance Account—Concluded

conducted a study using statistical sampling, comparable to that carried out in 1978, of benefits paid during the year.

The results of the current study established that overpayments and underpayments of benefits not previously identified by the Commission still exist but to a lesser extent than in 1978. Also the study indicated that overpayments are estimated at \$178 million (\$290 million in 1978) and underpayments are estimated at \$57 million (\$67 million in 1978). Furthermore, the Commission did not adhere, in a significant number of instances, to all its administrative procedures in processing continuing benefit payments and part of the amounts so paid could represent further overpayments and underpayments.

6. Government's share of benefits

In 1981, following changes made in 1980, the Government's share of benefits for initial, extended duration of employment and extended national unemployment rate represents final adjustments relating to 1980 only.

The benefits for the extended regional unemployment rate and the fishing benefits are the sole responsibility of the Government.

The Government's share of fishing benefits represents the benefits paid minus the fishing premiums which are collected for the Government of Canada.

AUDITOR'S REPORT

THE HONOURABLE LLOYD AXWORTHY, P.C., M.P.
MINISTER OF EMPLOYMENT AND IMMIGRATION

I have examined the balance sheet of the Government Annuities Account as at March 31, 1981 and the statements of revenue and expenditure, and unpaid annuities for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Government Annuities Account as at March 31, 1981 and the results of its operations for the year then ended in accordance with the accounting policy set out in Note 2 to the financial statements and generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1981

1. Authorization and purpose

The Government Annuities Account was established in 1908 by the Government Annuities Act c. G6, R.S. and modified by the Government Annuities Improvement Act 1974-75-76, c. 83.

The purpose of the Account was to assist individuals and groups of Canadians to provide for their later years by the purchase of Government annuities. The purpose of the Improvement Act, assented to on December 20, 1975, was to increase the rate of return on Government Annuity contracts, to increase their flexibility and to discontinue future sales thereof.

The Account is administered by the Canada Employment and Immigration Commission and operates through the Consolidated Revenue Fund.

2. Significant accounting policies

(a) Calculation of unpaid annuities

In accordance with section 15 of the Government Annuities Improvement Act and Regulations, unpaid annuities represent accumulated premiums and accrued interest for unmatured annuities and the present value of matured annuities actuarially determined on the basis of such rate or rates of interest and mortality tables as are prescribed.

(b) Actuarial surplus

If at the end of any fiscal year the calculation of unpaid annuities exceeds or is less than the recorded unpaid annuities, the difference results in an actuarial deficit or surplus which is credited or charged to the Government Annuities Account within the Consolidated Revenue Fund.

(c) Basis of accounting

The accounts of the Government Annuities Account are maintained on an accrual basis.

(d) Revenue—Interest

Interest is calculated annually on unpaid annuities, at a rate of seven per cent, as required by the Government Annuities Improvement Act.

3. Unclaimed annuities

The unclaimed annuities represent amounts transferred to the Consolidated Revenue Fund for annuities which cannot be paid because annuitants cannot be located.

4. Services provided without charge

Administrative expenditures of the Government Annuities Account are provided by the Canada Employment and Immigration Commission.

For the fiscal year ended March 31, 1981, these expenditures totalled \$3,499,000 (\$3,223,000 for 1980). Included therein are amounts for services provided without charge by other government departments to the Commission.

NOTES TO FINANCIAL STATEMENT MARCH 31, 1982

1. Authority and operations

The Royal Canadian Mounted Police (Dependants) Pension Fund was established in 1934 in the Consolidated Revenue Fund and is administered under section 55 of Part IV of the Royal Canadian Mounted Police Pension Continuation Act. The Act provides for members of the Force, other than commissioned officers, appointed before March 1, 1949, to purchase certain survivorship benefits for their dependants by payment of specified contributions. The Fund is to be credited with these contributions together with interest computed quarterly on the balance to the credit of the Fund at the end of the preceding quarter, and charged with contributions withdrawn and pension benefits paid.

Section 56 of the Act directs the Minister of Finance to have an actuarial examination of the Fund made at least once every 5 years. If the actuarial valuation discloses a surplus, the Governor in Council may, by order, increase the benefit payments. If there is an actuarial deficiency, the Governor in Council may direct that there be credited to the Fund out of any unappropriated moneys in the Consolidated Revenue Fund such amount as may be required to re-establish solvency of the Fund.

2. Accounting policy

All transactions of the Fund are accounted for on a cash basis.

3. Supplementary information

The most recent actuarial examination was made as at March 31, 1980. The valuation disclosed an actuarial surplus of \$1,730,000 of which \$1,048,000 was allocated to the payment of increased pension benefits, retroactive to January 1, 1980.

Some tables in this section present the continuity for each account by showing the opening and closing balances, as well

as receipts and other credits and payments and other charges, i.e. inflow and outflow of transactions. In addition, the term "accounts without current transactions" has been included in some tables in order to provide a link with figures published in the previous year's edition of the Public Accounts to show net transactions in accounts which were closed out in the previous year.

Interest due

Interest due is the amount of interest on the bonded debt, which is payable by coupon but for which the coupons have not been presented for payment.

Interest accrued

Interest accrued is the amount of interest accumulated as at March 31 on the bonded debt and certain liabilities, that is not due and payable until some future date.

Provision for compound and bonus interest on Canada savings bonds

This account records the amount estimated and set aside each year to meet future obligations for additional interest payments in accordance with the term of the issues, to holders of certain Canada savings bonds with special interest features.

Matured debt payable in Canadian dollars

This account records the financial obligations represented by certificates of indebtedness issued by the Government of Canada that have become due but that have not as yet been presented for redemption. Unclaimed matured bonds are transferred to non-tax revenue only when they remain unredeemed 15 years after the date of call or maturity, whichever is earlier; the minimum time before such a transfer is made is 5 years from the date of maturity.

Outstanding cheques

Cheques issued in Canadian dollars and unpaid as at March 31, are recorded in this account. Cheques remaining outstanding for 10 years are transferred to non-tax revenue.

Cheques in foreign currencies are credited at the time of issue to appropriate "cash in Receiver General current deposits accounts".

Warrants for hog and lamb premiums

The balance in this account represents outstanding unredeemed warrants.

During the year, the account was charged with warrants redeemed.

Unamortized Discount on Treasury Bills

This account records the portion of the discount on outstanding Treasury bills which has not yet been charged to expenditure. The discount is amortized as an expenditure over the term of issue.

Accounts Payable

This account represents amounts owing at the year end pursuant to a contractual arrangement, or for work performed, goods received, or services rendered, relating to appropriations on which Parliament has imposed an annual ceiling.

Outstanding Cheques, Warrants and Postal Money Orders

This account records the cheques, warrants and postal money orders issued but not yet presented for payment.

Table 9.3 presents a summary of the balances and transactions in this account.

Post Office money orders

This account represents the liability for money orders outstanding at year end.

This account was closed during the year as a result of the conversion of the Post Office Department to a Crown corporation effective October 16, 1981. Since the Canada Post Corporation uses the Consolidated Revenue Fund for banking purposes, the outstanding money orders of the Corporation as at March 31, 1982, in the amount of \$57.8 million, are included as part of the Canada Post Corporation account (a deposit and trust account in Section 8 of this volume).

Post Office outstanding salary warrants

This account represents the liability for salary warrants issued to employees at revenue and semi-staff post offices, who are paid out of postal revenue.

This account was closed during the year as a result of the conversion of the Post Office Department to a Crown corporation effective October 16, 1981. The balance outstanding was transferred to the Canada Post Corporation account (a deposit and trust account in Section 8 of this volume).

Imprest account cheques

Imprest account cheques issued prior to the current year and unpaid as at March 31, in the current year, with the exception of those outstanding for 10 years or more (which have been

transferred to non-tax revenue), are recorded in this account. In the year, an amount of \$46,320 was transferred to revenue.

Unemployment Insurance warrants

This account records outstanding Unemployment Insurance warrants.

Post Office unfilled philatelic cash sales

This account represents the value of unfilled philatelic cash sales orders.

This account was closed during the year as a result of the conversion of the Post Office Department to a Crown corporation effective October 16, 1981. The balance outstanding was transferred to the Canada Post Corporation account (a deposit and trust account in Section 8 of this volume).

Eldorado Mining and Refining Limited—Unpresented capital stock

The liability of the Government of Canada for the value of paid-up capital stock of the former company which has not been redeemed at the close of the year is recorded herein.

Miscellaneous departmental payroll deductions

Deductions from the salaries or wages of certain employees not paid by Central Pay Office are credited to this account pending transmittal to the department or agency concerned.

Olympic account

This account records transactions in accordance with the Olympic Act. Payments and other charges to the account represent: (a) all administrative, merchandising, distribution, promotion and other costs incurred by Canada in connection with the distribution and sale of olympic coins, as determined by the Postmaster General; (b) the net costs, as determined by the Minister of Finance, of any redemption of olympic coins; and, (c) all amounts paid to the Olympic Corporation. Receipts and other credits represent: (a) proceeds less production costs derived by Canada from the issue and sale of olympic coins, and (b) the amount of the net proceeds derived by Canada from the sale of olympic stamps and postal related products.

Contractors' and other holdbacks

Holdbacks charged to the relevant appropriations of the department concerned and credited to this account under Section 35 of the Financial Administration Act are paid out in accordance with the contracts under regulations of the Treasury Board.

Suspense accounts

Accounts in which transactions are recorded temporarily, pending their ultimate disposition.

FOREIGN EXCHANGE ACCOUNTS

Foreign exchange accounts represent financial claims and obligations of the Government of Canada which are identified with Canada's foreign exchange operations. Financial claims and obligations denominated in foreign currencies are reported at the Canadian dollar equivalent at March 31. Net gains resulting from the translation of the net assets denominated in foreign currencies, to Canadian dollar equivalents as at March 31, are credited to revenue as premium and discount on exchange, and net losses are charged to budgetary expenditure as a statutory item in the Department of Finance.

Table 10.1 presents the continuity for each foreign exchange account by showing the opening and closing balances, as well as receipts and other credits and payments and other charges, i.e. inflow and outflow of transactions. It should be noted, however, that Table 10.1 excludes unmatured debt payable in foreign currencies, amounting to \$4,405 million as at March 31, 1982 (\$4,624 million as at March 31, 1981). Details relating to unmatured debt payable in foreign currencies are presented in Section 11 of this volume.

Exchange Fund Account—Advances

This account includes advances to the Exchange Fund Account for the purchase of gold, foreign currencies, securities and Special Drawing Rights (SDRs).

In 1981-82, payments and other charges consisted of advances to the Exchange Fund Account in the amount of \$23,809 million and a revaluation adjustment of \$81 million in respect of holdings of US and Swiss currencies, while receipts and other credits consisted of repayments of advances of \$23,456 million and a revaluation adjustment of \$197 million in respect of the holdings of Special Drawing Rights and other foreign currencies, resulting in a net asset increase of \$237 million.

The assets of the Exchange Fund Account, which have been translated to Canadian dollar equivalents at the March 31 closing exchange rates, are presented in Table 10.2. Gold held by the Account is valued at 35 SDRs per fine ounce (\$47.81 Cdn as at March 31, 1982 and \$50.93 Cdn as at March 31, 1981).

The financial statements of the Exchange Fund Account as at December 31, 1981, together with the Auditor General's report thereon, are found at the end of this section.

International Monetary Fund—Subscriptions

This account represents the recorded value of Canada's quota (i.e., subscription assigned) in the capital of the International Monetary Fund (IMF).

Each member country is assigned a quota in the IMF in terms of Special Drawing Rights (SDRs), a unit of account defined in terms of a "basket" of five major currencies. By agreement with its members, the IMF establishes these quotas taking into account a variety of economic factors. Quotas are adjusted from time to time to reflect changing conditions. The subscription of each member is equal to the quota thus established and the most current increase in subscriptions has been paid to the IMF as follows:

- (a) 25% in SDRs; and,
- (b) 75% in the member's currency.

Since the IMF was formed in 1946, Canada has paid for its subscription in Canadian dollars, gold and SDRs. The IMF holds a working balance in Canadian dollars equal to one quarter of one per cent ($\frac{1}{4}$ of 1%) of the subscription; this working balance is deposited to the credit of the Fund with the Bank of Canada. The remainder of the Fund's Canadian dollar holdings is maintained in non-interest bearing notes payable on demand; transactions in these notes are based on the IMF's needs for Canadian currency.

Transactions with the IMF included maintenance of value adjustments of \$147 million and a revaluation adjustment of \$34 million due to the appreciation of the Canadian dollar to March 31, 1982. Canada's capital subscription is set in SDR units of account so that when the Canadian dollar depreciates, additional Canadian dollars must be supplied to the Fund to maintain the value of Canadian dollar holdings in terms of SDRs and when the Canadian dollar appreciates, the converse applies. Canada's subscription is also revalued to recognize the increase in the Canadian dollar value of that portion of the subscription which is not offset by the IMF holdings of Canadian dollars.

International Monetary Fund—Notes Payable

This account records non-interest bearing notes issued by Canada to cover that part of the Canadian dollar holdings of the International Monetary Fund in excess of working balance requirements. These notes are payable on demand and are subject to redemption or re-issue, depending on the needs of the Fund for Canadian currency. Non-interest bearing notes were decreased by a net amount of \$3 million during the year.

Special Drawing Rights

When Special Drawing Rights are allocated to Canada by the International Monetary Fund, Canada simultaneously acquires a foreign currency asset and a foreign currency liability. Part of the cumulative value of the SDRs so received is included among advances to the Exchange Fund Account, while the remainder is included as part of our subscription to the Fund. Canada's cumulative allocation appears as a deduction from the above accounts since circumstances could arise whereby Canada could be called upon to repay its allocation, in part or in total.

There was no allocation of SDRs by the Fund to Canada during the year. The recorded amount of \$1,134 million was decreased due to a revaluation adjustment of \$70 million to reflect current exchange rates resulting in a March 31, 1982 balance of \$1,064 million.

SUPPLEMENTARY STATEMENT

Exchange Fund Account

(Governed by the Currency and Exchange Act)

AUDITOR'S REPORT

THE HONOURABLE ALLAN J. MACEACHEN, P.C., M.P.
MINISTER OF FINANCE

I have examined the balance sheet of the Exchange Fund Account as at December 31, 1981 and the statement of income for the year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Account as at December 31, 1981 and the results of its operations for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, the accounting policies of the Account in respect of the valuation of gold and accounting for the realized gains on sales of gold are not in accordance with Section 16 of the Currency and Exchange Act. Gold is recorded at its approximate historical cost and not adjusted to its commodity market value as required, in my opinion, by Section 16. As a result income does not include unrealized valuation gains on gold equal to the difference between commodity market value and approximate historical cost. Realized gains on sales of gold are recorded as valuation gains and taken into income in equal amounts over a three year period. In my opinion, Section 16 requires that these gains be entirely taken into income of the year and, therefore, paid over to the Consolidated Revenue Fund within three months after the end of the year. Officials of the Department of Finance are preparing proposed amendments to the Act to provide explicit authority for the accounting treatment currently being followed by the Account.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 1981
1. Authority and objective

The Exchange Fund Account is governed by the provisions of the Currency and Exchange Act, R.S., c. C-39. The Account is in the name of the Minister of Finance, is administered by the Bank of Canada as fiscal agent and is funded by advances from the Consolidated Revenue Fund.

The principal objective of the Account is to aid in the control and protection of the external value of the Canadian dollar. The Account is the principal repository of Canada's official international reserves. Accordingly, the Minister acquires for the Account those assets which are deemed appropriate for this purpose in accordance with the Act.

2. Significant accounting policies**Valuation of assets**

Securities, including notes and bonds, and Special Drawing Rights (SDRs) are recorded at cost adjusted for amortized premiums and discounts, if applicable, and include accrued interest. Gold is recorded at 35 SDRs per fine ounce, which approximates its historical cost. Cash and short-term deposits include accrued interest where applicable.

Foreign currency translation

Assets and liabilities denominated in US dollars and other currencies are translated to Canadian dollars at year-end closing exchange rates in the Canadian foreign exchange market. Assets and liabilities denominated in SDRs are translated to US dollar equivalents at the year-end US dollar value of the SDR as calculated by the International Monetary Fund and to Canadian dollars at the year-end closing rate of the US dollar in Canada. Investment income in foreign currencies is translated to Canadian dollars at the foreign exchange rates prevailing at the date the income is recorded. The assets and liabilities of the Account have been translated to Canadian dollars at the following year-end rates:

	1981	1980
US dollar	1.1855	1.1938
Deutsche mark	0.5292	0.6050
Swiss franc	0.6641	0.6688
Japanese yen	0.005398	0.005875
Special Drawing Right	1.37987	1.52258

Investment income

Investment income is recorded on an accrual basis and represents interest earned, amortization of premiums and discounts and related gains and losses realized on the sale of securities.

Valuation gains and losses

Valuation gains and losses include the increases and decreases in the value of assets and liabilities resulting from the translation of foreign currencies and SDRs during the year and at year end. Valuation gains and losses also include gains or losses on transactions in

foreign currencies, SDRs and gold or on the liquidation of liabilities. In accordance with the provisions of the Act, valuation gains and losses for the year are taken into income in three equal portions over the current and two succeeding years.

Operating expenses

The Bank of Canada provides, without charge, the administrative, custodial and fiscal agency services to carry out the objectives of the Act. Other expenses incurred in the operation of the account are charged against net income.

3. Cash and short-term deposits denominated in US dollars

		(in millions of dollars)	
		1981	1980
US dollar bank account balance	US	0.3	US 22.4
Cash invested under repurchase agreements		43.3	126.4
Short-term deposits		551.0	450.0
Accrued interest		4.9	2.1
	US	599.5	US 600.9

The US dollar bank account does not earn interest and the balance consists largely of funds not employable for investment purposes until the next day. Amounts held under repurchase agreements are useable balances that are invested overnight by the Federal Reserve Bank of New York.

4. US Government securities

		(in millions of dollars)	
		1981	1980
Treasury bills	US	1,927.9	US 993.0
Treasury notes		199.9	115.7
Accrued interest		5.1	2.2
	US	2,132.9	US 1,110.9

US Government securities have an estimated market value, excluding accrued interest, of US \$2,124.5 million, Cdn \$2,518.6 million (1980—US \$1,099.8 million, Cdn \$1,312.9 million).

5. Special Drawing Rights

Special Drawing Rights (SDRs) were created by the International Monetary Fund (IMF) to supplement international reserve assets. SDRs are allocated to member countries in proportion to their quotas in the IMF and can be used in transactions between participants in the SDR Department of the IMF or in transactions with the IMF itself. At December 31, 1981 one SDR was equivalent to US \$1.16396 (1980—US \$1.27541). Since January 1, 1981 the value of the SDR has been calculated by the IMF as a weighted average of the market values of five major currencies; previously it was based on 16 major currencies.

The liability to the IMF in respect of cumulative allocations is the settlement obligation that would be incurred upon the termination of a country's participation in the SDR Department or on the liquidation by the IMF of this Department. SDRs allocated to Canada by the IMF are advanced from the Consolidated Revenue Fund (CRF) to the Account; however, some SDRs have subsequently been returned to the CRF and used to pay part of Canada's increased subscription in the IMF.

The IMF pays interest on SDRs held by each country and charges interest at an identical rate on the cumulative SDR allocations. The IMF interest rate is based on short-term money market rates in the countries whose currencies are used to define the value of the SDR. Interest paid by the IMF on SDRs held by the Account is included in investment income. Since April 1, 1980 interest on Canada's cumulative allocations has been charged to the Consolidated Revenue Fund and therefore has not been recorded as an expense of the Account.

The following is a reconciliation of IMF cumulative allocations to Canada and the SDR holdings of the Account.

		(in millions of SDRs)	
		1981	1980
IMF cumulative allocations to Canada		779.3	640.9

Exchange Fund Account—Concluded**NOTES TO THE FINANCIAL STATEMENTS**
DECEMBER 31, 1981—Concluded

IMF notes represent Canada's participation in the Supplementary Financing Facility established to assist members with balance of payments needs. These notes were acquired in 1979 and 1980, had original terms to maturity of five years, are redeemable on demand if Canada represents that it has a balance of payments need and are transferable to other IMF members.

7. Gold

	(in thousands of fine ounces)	
	1981	1980
Holdings at the beginning of the year	20,982	22,178

Holdings at the end of the year	20,463	20,982

	(in millions of dollars)	
	US	US
	833.7	935.7

As described in Note 2, gold is recorded at 35 SDRs per fine ounce (US \$40.74; 1980—US \$44.64). The year-end London market price of gold, which varied widely during the year, was US \$400.00 per fine ounce at the last fixing (1980—US \$589.50).

The Minister of Finance entered into agreements whereby the Account's gold was loaned and/or sold to the Royal Canadian Mint and others at market related prices. At year end the Account's gold holdings included gold loans of 626,000 fine ounces (1980—155,000 fine ounces). There was also a commitment to sell 110,000 fine ounces of gold at market related prices.

			3,239.9			2,507.9

Advances from the Consolidated Revenue Fund are limited to Cdn \$10 billion by Order in Council dated March 1, 1979 and are not subject to interest.

In recent years the proceeds of Government of Canada foreign currency borrowings have been advanced in foreign currency from the Consolidated Revenue Fund to the Account. Such borrowings include foreign bond and note issues and bank loans, as well as borrowings under Standby Credit Arrangements with Canadian and foreign banks.

9. Net valuation gains during the year

Net valuation gains on transactions, assets and the liabilities relating to advances from the Consolidated Revenue Fund were as follows:

10. Swap arrangements with the Bank of Canada

From time to time the Account sells US dollars to the Bank of Canada through short-term swaps and agrees to repurchase these amounts at a predetermined exchange rate. These transactions are undertaken to assist in the Bank's management of chartered bank cash reserves. At the end of 1981 there were no amounts outstanding under these swap arrangements as compared to US \$190 million outstanding at the end of 1980.

UNMATURED DEBT

Unmatured debt represents financial obligations resulting from certificates of indebtedness issued by the Government of Canada that have not yet become due.

The Government's holdings of its own securities have been deducted from unmatured debt to report the amount of the Government of Canada's liabilities to outside parties.

Some tables in this section present the continuity for each account by showing the opening and closing balances, as well as issues and retirements, i.e. inflow and outflow of transactions. In addition, the term "accounts without current transactions" has been included in some tables in order to provide a link with figures published in the previous year's edition of the Public Accounts to show net transactions in accounts which were closed out in the previous year.

Marketable Bonds

Marketable bonds are interest bearing certificates of indebtedness issued by the Government of Canada, and having the following characteristics:

- bought and sold on the open market;
- expressed in Canadian or foreign currency;
- subject to call or redemption by the Government before maturity;
- having fixed dates of maturity;
- interest is payable either in coupon or registered form; and,
- face value is guaranteed at maturity.

Registered marketable bonds are transferable by endorsement and delivery by one holder to another. Bearer marketable bonds need not be endorsed.

Table 11.2 presents a summary of the balances and transactions for the marketable bonds. Since most of the marketable bonds are not subject to call or redemption before maturity, exceptions only are noted in the table.

The year-end balances of marketable bonds payable in foreign currencies were translated into Canadian dollars using the closing rates of exchange at March 31, 1982.

Canada Savings Bonds

Canada savings bonds are interest bearing certificates of indebtedness issued by the Government of Canada, and having the following characteristics:

- issued to Canadian residents;
- registered in the name of the holder;
- fixed date of maturity;
- non-marketable;
- redeemable on demand by the holder with accrued interest calculated to the end of the previous month;

—not subject to call before maturity; and,

—term to maturity is seven years or more.

Certain series of Canada savings bonds include provisions for cash bonuses payable at maturity.

Table 11.3 presents a summary of the balances and transactions for Canada savings bonds.

Special Non-Marketable Bonds

Special non-marketable bonds are interest bearing certificates of indebtedness issued by the Government of Canada exclusively to the Canada Pension Plan Investment Fund, and having the following characteristics:

- non-negotiable;
- non-transferable;
- non-assignable;

—term to maturity is 20 years or less;

—interest is payable semi-annually; and,

—redeemable at face value plus accrued interest.

Table 11.4 presents a summary of the balances and transactions for these special non-marketable bonds.

SPECIAL NON-MARKETABLE BONDS

Treasury Bills

Three-month and six-month bills are usually issued weekly, while other bills are issued every four weeks, usually for periods of one year or less.

- issued at a discount in lieu of interest payments;
- maturity: 3 months, 6 months and 12 months;
- issued in Canadian currency only;
- transferable; and,
- bought and sold on the open market.

The balance at March 31, 1982 consists of \$9,375 million in three-month bills; \$6,000 million in six-month bills; and, \$4,000 million in 364-day bills.

Table 11.5 presents a monthly summary of Treasury bill issues and redemptions.

Notes and Loans Payable in Foreign Currencies

This account records borrowings by the Government of Canada under various agreements with banks in Canada, Germany, Switzerland and Japan.

Transactions during the year consisted of issues and retirements in United States dollars and Swiss francs, and revaluations of year-end balances. The balances at March 31, 1982 consist of:

—400,000,000 DM (\$203,520,000 Cdn) four year loan from the Deutsche Bank, Germany;

—500,000,000 SF (\$317,700,000 Cdn) three year loan and 400,000,000 SF (\$254,160,000 Cdn) five year loan, from various Swiss banks; and,

—35,000,000,000 Yen (\$173,495,000 Cdn) ten year loan and 35,000,000,000 Yen (\$173,495,000 Cdn) twenty year loan, from various Japanese banks.

The foreign currency balances were translated into Canadian dollars using the closing year-end rates of exchange at March 31, 1982.

Table 11.6 presents a summary of the balances and transactions for the notes and loans payable in foreign currencies.

Interest Rates

Table 11.7 sets out unmatured debt at March 31, for each of the years 1977-78 to 1981-82 inclusive, with the average rate of interest thereon. For purposes of comparison, the unmatured debt is classified as to marketable bonds, non-marketable bonds (includes Canada savings bonds and the Canada Pension Plan Investment Fund), Treasury bills and notes and loans payable in foreign currencies.

Interest rates on new issues of marketable bonds payable in Canada varied from a low of 13.75% to a high of 18.75% during the year.

Cash in hands of collectors and in transit

This account records public moneys received by public officers prior to the closing of the accounts as at March 31 but not deposited to the credit of the Receiver General for Canada in the Bank of Canada, until after that date.

Moneys received after March 31 but applicable to the current year

Public moneys received after March 31, but applicable to the year ending on that date, are recorded in this account.

This account intends to accommodate refunds of old year expenditure received prior to the closing of the accounts, and receipts to be credited to asset, liability and (in exceptional cases) revenue accounts where the omission of the credits in the old year would tend to make the accounting incomplete or inconsistent.

Cash

The Government's cash account represents public moneys on deposit at March 31, to the credit of the Receiver General for Canada, with banks and other financial institutions.

The cash position of the Government is affected not only by budgetary operations but also by non-budgetary, foreign exchange and unmatured debt operations, all of which must be taken into account when considering the full scope of the Government's financial operations.

Table 12.2 presents a summary of the balances and related transactions in current and special Receiver General deposits. Transactions represent receipts and disbursements.

The year-end balances in foreign currencies have been translated into Canadian equivalents at year-end closing rates of exchange. The foreign currencies held include United Kingdom pounds sterling, United States dollars, Belgian, Swiss and French francs and West German marks.

Receiver General special deposits

These are balances in the hands of fiscal agents of the Government for the purchase or redemption of Government securities and for the payment of interest.

Fixed Assets

Fixed assets are tangible, long-term assets, including major additions or alterations thereto, from which benefits are expected to be derived during their useful life.

The fixed assets of the Government, which include land, buildings, works and equipment, are charged to budgetary expenditure at the time of acquisition or construction in accordance with the accounting policies of the Government of Canada which are described in Note 1 to the audited financial statements (Section 2 of this volume). Their existence, however, is acknowledged on the Statement of Assets and Liabilities by reporting them at the nominal value of \$1.

Accumulated Deficit

The accumulated deficit is the account recording the net sum of annual deficits and surpluses since Confederation, together with certain amounts charged directly to this account. The accumulated deficit is also equal to the excess of recorded liabilities over net recorded assets.

Table 12.5 summarizes the account for the year.

TABLE 12.5**ACCUMULATED DEFICIT**

Contingent Liabilities

A contingent liability is a potential liability which may become an actual liability when one or more future events occur or fail to occur.

The Government of Canada as an accounting entity is defined as all the departments named in Schedule A of the Financial Administration Act; any division or branch of the Public Service, including a commission appointed under the Inquiries Act, designated by the Governor in Council as a department for purposes of the Financial Administration Act; the staffs of the Senate, the House of Commons, and the Library of Parliament; and, any corporation named in Schedule B of the Financial Administration Act.

In accordance with the above definition, the corporations named in Schedules C and D of the Financial Administration Act are excluded from the definition of the Government of Canada as an accounting entity. Information regarding their contingent liabilities as well as details of their borrowings from other than the Government of Canada can be found in Table

7.4—"Summary of the Financial Position of Agent Crown Corporations". In addition, some of these corporations operate insurance programs. Information regarding insurance programs can be found in Note 4 to the audited financial statements of the Government in Section 2 of this volume.

The contingent liabilities of the Government consist of explicit guarantees by the Government, i.e. borrowings by Crown corporations and other than Crown corporations which are not agents of Her Majesty, including borrowings guaranteed by bodies within the accounting entity under various acts and programs and explicit guarantees by the Government for loans, financial arrangements and other potential liabilities. They also consist of potential losses arising from pending and threatened litigation relating to claims and assessments in respect of breach of contract, damages to persons and property, and like items. Pending and threatened litigation is reported in total in the following table. This table is also summarized in Note 2 to the audited financial statements of the Government in Section 2 of this volume.

(1) Represents the average percentage over the most recent 5 years of net claims to the amount of outstanding guarantees as at March 31, 1982.

(2) Authorized limit for loan guarantees for on-reserve housing totals \$100,000,000 (shown above) for loans made by Canada Mortgage and Housing Corporation, the Farm Credit Corporation and other approved lenders.

(3) Committed guarantees exist for loans to be made to Indians for on-reserve housing and for the Indian economic development program. The amounts to be guaranteed are \$14,193,767 and \$61,160 respectively. As at the reporting date, no loan instruments have been issued.

(4) These Acts place limits on the maximum amount of guarantee for loans made by eligible lenders over different time periods. The maximum amount of guarantee per lender is expressed in legislation as a percentage of aggregate loans made to qualified borrowers and vary depending upon the dollar value range of aggregate loans made by each lender.

(5) Less than .1%.

(6) Represents total loan guarantees made for loans having a balance outstanding as at March 31, 1982.

(7) An agreement with Chrysler Canada Ltd in the amount of \$200,000,000 has been entered into with respect to future loan guarantees. As at the reporting date, no loans have been made under the above agreement and consequently, no contingent liabilities exist.

A letter of comfort was issued by the Department of Transport to guarantee loans made to Ridley Terminals Incorporated. These loans are for the purpose of construction of a coal terminal and Parliamentary approval is being sought to guarantee a loan of up to approximately \$185,000,000, representing 80% of the initial capital cost of the project. As at August 31, 1982, the total amount loaned to Ridley was \$16,200,000.

(8) There have been no claims under the Nuclear Liability Act since its inception in 1970. The Act covers 15 Canadian nuclear installations as at March 31, 1982.

(9) In July 1982, the Department of Industry, Trade and Commerce disbursed \$126,349,358 to acquire 62.5% of the outstanding Series "D" preferred shares of Massey-Ferguson Limited. This purchase results from an agreement dated June 15, 1981, between the Government of Canada and Massey-Ferguson Limited, whereby the Government guaranteed to redeem, upon request, five million preferred shares in the event of a failure by the Company to pay a dividend. On June 30, 1982, the Company defaulted on its dividend payment.

Also in July 1982, the Department disbursed an amount of \$9,000,000 to acquire two LRC train sets from Bombardier Inc. This was the result of Amtrak not exercising its option to purchase the trains at the end of a lease-purchase agreement with Bombardier Inc which Industry, Trade and Commerce had guaranteed.

(10) The Post Office Department was converted to the Canada Post Corporation by an act of Parliament on October 16, 1981. There are certain valuations to be determined for major assets turned over to the Corporation. In addition, the transfer of titles to the land and buildings turned over to the Corporation by the Government has not been completed. Therefore, the Corporation's contingent liabilities are reported in this table.

Tariff items 41100—1, 42700—1, 42700—2, 42700—3, 42700—4, 42700—5, 42700—9, 42701—1, and 42701—2 provide that in the case of the importation into Canada of any goods enumerated in the items, the Governor in Council, on the recommendation of the Minister of Industry, Trade and Commerce, may, whenever he considers that it is in the public interest and that the goods are not available from production in Canada, remit the duty specified in these items applicable to the goods. Remissions of duty are less the duty applicable to the first \$500 of value for duty in respect of each application. The following remissions were granted on the recommendation of the Minister of Industry, Trade and Commerce and the Treasury Board under the provisions of the tariff items, and represent customs duty on machinery and parts as described in the various remission orders and schedules thereto, the amounts shown representing that portion of the remission applicable to the machinery and parts imported during the period April, 1981 to March 31, 1982, inclusive:

<i>Remissions of income tax:</i>	
André Viens Inc, Victoriaville, Que	1,619
PC 1982—3/605 dated February 25, 1982, remits income tax of \$1,603 plus relevant interest in respect of the 1975 taxation year.	
The taxpayer is a manufacturer of farm equipment who in February 1980, filed amended returns for the years 1975 to 1978 to claim a deduction for manufacturing and processing which had not previously been claimed.	
The Department thought that the 1975 return was statute-barred under paragraph 164(1)(a). However, it was not statute-barred by virtue of paragraph 152(4)(6) until 1980.	
Therefore, a remission has been granted.	
Andrews, William G, Toronto, Ont	2,888
PC 1981—8/1673 dated June 18, 1981 remits income tax in the amount of \$2,381 plus relevant interest payable in respect of the 1973 taxation year.	
William G Andrews filed Notices of Objection in respect of disallowed expenses for 1971 and 1972. The reassessments were confirmed and it was recommended that the 1973 return be similarly adjusted.	
In January 1979, by Consent to Judgement, the expenses were allowed in part. By correspondence and discussions, the taxpayer's representatives were led to

believe that the 1973 return would be included in the adjustment. The Department of National Revenue failed to request a waiver for the 1973 return which became statute-barred on May 22, 1978 predating the consent.

Due to the amount of tax and the failure of the Department to request a waiver, a remission has been recommended.

Berkinshaw, Estate of Ora Jane, Toronto, Ont 42,093

PC 1980—2/2475 dated September 12, 1980 remits estate tax of \$42,093.

Richard C Berkinshaw, deceased May 4, 1970, created a trust settlement whereby the income was payable to his spouse Ora Jane Berkinshaw. The trust provided that on her death, the capital would be distributed to charity.

At Richard's death, the trust was exempt from estate tax and it was deemed to be property passed to the spouse.

On the death of Ora Jane Berkinshaw on September 25, 1970, the trust settlement was subjected to estate tax of \$42,093 as the gift to charities was not applicable to her but to her predeceased husband.

The Minister of Finance in 1969 acknowledged that such a situation was a defect in the Estate Tax Act and proposed an amendment to the legislation and to remit any taxes that might become payable in the interim as a result of this defect. The amendments were never introduced as the federal government vacated the estate tax field in 1972.

In view of the proposed amendment, it was recommended that the estate taxes paid should be remitted.

Bodie, John L, Hamilton, Bermuda 6,222

PC 1981—10/1673 dated June 18, 1981 remits income tax in the amount of \$6,222 in respect of the 1976, 1977 and 1978 taxation years.

John L Bodie at age 65 ceased to be a Canadian resident and became a resident of Bermuda in June 1975.

He received Registered Pension Plan payments from Genstar Limited but these payments were transferred to a RRSP in the period of mid-1977 to June, 1978.

In respect of the RPP payments received in 1976, 1977 and 1978, the taxpayer was assessed \$6,222 income tax in July 1978.

In 1979, funds amounting to \$143,581 were withdrawn from the RRSP and non-resident tax of \$35,895 was withheld. This withdrawal included the amount transferred from the RPP on which income tax of \$6,222 had previously been paid.

As this is a duplication of income tax, a remission in the amount of \$6,222 has been recommended.

Buck, W Keith, London, England 19,769

PC 1981—5/2459 dated September 3, 1981, remits income tax in the amount of \$11,861 for 1977 to 1981

taxation years under Part XI and \$7,908 accruing in 1981 taxation year under Part XIII.

The taxpayer served with the Canadian High Commission in London. In 1977, he became an employee of the United Nations in London. He enquired from the Ottawa District Office as to his residency status and was informed that he would be a continuing resident. On the basis of this opinion he deposited his Civil Service pension in a registered retirement pension plan.

As his actual status was a non-resident, he was taxable on excess contributions and also on the amount to be refunded to him.

As the Department erred in advising him on his residency status and the resulting tax is material, a remission has been recommended.

Canadian Forest Products Limited, Vancouver, BC 93,072

PC 1981—9/1673 dated June 18, 1981 remits income tax payable in the amount of \$93,072 in respect of the 1973 taxation year.

Canadian Forest Products Limited 1973 income tax return was assessed allowing a logging tax deduction based on logging operations income reported.

The taxpayer was re-assessed in 1979 by the Province of British Columbia with an increased logging tax of \$385,528 in order to correct an error on the original assessment. This error came about because of a 1972 strike, a price increase and the practice of log trading.

At the time of the provincial reassessment, the taxpayer's 1973 taxation year was statute-barred. The taxpayer has referred to a prior case PC 1970—7/831, May 12, 1970 where a remission was granted when a company was re-assessed for Quebec Logging Tax at a time when its relevant taxation year was statute-barred.

Accordingly, a remission of \$93,072 income tax has been recommended.

Coons, L Gilbert, Toronto, Ont

PC 1981—9/3076 dated October 29, 1981 remits income tax payable of \$163,584 plus relevant interest in respect of the 1977 taxation year.

The taxpayer and J Arthur Jobin owned 15% of the issued and outstanding common shares and a number of \$10 par value preference shares of Pitt Steel Ltd.

In 1967-69, the taxpayer contributed 5,999 common shares and 1,275 preference shares to his self-administered RRSP.

In 1976, the taxpayer, Mr. Jobin and another shareholder purchased an additional 40% of the common shares at an approximate price of \$65 per share. In order to finance this purchase, it was necessary to borrow \$900,000 and as a part of the transaction, all shares in Pitt owned directly or indirectly were required as security.

The shares in the RRSP accounts were given a value of \$1 per common share and \$10 per preference share and were made available for security purposes. Consideration was not given to the income tax implications as investments in an RRSP cannot be used for security purposes. When the implications were realized, the particular shares were released and placed in trust with a Trust Company.

Pitt Steel Ltd has had cash flow problems and in refinancing, the shareholders have been put into the position of receiving limited financial remuneration in salary and restrictions in dividends and redemption of shares.

If the tax financial penalty is imposed on the use of the RRSP shares as security, the taxpayers may become bankrupt and this could in turn affect the solvency of Pitt Steel Ltd resulting in employee lay-offs.

The shares have been restored to the RRSP accounts and therefore the remission has been granted.

PC 1981—3/2444 dated September 3, 1981, remits income tax in the amount of \$10,111 plus relevant interest, if any, in respect of the 1975 taxation year.

On the 1975 and 1976 returns, the taxpayer allocated amounts for the small business deduction for itself and associated corporations. When the returns were re-assessed, the Department did not use the original calculation and thus miscalculated the tax payable by not allowing the small business deduction to which it was entitled.

The taxpayer did not realize that an error had been made until 1980 and by that time the 1975 return was statute-barred.

Because the Department was at fault at the time of re-assessment, a remission has been recommended.

Employment Tax Credit Remission Order

PC 1981—2008, July 17, 1981 in respect of the 1981 taxation year remits income tax payable for certain eligible employers in respect of employment by them of eligible workers in eligible employment.

Isolated Posts Benefits and Allowances Remission Order

PC 1980—2948, October 30, 1980 in respect of the 1981 taxation year remits income tax payable on subsidized housing, allowances and travel assistance payments for persons employed north of the 60th parallel or in a location designated as an isolated post.

Jobin, J Arthur, Toronto, Ont

PC 1982—4/285 dated January 28, 1982 remits income tax payable of \$57,566 plus relevant interest in respect of the 1977 taxation year.

The taxpayer and L Gilbert Coons owned 15% of the issued and outstanding common shares and a number of \$10 par value preference shares of Pitt Steel Ltd.

In 1967-69, the taxpayer contributed 2,500 common shares and 530 preference shares to his self-administered RRSP.

In 1976, the taxpayer, Mr Coons and another shareholder purchased an additional 40% of the common shares at an approximate price of \$65 per share. In order to finance this purchase, it was necessary to borrow \$900,000 and as a part of the transaction, all shares in Pitt owned directly or indirectly were required as security.

The shares in the RRSP accounts were given a value of \$1 per common share and \$10 per preference share and were made available for security purposes. Consideration was not given to the income tax implications as investments in an RRSP cannot be used for security purposes. When the implications were realized, the particular shares were released and placed in trust with a Trust Company.

Pitt Steel Ltd has had cash flow problems and in refinancing, the shareholders have been put into the position of receiving limited financial remuneration in salary and restrictions in dividends and redemption of shares.

If the tax financial penalty is imposed on the use of the RRSP shares as security, the taxpayers may become bankrupt and this could in turn affect the solvency of Pitt Steel Ltd resulting in employee lay-offs.

The shares have been restored to the RRSP accounts and therefore the remission has been granted.

PC 1981—10/2601 dated September 24, 1981, remits gift tax in the amount of \$28,857 plus relevant interest in respect of the 1963 taxation year.

The taxpayer purchased an interest in an industrial building from the proceeds of fire insurance from a previously operated business. This interest in the building was sold to finance purchase of shares for \$2,800,000 in the Verdun Industrial Building Corporation. Subsequently, he accepted an offer to sell these shares for \$3,100,000.

The taxpayer was assessed on the profits and the Tax Appeal Board concurred that the assessment was correct. A further appeal reversed this decision and held that the gain was a capital gain and further that part of the gain belonged to his wife and children.

The taxpayer was also assessed gift tax in respect of proceeds of the gain received by his wife and children. This was appealed to the Tax Appeal Board and the assessment confirmed but was inadvertently not included in the further appeal.

In view of the results of the appeal of the income tax assessment and the advanced age of the taxpayer, a remission of the gift tax is recommended.

PC 1981—2/2444 dated September 3, 1981, remits income tax in the amounts of \$645, \$506 and \$372 in respect of the 1973, 1974 and 1975 taxation years.

The taxpayer has been totally disabled by rheumatoid arthritis since December 1972. For the years 1973 to 1979, he included disability benefits in his income on the advice of the District Office. Such benefits were not taxable because of ITAR 19.

In 1980, the taxpayer realized his error but the 1973 to 1975 years were statute-barred.

Because the taxpayer included these benefits on his income even though he was not in receipt of a T4A Slip, it appears that incorrect information was provided by the Department. Due to this error and the poor health of the taxpayer, a remission has been recommended.

McConnell, Harold W, Yarmouth, NS \$ 12,125

PC 1981—5/3286 dated November 19, 1981, remits income taxes payable in the amounts of \$3,627, \$4,186 and \$4,312 in respect of the 1971, 1972 and 1973 taxation years.

The taxpayer and his son sold a business and the son invested his share with a Trust Company. The taxpayer created a trust for his two minor children with the same Trust Company.

The Trust Company issued T5 Slips for the older son's interest income in error to the taxpayer and the amounts were included in his income for the 1971 to 1976 taxation years. The son also included these amounts in his income.

As there was double taxation and the 1971 to 1973 returns were statute-barred, a remission has been recommended.

Provincial Social Assistance Payments, Income Tax Remission Order, 1980

PC 1982-622, February 25, 1982, in respect of the 1980 taxation year remits income tax payable in respect of certain social assistance payments made pursuant to the legislation of the Provinces of British Columbia, Alberta, Saskatchewan, Ontario, Quebec, New Brunswick and Nova Scotia not already excluded from the income of recipients for income tax purposes under the Income Tax Act.

Railway Transportation Pass Remission Order, 1981

PC 1982—286, January 28, 1982 in respect of the 1981 Taxation Year authorized the remission of income tax to holders of passes authorizing free carriage in that the value of the benefit is to be excluded from taxable income for the 1981 taxation year.

Ruppel, Ruby L, Cambridge, Ont 2,807

PC 1981—8/2025 dated July 23, 1981, remits income tax in the amount of \$2,807 in respect of the 1974 taxation year.

The taxpayer was widowed in 1974 and included in her income \$11,540 insurance benefits from the death of her husband. This amount was not taxable.

As Mrs Ruppel was a housewife and had not previously had taxable income and this was her first return filed, the District Office should have questioned the inclusion of such benefits. When the taxpayer realized her error, the 1974 return was statute-barred.

As the taxpayer's income is limited and the amount is material to her, a remission has been recommended.

Financial assistance under budgetary appropriations

This statement summarizes financial assistance under budgetary appropriations for both agent and other Crown corporations. It should be read in conjunction with Table 7.5 in Section 7 of this volume. The purpose for which payments have been made under budgetary appropriations is segregated between: (a) amounts to cover operating deficits and (b) amounts for capital expenditures.

All amounts reported represent charges to appropriations authorized by Parliament during 1981-82.

⁽¹⁾ Excludes grants and contributions paid to Crown corporations where they qualify as members of a general class of recipients.

⁽²⁾ The Post Office Department was converted to the Canada Post Corporation by an act of Parliament on October 16, 1981. There are certain valuations to be determined for major assets turned over to the Corporation. In addition, the transfer of titles to the land and buildings turned over to the Corporation by the Government has not been completed. Therefore, the Corporation's financial information is not reported in this table as well as in the summaries of Financial Position and Financial Interest displayed in Tables 7.4 and 7.5 in Section 7 of this volume. Financial assistance under budgetary appropriations used by the Corporation for the period October 16, 1981 to March 31, 1982 totalled \$243,441,140. This was net of revenues of \$814,939,774.

INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department is responsible for agreeing its accounts to the control accounts of the Receiver General, and maintains detailed records of the transactions in those accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years. The report also includes the financial statements of those Crown corporations and other bodies whose accounts are maintained separately from the accounts of Canada. The financial year of a number of these corporations and other bodies is the calendar year rather than the fiscal year of the Government.

Format of the Public Accounts

The Public Accounts is produced in three volumes; **Volume I** presents a summary and analysis of the financial transactions of the Government while **Volume III** contains the financial statements of Crown corporations which are permitted by legislation to keep their own accounts.

Volume II presents the financial operations of the Government, segregated by department. It contains financial operations of individual departments and their associated agencies, and additional information and analysis.

(a) Departmental Financial Operations

In a fashion similar to the Estimates, Volume II uses a uniform set of statements to present each department's financial operations. In most respects,

the level of detail is the same as in the Estimates and provides the following information:

(i) Use of Appropriations

This is the principal departmental statement. It is a summary of the use by department of both the budgetary and non-budgetary authorities given to them by Parliament in appropriation acts and other statutes. It displays, by program:

- the wording of the relevant appropriations or statutes;
- the amount authorized under each appropriation or statute;
- the total use made during the year of the authorized amounts;
- unexpended balances (amounts lapsed and carried forward) or amounts overexpended; and,
- the total use for the previous year.

(ii) Total Cost of Programs—Budgetary

This table shows the total calculated cost for each program by adding to net expenditure the imputed value of services provided by other departments, and of accommodation provided by the reporting department and by the Department of Public Works, and by deducting non-tax receipts credited to revenue.

The total calculated program cost is also reflected in the Estimates and in the Public Accounts in the "Programs by Activity" table.

(iii) Programs by Activity—Budgetary

This is a comparison of budgetary appropriations with actual expenditures and the imputed costs and revenues referred to in (ii). The table displays total program expenditures by activity and type of vote, and total cost of programs by type of vote. It is related to the "Program by Activities" table displayed in the Estimates.

(iv) Grants and Contributions

This table displays details of amounts appropriated for grants and contributions, by class of recipients and by program, and the payments.

(v) *Budgetary Expenditure by Program and Standard Object*

This table presents net expenditure by standard object and relates to the "Objects of Expenditure" table shown in the Estimates.

(vi) *Budgetary Expenditure of Major Capital Projects*

This table presents, by activity within each program, the estimated total cost of each major capital project together with the related current year estimates and expenditures and the total expenditures to date.

(vii) *Revenue*

Each department displays summary and detailed statements of revenue collected as part of its operations.

(viii) *Revolving Funds*

The commercial orientation of a revolving fund is reflected in the balance sheet and statement of operations, or income and expenditure, presented each year. A revolving fund's minimum goal is the recovery of cost, and most commercial accounting conventions are used to measure cost.

(ix) *Other Organizations*

To further the objectives of the Government and of departments, various boards, agencies, commissions and accounts have been created by appropriation acts and other legislation. Financial statements for these organizations and accounts are also shown.

(b) **Additional Information and Analysis**

Further details of certain outlays are provided, in Volume II, to supplement the statements already presented. This supplementary information includes:

- accounts receivable and deletions (Section 32);
- professional and special services (Section 33);
- construction and acquisition of land, buildings, machinery and equipment (Section 34);
- payments of damage claims, ex gratia payments, federal court awards and nugatory payments (Section 35);
- selected miscellaneous payments and federal-provincial shared-cost programs by province (Section 36);
- grants and contributions (Section 37); and,
- miscellaneous statements by department (Section 38).

Summary Tables

The following tables provide summaries of the financial operations contained in the departmental sections.

Table 1 summarizes the appropriations and the use of appropriations. (This statement also appears in Section 2 of Volume I).

Table 2 summarizes expenditure by department and by standard object.

Table 3 summarizes revenue by department and by main classification.

AGRICULTURE

Department

Objectives

ADMINISTRATION PROGRAM

- To provide overall direction and administrative support services for the department.

AGRI-FOOD DEVELOPMENT PROGRAM⁽¹⁾

- To stimulate the development of the agri-food industry, to provide for a dependable and adequate supply of food at reasonable prices to consumers and to ensure stable and equitable returns to producers and processors.

AGRI-FOOD REGULATION AND INSPECTION PROGRAM⁽²⁾

PROGRAM

- To ensure the continued supply of safe, high quality, nutritious food for the domestic and export trade.

RACE TRACK SUPERVISION REVOLVING FUND

- To protect the pari-mutuel betting public associated with horse racing.

CANADIAN GRAIN COMMISSION PROGRAM

- To provide quality assurance of Canadian grain in domestic and export markets in the interests of Canadian agriculture.

Canadian Dairy Commission

Objective

- To achieve a sound, healthy and viable dairy industry.

Canadian Livestock Feed Board

Objective

- To ensure the availability of adequate feed grain supplies and storage space to meet the needs of livestock feeders in Eastern Canada and British Columbia and to contribute to reasonable price stability for such supplies; to assist in equalizing feed grain prices to livestock feeders in Eastern Canada and in British Columbia.

Farm Credit Corporation

Objective

- To provide long-term mortgage credit to farmers and loans to syndicates of farmers and to perform operational and administrative functions related to the organization of Canadian agriculture into economic farm units in the hands of competent operators.

⁽¹⁾ Includes part of the Administration Program of the previous year and part of former Research Program and Marketing Program.

⁽²⁾ Includes former Food Production and Inspection Program and part of former Research Program and Marketing Program.

Agricultural Products Board

(Established by the Agricultural Products Act)

AUDITOR'S REPORT

THE HONOURABLE EUGENE FRANCIS WHELAN, P.C., M.P.
MINISTER OF AGRICULTURE

I have examined the statement of operations of the Agricultural Products Board for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of the operations of the Board for the year ended March 31, 1982 in accordance with the accounting policies set out in Note 2 to the financial statement applied, after giving retroactive effect to the change from the accrual to the modified cash basis of accounting as explained in Note 3, on a basis consistent with that of the preceding year.

KENNETH M. DYE
Auditor General of Canada

Ottawa, Ontario
August 3, 1982

NOTES TO FINANCIAL STATEMENT MARCH 31, 1982

1. Objective

The objective of the Board is to stabilize the price of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

2. Accounting policies

Expenditure

Expenditure for the year includes all amounts for work performed, goods received or services rendered prior to April 1. This basis is consistent with that followed by departments of the Government of Canada. An estimated amount for services provided without charge by government departments is included in administration expenses.

Revenue

Revenue is recorded on a cash basis, consistent with that followed by departments of the Government of Canada, and is credited directly to the Consolidated Revenue Fund.

3. Change in basis of accounting

The balance of \$6,792,804 in the Agricultural Products Board Account, representing inventories, accounts receivable and payable, was deleted from the Accounts of Canada on March 31, 1981 by the Adjustment of Accounts Act. As a result, the Board changed its basis of accounting in 1982 from the accrual to the modified cash basis described in Note 2. Accordingly, a balance sheet is no longer presented and the statement of operations for 1981 has been restated.

AUDITOR'S REPORT

THE HONOURABLE EUGENE FRANCIS WHELAN, P.C., M.P.
MINISTER OF AGRICULTURE

I have examined the statement of expenditure of the Agricultural Stabilization Board for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure of the Board for the year ended March 31, 1982 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

Appendix 2—Concluded**Agricultural Stabilization Board—Concluded****NOTES TO FINANCIAL STATEMENT
MARCH 31, 1982****1. Authority and objectives**

The Board was established by the Agricultural Stabilization Act 1957-58 c. 22 and consists of three members appointed by the Governor in Council.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the industry of agriculture to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

2. Significant accounting policies

Expenditure for the year includes all amounts for work performed, goods received or services rendered prior to April 1, 1982. This basis is consistent with that followed by the departments of the Government of Canada.

An estimated amount for services provided without charge by government departments is included in administration expenses.

Acquisitions of furniture and equipment are recorded as an administration expense in the year of purchase.

Employee termination benefits accrue to employees over their service period. Payments of these benefits are made to the employees on separation or retirement and are expensed by the Board when paid.

Refunds of prior years' expenditure relate to overpayments of deficiency payments and, when received, reduce the cost of the programs.

3. Financing

Financing to cover payments to the Canadian Dairy Commission and deficiency payments is provided for by:

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity of the data in these statements rests with the management of the Fund.

These financial statements were prepared in accordance with stated accounting policies on a basis consistent with that of the preceding year, as set out in Note 2. Information presented herewith is consistent with that presented elsewhere in the Public Accounts and in departmental reports. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

The department's Financial Administration Division develops and disseminates financial management and accounting policies and issues specific directives to the staff managing the Revolving Fund in order to maintain standards of accounting and financial management.

Financial management and internal control of the Fund is maintained through the appropriate division of responsibility, the provision of leadership and evaluation of those operating the Fund as well as internal audit programs.

Race Track Supervision Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada. The Fund has been authorized to draw from the Consolidated Revenue Fund up to \$200,000 for working capital, should this be necessary, and to retain earnings up to \$2 million. An amount of \$879,798 representing net liabilities assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

Charges to the Fund are to include administrative expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

2. Significant accounting policy

Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970, are recorded in the Fund in accordance with Treasury Board Circular 1970-7 at values determined as at that date by officers of the Department. Acquisitions subsequent to April 1, 1970 are recorded at cost.

Depreciation is charged on a straight line basis using rates of 10% for furniture and equipment, 20% for desk top computers, 33% for motor vehicles and 4% for buildings.

3. Fixed assets and accumulated depreciation

Fixed assets	Current year	Acqui- sitions	Disposals	Previous year
	\$	\$	\$	\$
Furniture and equipment	154,284	17,758	2,623	139,149

Buildings	7,325	6,504		821
	183,680	72,255	137,652	249,077

4. Vacation pay

Vacation pay credits are now included in the financial statements as a liability whereas, in previous years, no accrual was made except as a note to the statements. The accrued liability on the Balance Sheet is \$161,604 (\$132,692 at March 31, 1981). An amount of \$28,912 (\$132,692 in 1981) has been added as an expenses on the Statement of Operations and an adjustment of \$132,692 appears on the Statement of Accumulated Surplus.

5. Provision for employee termination benefits

Effective 1981-82, the employee termination benefits are expensed in the year in which they are earned. In prior years, they were expensed in the year in which the payments were made.

There being no current requirements, the amount on the Balance Sheet of \$157,218 (\$127,179 at March 31, 1981) represents the accrued liability.

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty-eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of thirteen weeks' pay.

The provisions as at March 31, 1982 and 1981 consist of one half week's pay at current salary rates for each complete year of service to a maximum of thirteen weeks' pay.

An amount of \$30,039 (\$19,180 in 1981) has been added as an expenses on the Statement of Operations and an adjustment of \$127,179 (\$107,999 at March 31, 1981) appears on the Statement of Accumulated Surplus.

6. Restatement of prior year figures

For comparative purposes, the 1981 figures have been restated to conform to the 1982 presentation.

COMMUNICATIONS

Department

Objectives

COMMUNICATIONS PROGRAM

PROGRAM

- To foster the orderly development and operation of communications for Canada in the domestic and international spheres.

GOVERNMENT TELECOMMUNICATIONS AGENCY REVOLVING FUND

- To plan, establish, and manage telecommunication facilities and services that will satisfy the requested needs of federal departments and agencies on an economic basis.

ARTS AND CULTURE PROGRAM

- To formulate and develop policies and programs for the achievement of national arts and cultural objectives and to promote effective inter-agency, inter-departmental and inter-governmental co-operation in the achievement of these objectives.

Canada Council

Objective

- To support the creation and production of all forms of art and to facilitate public access to the arts and to co-ordinate UNESCO activities in Canada and Canadian participation in UNESCO activities abroad apart from political questions and assistance to developing countries.

Canadian Broadcasting Corporation

Objective

- To develop and provide a national broadcasting service for all Canadians in both official languages, in television and radio, and an international service, both of which should be primarily Canadian in content and character.

Canadian Film Development Corporation

Objective

- To foster and promote the development of a feature film industry in Canada.

Canadian Radio-television and Telecommunications Commission

Objective

- To encourage the development and implementation of the national broadcasting and telecommunications policies through the regulation and supervision of the Canadian broadcasting and telecommunications systems.

National Arts Centre Corporation

Objective

- To promote the development of the performing arts.

National Film Board

Objective

- Cultural interpretation and presentation of Canada, as well as service and support to departments and agencies of the government, through the medium of film.

National Library

Objective

- To facilitate the use of the library resources of the country by the Government and the people of Canada.

National Museums of Canada

Objective

- To demonstrate the products of nature and the works of man, with special but not exclusive reference to Canada, so as to promote interest therein throughout Canada and to disseminate knowledge thereof.

Public Archives

Objective

- To acquire, organize and preserve historical material relating to the history of Canada, and to provide a records management and microfilming operational and advisory service to government departments and agencies.

Social Sciences and Humanities Research Council

Objective

- To promote and assist research and scholarship in the social sciences and humanities.

AUDITOR'S REPORT

THE HONOURABLE FRANCIS FOX, P.C., M.P.

MINISTER OF COMMUNICATIONS

AND

THE CHAIRMAN

CANADA COUNCIL

I have examined the balance sheets of the Endowment Account and Special Funds of the Canada Council as at March 31, 1982 and the statements of revenue and expenditure and equity of the Endowment Account and Special Funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Council as at March 31, 1982 and the results of its operations for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements, applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1982

1. Authority and objectives

The Canada Council was established by the Canada Council Act in 1957. It is not an agent of Her Majesty. The objectives of the Council are to foster and promote the study and enjoyment of, and the production of works in the arts and, in particular, but without limiting the generality of the foregoing, the Council may, in furtherance of its objectives:

- (a) assist, co-operate with and enlist the aid of organizations, the objectives of which are similar to any of the objectives of the Council;
- (b) provide, through appropriate organizations or otherwise, for grants, scholarships or loans to persons in Canada for study or research in the arts in Canada or elsewhere or to persons in other countries for study or research in the arts in Canada;
- (c) make awards to persons in Canada for outstanding accomplishment in the arts;
- (d) arrange for and sponsor exhibitions, performances and publications of works in the arts;
- (e) exchange with other countries or organizations or persons therein knowledge and information respecting the arts; and
- (f) arrange for representation and interpretation of Canadian arts in other countries.

2. Significant accounting policies

(a) Basis of accounting

The Council's accounts are maintained on an accrual basis except for dividends which are recorded on a cash basis.

(b) Investments

Bonds, debentures, equities and mortgages are valued at cost.

(c) Gains and losses on disposal of investments

Net gains on disposal of investments are credited to the Fund capital—Accumulated net gains on disposal of investments. Net losses on disposal of investments are charged against this account to the extent of the balance available in this account. In the event that losses exceed the balance available in the account, the excess would be charged to expenditure in the year of realization.

(d) Participation in Endowment Account's investment transactions

The portfolios of three Special Funds (Special Scholarship Fund, Molson Prize Fund and Lynch-Staunton Fund) were merged on October 1, 1980 with the portfolio of the Endowment Account. The participation of each Fund is calculated on the basis of market value. Quarterly adjustments are made to take into consideration any capital withdrawals and additional investments. Interest earned and dividends received and realized gains or losses on disposal of investments are allocated to each Fund based on the percentages established at the beginning of each quarter.

(e) Reserve

The Council has established a reserve to reduce the erosion of value of the original endowment due to inflation. Appropriations to this reserve are approved by the Council.

(f) Capitalization of net income of Special Funds

The Council capitalizes 10% of the revenue less administration expenses of the Izaak Walton Killam Memorial Fund for Advanced Studies and the Special Scholarship Fund, in accordance with advice received from the trustees of these Funds in order to preserve the equity of these Funds for future beneficiaries. However, for the purposes of the Funds, the Council reserves the right to draw at any time on the accumulated net income capitalized.

(g) Grants

Grants approved by the Council are charged to expenditure in the year as determined by the Treasurer in consultation with the Arts Division. Cancelled grants, approved in previous years, and refunds are shown as revenue in the Endowment Account. For the Special Funds, such items are deducted from the grants expenditure.

(h) Works of art

Purchases of works of art are shown as expenditure in the year of acquisition.

(i) Furniture and equipment

Purchases of furniture and equipment are shown as administration expenditure in the year of acquisition.

(j) Employee termination benefits

The Council does not record in its accounts any liability for employee termination benefits.

(k) Special Funds

Except for the parliamentary grant, all monies or properties received by the Council pursuant to Section 20 of the Canada Council Act are accounted for as Special Funds.

(a) Izaak Walton Killam Memorial Fund for Advanced Studies

A bequest of \$12,339,615 in cash and securities was received from the estate of the late Mrs. Dorothy J. Killam for the establishment of the Izaak Walton Killam Memorial Fund for Advanced Studies "to provide scholarships for advanced study or research at universities, hospitals, research or scientific institutes, or other equivalent or similar institutions both in Canada and in other countries in any field of study or research other than the 'arts' as presently defined in the Canada Council Act and not limited to the 'humanities and social sciences' referred to in such Act".

The bequest contains the following provisions: "the Fund shall not form part of the Endowment Account or otherwise be merged with any assets of the Council"; and "in the event that the Canada Council should ever be liquidated or its existence terminated or its powers and authority changed so that it is no longer able to administer any Killam Trust, the assets forming any such Killam Trust shall thereupon be paid over to certain universities which have also benefited under the will".

The cash and securities received and the proceeds have been invested in a separate portfolio.

(b) Special Scholarship Fund

A gift of \$4,353,609 was received from the estate of the late Mrs. Dorothy J. Killam for the establishment of a Special Scholarship Fund. The gift consisted of preferred shares in a Canadian company redeemable over a period of years. To March 31, 1982, the Council has received proceeds from the redemption of these preferred shares amounting to \$2,446,936 including \$211,852 redeemed during the year (1981—\$135,225). The unredeemed portion of \$1,906,673 is carried on the balance sheet at a nominal value of \$1. These proceeds have been invested and the income therefrom is available to provide fellowship grants to Canadians for advanced study or research in the fields of medicine, science and engineering at universities, hospitals, research or scientific institutions or other equivalent or similar institutions in Canada.

(c) Molson Prize Fund

Gifts of \$900,000 were received from the Molson Foundation for the establishment of the Molson Prize Fund. The income of the fund is used for awarding cash prizes to Canadians "for outstanding achievement in the fields of the Arts, the Humanities or the Social Sciences that enriches the cultural or intellectual heritage of Canada or contributes to national unity". The value of each prize is \$20,000 or as determined by the Council, without restriction as to its use by the recipient. During the year, the Council received an additional gift of \$25,000 for current purposes.

(d) Lynch-Staunton Fund

An unconditional bequest of \$699,066 was received from the estate of the late V. M. Lynch-Staunton. A fund was established, the income from which is available for the regular programmes of the Council.

(e) John B.C. Watkins Estate

A bequest was received of the net income from the residue of the estate of the late John B.C. Watkins, which assets are held in perpetuity by a trust company. The net income is to be used "for establishment of scholarships to be awarded to graduates of any Canadian University who may apply therefor for the purpose of engaging in post graduate studies in Denmark, Norway, Sweden or Iceland and who shall be selected for their outstanding worth or promise by a committee appointed by the Canada Council". The bequest is reflected in the balance sheet at a nominal value of \$1.

(f) J.P. Barwick Estate

A bequest of what may amount to \$31,500 was made by the late J.P. Barwick. The payment of the bequest is to be postponed during the lifetime of the surviving beneficiary of the residue of the estate. The bequest to the Council is "on condition that such bequest shall be applied only for the benefit of the musical division of the arts and for the encouragement of the musical arts to increase the Council's normal budget in the musical division or field of the arts". The bequest is reflected in the balance sheet at a nominal value of \$1.

(g) Edith Davis Webb Estate

A bequest of what may amount to \$400,000 was made by the late Mrs. Edith Davis Webb. The payment of the bequest is to be postponed during the lifetime of the surviving beneficiary of the residue of the estate. The bequest to the Canada Council is "to be used for the purpose of making grants or establishing scholarships for musical study in such manner as the Council shall determine". The bequest is reflected in the balance sheet at a nominal value of \$1.

(h) Vida Peene Estate

A bequest of \$599,761 was made by the late Vida Peene, a past member of the Council. The earnings from this bequest are to be paid annually to several organizations as listed in her will. In the year under review, the earnings from this fund were \$111,810 and this amount was paid out as directed.

(i) Kathleen Coburn

A gift of \$100 was received from Miss Kathleen Coburn, and is part of a promise of a larger bequest, the amount of which cannot be determined at this time. When this bequest is in hand, it will provide for exchanges of scholars between Israel and Canada. The earnings in 1981-82 were \$28.

7. Art Bank

In 1972, the Canada Council Art Bank was established to develop a collection of works of art for use in federal offices and public buildings on a rental basis. Works of art acquired to March 31, 1982 total approximately \$7,056,000 including \$504,318 purchased during the year (1981—\$509,820).

8. Long-term lease agreement

On October 8, 1976 the Council entered into a ten-year agreement for office space for the period November 1976 to October 1986. The agreement called for an annual rental of \$606,450 for the first five years and an annual rental of \$657,975 for the remaining five years.

9. Transactions with Canada

Upon the establishment of the Canada Council in 1957, the Parliament of Canada authorized the creation of an Endowment Fund of \$50,000,000. The activities of the Endowment Account of the Canada Council are dependent on annual parliamentary appropriations and on revenue from the Endowment Fund.

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. The financial transactions contained in these financial statements have been subjected to a test audit by representatives of the Auditor General.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimate and judgment and gives due consideration to materiality. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund's division of financial services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund is managed on a cost revenue dependent basis and all costs are allocated on an equitable basis to the users of telecommunications services and recovered on a timely basis. Financial management and internal control systems are augmented by frequent contact with departmental financial and program evaluation officers and with the staff of the Auditor General's office. The Fund will be subjected to a comprehensive audit by the Office of the Auditor General in fiscal year 1982-83.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility and by a high standard of internal communications aimed at ensuring that regula-

tions, policies, procedures and managerial authorities are understood throughout the Agency.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions and, more recently, to implement an Auditor General recommendation to introduce a mechanized accounts receivable system. This improvement now permits more accurate and timely receipt of revenues and resolution of overdue accounts. There is also a study in progress to revamp and mechanize the cost allocation system that will permit more accurate and equitable billings for Government departments and agencies.

Appendix 2—Concluded**Government Telecommunications Agency Revolving Fund—Concluded****NOTES TO FINANCIAL STATEMENTS**
MARCH 31, 1982**1. Purpose and authority**

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed \$8,000,000 at any time. This authority was increased to \$12,000,000 by Appropriation Act No 4, 1981-82. An amount of \$741,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policy**Fixed assets**

Depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%).

3. Fixed assets and accumulated depreciation

Fixed assets	Current year	Acquisi- tions	Disposals	Previous year
	\$	\$	\$	\$
Office equipment.....	311,361	171,044	3,451	143,768

	\$	\$	\$	\$
Office equipment.....	132,121	44,810	2,968	90,279
Furniture and fixtures	82,963	8,214		74,749
Automobiles	16,828	4,868		11,960
	<u>231,912</u>	<u>57,892</u>	<u>2,968</u>	<u>176,988</u>

4. Approved settlement of terminated contract

A payment of \$1,485,822 was made to Bell Canada as full settlement for charges relating to the termination of a contract. The amount of the settlement was determined by the Contract Settlement Board of the Department of Supply and Services. On the advice of the Treasury Board Secretariat, this payment will not be recovered through the rate structure and therefore is being carried as an extraordinary item. This matter was reported as a contingent liability in the financial statements of the Agency for the year ended March 31, 1981.

5. Provision for employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. In previous years, these benefits were expensed by the Fund when paid. Commencing 1981-82, the liability for these benefits is recorded in the accounts as the benefits accrue to the employees. The accrued liability on the Balance Sheet is \$382,690 (\$288,293 at March 31, 1981) which is segregated as to current and long-term portions. An amount of \$94,397 (\$48,009 in 1981) has been added as an expense on the Statement of Operations and an adjustment of \$288,293 (\$240,284 at March 31, 1981) appears on the Statement of Accumulated Deficit (Surplus).

6. Restatement of prior year figures

For comparative purposes, the 1981 figures have been restated to conform to the 1982 presentation.

AUDITOR'S REPORT

THE HONOURABLE PAULINE MCGIBBON, C. C.
 CHAIRMAN OF THE BOARD OF TRUSTEES
 NATIONAL ARTS CENTRE CORPORATION

I have examined the balance sheet of the National Arts Centre Corporation as at August 31, 1981 and the statements of income and expense, equity and changes in financial position for the five months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at August 31, 1981 and the results of its operations and the changes in its financial position for the five months then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied, after giving retroactive effect to the change in the method of accounting for programmes in progress at the end of the financial period as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 1981

1. Objectives and operations of the Corporation

The objectives of the Corporation are: to operate and maintain the National Arts Centre; to develop the performing arts in the National Capital Region; and to assist the Canada Council in the development of the performing arts elsewhere in Canada.

In furtherance of its objectives, the Corporation may arrange for and sponsor performing arts activities at the Centre; encourage and assist in the development of performing arts companies resident at the Centre; arrange for or sponsor radio and television broadcasts and the showing of films in the Centre; provide accommodation at the Centre, on such terms and conditions as the Corporation may fix, for national and local organizations whose objects include the development and encouragement of the performing arts in Canada; and at the request of the Government of Canada or the Canada Council, arrange for performance elsewhere in Canada by performing arts companies, whether resident or non-resident in Canada, and arrange for performances outside Canada by performing arts companies resident in Canada.

With a view to achieving the objectives, Her Majesty demised and leased the National Arts Centre building complex to the Corporation for a period of twenty years commencing June 1, 1969. Under the terms of the lease, the Corporation is responsible for maintenance and operation of the building complex, but is not required to pay for the use of the complex. Accordingly, the accounts of the Corporation do not include any charge for rent.

2. Significant accounting policies

(a) Change in financial year end

The Corporation changed its financial year end from March 31 to August 31 to coincide with its annual cycle of

programming which begins September 1 and ends August 31.

(b) Basis of accounting

The accounts of the Corporation are maintained on an accrual basis.

(c) Grants

Municipal and specific grants are recorded as income in the period in which the grantors have made firm commitments to the Corporation.

(d) Capital expenditures and leasehold improvements

All capital expenditures, including leasehold improvements are charged to expense in the year they are incurred.

(e) Inventories

Inventories are valued at the lower of cost and net realizable value (restaurants) or replacement cost (production).

(f) Costs of future programmes and programmes in progress

Direct expenses, including advances to performing companies and artists, incurred prior to the end of the financial period for future programmes and programmes in progress are deferred and charged to operations in the period in which the programmes terminate. Indirect costs and common services not attributable to particular performances are charged to general and administration expense in the year in which they are incurred.

(g) Deferred income

Income from tickets sold prior to the end of the financial period for future programmes and programmes in progress is deferred and credited to operations in the period in which the programmes terminate. Deferred income also includes unredeemed gift certificates, exchange vouchers, credit notes and other income received at the end of the period and applicable to the next financial period. Gift certificates, exchange vouchers and credit notes not redeemed within three years of the current financial period are written off and credited to income. A percentage of those less than three years old is also credited to income.

(h) Pension plan

Employees of the Corporation participate in the Public Service Superannuation plan, which is administered by the Government of Canada. Contributions to the plan are required by both the employees and the Corporation. These contributions represent the Corporation's total debt and are recorded on a current basis.

(i) Employee termination benefits

Employees of the Corporation are entitled to specified benefits on termination as provided for under labour contracts and conditions of employment. The liability for these benefits is recorded in the accounts as the benefits accrue to the employees under the respective terms of employment.

(j) Restaurant operations

Restaurant expenses does not include operating costs related to building maintenance, public utilities and capital expenditures. These costs are included in general and administrative expenses.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 1981—Concluded

3. Change in accounting policy

In order to reflect more accurately the results on a programme year basis the Corporation adopted, during the period, the method of accounting for programmes in progress described in notes 2 (f) and 2 (g). Previously, expenses for programmes in progress were apportioned between periods according to the number of performances for a particular programme in each period and revenue of completed performances was credited to income. As a result of the change, which has been applied retroactively, the excess of expense over income for the five months ended August 31, 1981 has been increased by \$126,680. The financial statements for the year ended March 31, 1981 have been restated and the balance of surplus as at March 31, 1981 has been increased by \$118,757. Of this amount, \$71,504 relates to the financial year ended March 31, 1981 and \$47,253 relates to prior periods.

4. Deposit certificates

Deposit certificates include \$50,000 provided as security for the payment of fees to artists as required by a union.

5. Accounts receivable

Accounts receivable as at the end of the period comprise:

	August 31 1981	March 31 1981

8. Parliamentary appropriation—Operations

The parliamentary appropriation of \$11,918,000 received as at August 31, 1981 covers the period from April 1, 1981 to March 31, 1982. Of this amount, 5/12th or \$4,965,800 has been credited to surplus and 7/12th or \$6,952,200 has been shown in the liability section of the balance sheet as "Deferred parliamentary appropriation—Operations".

9. Parliamentary appropriation—Extraordinary building repairs

Treasury Board has approved a submission for extraordinary repairs to the building and its systems in the amount of \$4,981,000. Of this amount, \$400,000 has been approved in the 1980-81 Supplementary Estimates "C" and the Ministers have approved the inclusion of \$2,399,000 in the Supplementary Estimates "C" 1981-82 and \$2,182,000 in the Main Estimates 1982-83. As at August 31, 1981, \$2,208,000 has been received. Should the cost of the total project be less than estimated, the balance of the appropriation will be returned to the Consolidated Revenue Fund.

10. Lease commitments

The Corporation's lease commitments as at August 31, 1981 amounted to \$986,493 and are detailed below:

Financial year	Amount \$

National Film Board

(Established by the National Film Act)

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the audit committee of the Board.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Auditor General's office. At the request of the audit committee of the Board, the Audit Services Bureau of the Department of Supply and Services has prepared a long term audit plan that conforms with directives from the Comptroller General. However, due to the position of the internal auditor currently being vacant, the scope of the internal audit work performed last year was limited.

These financial statements have been examined by the Auditor General, his role being to express a judgement as to whether the financial statements present fairly the financial position and transactions, in conformity with stated accounting policies. The Auditor General's unqualified opinion is appended.

The accounting and financial reporting systems of the Board are periodically reviewed to adapt to changing conditions. There is also a study in progress on administrative efficiency which will focus on all administrative activities at the Board with emphasis on financial reporting systems and the increased utilization of data processing facilities to make our management information system more efficient. The recommendations of the Study should be implemented in the next fiscal year.

AUDITOR'S REPORT

THE HONOURABLE FRANCIS FOX, P.C., M.P.
MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Film Board as at March 31, 1982 and the statements of operations, accumulated deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1982 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Appendix 4—Concluded**National Film Board—Concluded****NOTES TO FINANCIAL STATEMENTS**

MARCH 31, 1982

1. Authority and activities

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular:

- (a) to produce and distribute, and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations;
- (b) to represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;
- (c) to engage in research in film activity and to make available the results thereof to persons engaged in the production of films;
- (d) to advise the Governor in Council in connection with film activities; and
- (e) to discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and interim financing of accumulated operating deficits, the total of which is not to exceed \$20,000,000 (\$12,000,000 in 1981) at any one time.

2. Significant accounting policies**(a) Production of films and other visual material**

The cost of productions is charged to operations in the year the expenses are incurred, subject to adjustments for productions in process as described below.

Such costs are classified on the basis of the type of sponsorship as follows:

Board's program

Costs of productions for the Board's program and, for productions partially sponsored and partially for the Board's program, the excess of costs over the sponsors' contribution.

Government of Canada and outside parties

Costs of productions entirely for their account, and sponsored costs of productions partially sponsored and partially for the Board's program.

For productions in process which are entirely or partially sponsored, the cumulative excess of advances received over costs incurred is recorded as advances on productions, and the cumulative excess of costs incurred over advances invoiced is recorded as work in process under inventories up to the amount of the sponsors' unbilled balance.

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

(b) Inventories

Productions in process are carried at the amounts recoverable from sponsors.

Materials and supplies are carried at the lower of the average cost and replacement value.

Film prints and other visual material held for resale are carried at the average direct cost of production.

(c) Fixed assets

Fixed assets are carried at cost. Depreciation is calculated on the straight line method over the estimated useful life of the assets, generally five to ten years. No depreciation is provided for during the year of acquisition.

(d) Parliamentary appropriation

The parliamentary appropriation is recorded in the Statement of Accumulated Deficit in the year to which it applies. Any unspent balance lapses, if not used generally in the 30 days following the end of the fiscal year.

(e) Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

(f) Pension plan

Employees of the Board participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions, generally over the number of years of service remaining prior to retirement.

	<u>2,182,306</u>	<u>2,212,141</u>

4. Depreciation

Depreciation of fixed assets amounting to \$1,047,733 (\$1,026,068 in 1981) has been charged to the year's operations.

5. Contingency

A legal action amounting to \$1,606,130 has been instituted against the Board by a former employee for an alleged unjustified dismissal. This action is being contested; no provision has been taken in the accounts.

AUDITOR'S REPORT

DR. SEAN MURPHY
CHAIRMAN OF THE BOARD OF TRUSTEES
NATIONAL MUSEUMS OF CANADA

I have examined the balance sheet of the National Museums of Canada as at March 31, 1982 and the statements of operations, equity of Canada and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1982 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements, applied on a basis consistent with that of the preceding year.

National Museums of Canada—Continued

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Authority and objectives

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental Crown corporation dependent on annual parliamentary appropriations. Its objectives are to demonstrate the products of nature and the works of man, with special but not exclusive reference to Canada, to promote interest in them throughout Canada and to disseminate knowledge of them.

The Corporation comprises the National Gallery of Canada, the National Museum of Man, the National Museum of Natural Sciences, the National Museum of Science and Technology, Corporate Management, as well as National Programmes including National Museums Assistance.

2. Significant accounting policies

(a) Basis of accounting

Expenses, revenues and parliamentary appropriations are accounted for using the accrual basis of accounting, except for refunds of previous years' expenditure, employee termination benefits, and the trust account which are recorded on a cash basis.

(b) Inventories

Books, pamphlets, replicas and other materials and publications in process are carried at the lower of cost and net realizable value.

(c) Fixed assets

Fixed assets are carried at cost and are depreciated using the straight-line basis over their estimated useful life as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	8 to 10 years

The cost of the Discovery Train less its residual value has been fully depreciated over a three-year period.

(d) Collection

Objects purchased for the collection of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the accounts.

(e) Services provided without charge

Services provided without charge by government departments are included in operating expenses.

(f) Pension plan

The Corporation's employees participate in the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the plan are made by both employees and the Corporation and are recorded on a current basis.

3. Correction to prior year

Deposit with Receiver General and accounts payable at March 31, 1981 were understated by \$2,214,769; this had no effect on the results of operations. The 1981 balance sheet items have been restated accordingly.

4. Inventories

	1982	1981
	\$	\$
Books, pamphlets, replicas and other materials	1,397,555	2,168,240
Publications in process	161,484	137,435
	<u>1,559,039</u>	<u>2,305,675</u>

During the current year, the Corporation revised its estimate of the obsolescence of its inventories. As a result, books and pamphlets are now expected to be obsolete after five years. Accordingly, the value of the inventory of books and pamphlets at March 31, 1982 has been reduced by \$700,000. This amount has been included in the cost of sales for the 1982 fiscal year.

The amount of \$373,010 deferred represents the funds available for the purchase of objects for the collection of the Corporation until 1984.

7. Refunds of previous years' expenditure

In addition to the accounts receivable reflected in the financial statements, there is an outstanding amount for refunds of previous years' expenditure of \$84,412 (1981—\$238,246). When collected, the latter will be transferred to the Consolidated Revenue Fund and will not be available for use by the Corporation.

9. Long-term leases

The Corporation has entered into various lease arrangements for communication and data processing equipment. The future annual commitment under these leases is approximately \$190,000. The leases will expire in April 1984.

10. Contingency

Legal proceedings against the Corporation have been instituted. The claimant seeks relief in the amount of \$423,000 in respect of damages allegedly suffered as a result of a contribution agreement. In addition, other compensations are being sought, the amount of which cannot be determined at this time. This action is being contested and the ultimate outcome is uncertain. Eventual disbursements will be charged to the period in which they occur.

11. Comparative figures

Certain comparative figures have been reclassified to conform to current year's presentation.

MINISTER OF COMMUNICATIONS
AND

MR. ANDRÉ FORTIER, PRESIDENT
SOCIAL SCIENCES AND HUMANITIES
RESEARCH COUNCIL

I have examined the statement of operations of the Social Sciences and Humanities Research Council for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of the operations of the Council for the year ended March 31, 1982 in accordance with the accounting policies set out in Note 2 to the financial statement, applied on a basis consistent with that of the preceding year.

Appendix 6—Continued

Social Sciences and Humanities Research Council—
ContinuedNOTES TO FINANCIAL STATEMENT
MARCH 31, 1982

1. Objective and operations of the Council

The Council was established by the Social Sciences and Humanities Research Council Act and commenced operations on April 1, 1978. Its objective is to promote and assist research and scholarship in the social sciences and humanities. The Council is a schedule B departmental Crown corporation and is funded through parliamentary appropriations which provide for its grants and operating expenditures. It also administers an endowment fund known as the Queen's Fellowship Fund.

2. Significant accounting policies

(a) Expenditure

Grants expenditure is reported on a cash basis and represents actual disbursements to March 31, 1982 for those provided in the Main Estimates, and to April 30, 1982 for those provided in the Supplementary Estimates (E). Operating expenditure is recorded on a cash basis modified to include payments made in April relating to work performed, goods received or services rendered prior to April 1. The amounts are then adjusted to reflect payables at year end still unpaid by April 30. Acquisition of office machinery and equipment is recorded as operating expenditure in the year of purchase.

(b) Revenue

Revenue is recorded on a cash basis.

(c) Services provided without charge by government departments

Amounts for services provided without charge by government departments are included in operating expenditure.

(d) Employee termination benefits

Employee termination benefits are expensed in the year of payment.

(e) Pension plan

The Council's employees participate in the Public Service Superannuation Plan, which is administered by the Government of Canada. Contributions to the Plan are made by both employees and the Council, and are recorded on a current basis.

EMPLOYMENT AND IMMIGRATION

Department

Objective

DEPARTMENTAL ADMINISTRATION PROGRAM

- To ensure that federal labour market, income related and immigration policies and programs are developed and implemented in an effective manner consistent with national economic and social goals and to provide information to the public concerning these policies and programs.

Canada Employment and Immigration Commission

Objectives

ADMINISTRATION PROGRAM

- To provide efficient and timely support services to the Commission and Department.

EMPLOYMENT AND INSURANCE PROGRAM

- To further the attainment of national economic and social goals by realizing the full productive potential of Canada's human resources, while supporting the initiatives of individuals to pursue their economic needs, and, more generally, their self-fulfillment through work.

IMMIGRATION PROGRAM

- To administer the admission of immigrants and non-immigrants in accordance with the economic, social and cultural interests of Canada.

ANNUITIES PROGRAM

- To administer contracts entered into under the Government Annuities Act.

Immigration Appeal Board

Objective

- To make available to persons who have been ordered removed from Canada or to persons in Canada whose relatives have been refused admission to Canada, an independent court to which they may appeal such decisions, not only on legal grounds, but also on discretionary grounds; and to permit the redetermination of refugee claims.

Note: Effective September 24, 1981, the Advisory Council on the Status of Women and the Status of Women—Office of the Co-ordinator were transferred to the Department of Secretary of State.

ENERGY, MINES AND RESOURCES

Department

Objectives

ADMINISTRATION PROGRAM

- To ensure effective management and accountability in the federal programs of Energy, Minerals and Earth Sciences, and Administration, in the Department of Energy, Mines and Resources, and to maintain central services in support of these programs.

ENERGY PROGRAM⁽¹⁾

PROGRAM

- To establish and maintain effective policies, strategies and programs for the supply and efficient use of energy resources with due regard for other social and economic goals.

PETROLEUM COMPENSATION REVOLVING FUND

- To provide incentives for the development of designated classes of high-cost domestic petroleum through the payment of compensation to first users of such petroleum, funded by a levy upon domestic and foreign petroleum used in Canada.

MINERALS AND EARTH SCIENCES PROGRAM⁽²⁾

- To ensure the availability of mineral policies and strategies, and timely earth science information, technology and expertise related to the landmass of Canada and its mineral and energy resources.

Atomic Energy Control Board

Objective

- To control atomic energy in the interests of health and safety and national security.

Atomic Energy of Canada Limited

Objective

- To develop the utilization of atomic energy for peaceful purposes.

National Energy Board

Objectives

- To ensure that the best interests of Canada are served in the construction and operation of oil and gas pipelines and power lines subject to federal jurisdiction, in the exportation and importation of gas, in the exportation of electrical power, and in the exportation and importation of oil.
- To ensure the safe construction and operation of power lines and of oil and gas pipelines subject to federal jurisdiction.
- To advise on the control, supervision, conservation, use, marketing and development of energy and sources of energy.

Petro-Canada

Objective

- To increase Canada's energy supply from competitive sources.

Eldorado Nuclear Limited

Objective

- To look after the mining, refining and conversion of uranium fuel for the generation of electricity in Canada and other countries.

⁽¹⁾ Includes both the Canadian Home Insulation Program and the Home Insulation Program transferred from the Canada Mortgage and Housing Corporation of the Department of Public Works.

⁽²⁾ Includes part of both the Administration Program and the Energy Program of the previous year and the former Minerals Program and Earth Science Services Program.

Petroleum Compensation Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Petroleum Compensation Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The departmental Financial Administration Branch develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The accounting system for the Fund is operated by the Comptroller, Petroleum Pricing and Compensation (PP&C) of the Energy Program Financial Division. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and to safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs and frequent contacts are maintained between the staff of the Comptroller, PP&C and of the Auditor General's office. The Comptroller, PP&C, in coordination with the managers of the Fund, also seeks to assure the objectivity and integrity of data in the Fund's financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

With the passage of the Energy Administration Act (Bill C-103), the provisions implementing the Petroleum Compensation Revolving Fund have been revoked.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Purpose and authority

This account, established for the purpose of raising sufficient funds through a levy to provide for the payment of any compensation payable with respect to classes of petroleum which are designated in accordance with the provisions of Subsection 72(4) of the Petroleum Administration Act, was authorized by Vote L26a, Appropriation Act No. 3, 1978-79.

Section 3 of the Adjustment of Accounts Act, assented to July 10, 1980, deleted from the Accounts of Canada the Petroleum Compensation Revolving Fund and the amount outstanding as at March 31, 1981.

Section 24 of the Adjustment of Accounts Act re-established the Revolving Fund and authorized the Minister to make expenditures up to \$200 million out of the Consolidated Revenue Fund for synthetic petroleum and to spend the revenue received in respect of the petroleum compensation charge and penalty revenue.

The authority to make expenditures out of the Consolidated Revenue Fund was increased to \$225 million by Appropriation Act No. 3, 1980-81, PC 1980-3423. An amount of \$57,799,712 representing net assets assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Revenue

Under Part 111.1, Section 65, 12 of the Petroleum Administration Act, as amended, a levy is imposed upon (1) domestic petroleum received for processing or consumption in Canada and (2) foreign petroleum or petroleum products imported into Canada for processing, consumption, sale or other use in Canada at a rate prescribed by order of the Governor in Council.

(b) Compensation payments

Under Part IV of the Petroleum Administration Act, as amended, compensation is payable to first users of designated classes of high cost domestic petroleum to reduce the cost to domestic price levels.

(c) Administration expenses

Administration expenses (exclusive of audit and collection fees) are not charged to the Revolving Fund. They are paid from the Energy Administration Vote.

Audit and collection fees are not charged by the Department of National Revenue—Customs and Excise in accordance with the agreement between Energy, Mines and Resources and the Department of National Revenue—Customs and Excise.

3. Subsequent event to the end of the year

With the passage of the Energy Administration Act (Bill C-103) on June 9, 1982, the provisions implementing the Petroleum Compensation Revolving Fund have been revoked. They will be replaced by a statutory vote under this Act for the year 1982-83.

4. Restatement of prior year figures

For comparative purposes, the 1981 figures in the Statement of Net Income have been restated to conform to the 1982 presentation.

EXTERNAL AFFAIRS

Department

Objectives

CANADIAN INTERESTS ABROAD PROGRAM PROGRAM

- To promote in their international dimensions the national objectives of economic growth, sovereignty and independence, peace and security, the promotion of social justice, quality of life and a harmonious natural environment.

PASSPORT OFFICE REVOLVING FUND

- To provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

WORLD EXHIBITIONS PROGRAM

- To present an image of Canada that portrays Canada's industrial, cultural and social development, through participation in World Exhibitions approved by the International Bureau of Expositions.

Canadian International Development Agency

Objective

- To support the efforts of developing countries in fostering their economic growth and the evolution of their social systems in a way that will produce a wide distribution of the benefits of development among the populations of these countries, enhance the quality of life and improve the capacity of all sectors of their population to participate in national development efforts.

International Development Research Centre

Objective

- To initiate, encourage, support and conduct research into the problems of the developing regions of the world and into the means of applying and adapting scientific, technical and other knowledge to the economic and social advancement of those regions.

International Joint Commission

Objective

- To implement the powers, responsibilities and functions assigned to the Commission by international agreements; to investigate and recommend upon any questions or matters of difference along the common frontier referred to it by the Governments of Canada and the United States; and to consider and, if appropriate, approve in accordance with the Boundary Waters Treaty of 1909, uses, diversions, or obstructions of waters on either side of the boundary affecting the natural level or flow of waters on the other side.

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these statements rests with the management of the Fund.

The financial statements have been prepared in accordance with stated accounting policies, as set out in Note 2, on a basis consistent with that of the previous year.

The Fund maintains a system of internal accounting controls which provides management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded.

Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements.

Appendix 1—Concluded**Passport Office Revolving Fund—Concluded****NOTES TO FINANCIAL STATEMENTS**

MARCH 31, 1982

1. Purpose and authority

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital; capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,000,000 at any time. An amount of \$745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies**(a) Inventories**

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

(b) Fixed assets

Leasehold improvements are amortized on the straight line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight line basis over their estimated useful lives as follows:

Furniture	16 years
Equipment	
Electronic data processing	5 years
Other equipment	10 years

3. Inventories

5. Long-term leases

The Passport Office occupies space at fifteen locations under long-term leases which expire between December 31, 1983 and December 31, 1986. The annual rental is approximately \$1,153,000.

6. Restatement of prior year figures

For comparative purposes, the 1981 figures have been restated to conform to the 1982 presentation.

AUDITOR'S REPORT

TO THE INTERNATIONAL DEVELOPMENT RESEARCH CENTRE

AND

THE HONOURABLE MARK MACGUIGAN, P.C., M.P.

SECRETARY OF STATE FOR EXTERNAL AFFAIRS

I have examined the balance sheet of the International Development Research Centre as at March 31, 1982 and the statements of operations, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1982 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Nature and objective

The International Development Research Centre is a Corporation, without share capital, established by the Parliament of Canada through the International Development Research Centre Act which received Royal assent on May 13, 1970. The annual grant received from the Parliament of Canada is pursuant to External Affairs Votes 55 and 65 for the years ended March 31, 1981 and 1982 respectively.

The objective of the Centre is to initiate, encourage, support and conduct research into the problems of the developing regions of the world and into the means for applying and adapting scientific, technical and other knowledge to the economic and social advancement of those regions.

2. Significant accounting policies

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles and reflect the following policies:

Property and equipment

Property and equipment are stated at cost and are depreciated over their estimated useful lives. Leasehold improvements are amortized over the terms of the respective leases.

International Development Research Centre—Continued

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1982—Continued

2. Significant acquisitions—Concluded

Property and equipment—Concluded

The methods and rates employed annually to provide for the depreciation and amortization of property and equipment are as follows:

	Method	Rate
Computer hardware and systems software	Straight line	20%
Leasehold improvements	Straight line	6½%-20%
Office furniture and equipment	Diminishing balance	20%
Vehicles	Diminishing balance	30%
Residence	Straight line	4%

Research expenditures

Certain expenditures for development research, research related activities and contract research are charged to the accounts at the time of disbursement and as they become due under the terms of contractual agreements. All research expenditures are recorded in the accounts on an accrual basis.

Contract research

The Centre enters into agreements to undertake contract research on behalf of various donor agencies. The Centre recognizes contract research revenue at the time related expenditures are incurred. Funds received in excess of contract research expenditures incurred are reflected in current liabilities.

Pension costs

Employees of the Centre are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from the employees and the Centre. These contributions represent the total liability of the Centre and are recognized in the accounts on a current basis.

Income taxes

The Centre is exempt from any liability for income taxes.

Foreign currency translation

Monetary assets and liabilities are translated into Canadian dollars at the rate of exchange in effect at year end. Non-monetary assets are translated at rates prevailing at the respective transaction dates.

Foreign currency transactions are translated into Canadian dollars by the use of an average exchange rate which closely approximates the rate in effect at the transaction date. Exchange gains and losses are reflected in the results of operations for the current period.

3. Investments

Investments consist of short-term notes and deposits and treasury bills.

7. Grant from Parliament of Canada—Co-operative Programs

The 1981-82 annual grant from the Parliament of Canada includes \$1,000,000 for Co-operative Programs to support research collaboration between groups in Canada and those in developing countries with the aim of enhancing their indigenous capabilities. This additional grant was accepted on the understanding that the Co-operative Programs do not divert the Centre from its own objectives, nor involve financial or staff resources beyond grant funds specifically received for such Programs.

In 1981-82, Co-operative Programs revenues totalled \$1,053,667 including interest earned of \$53,667 while research and allocated administrative expenditures totalled \$1,039,197. The balance of \$14,470 is carried forward to support Co-operative Programs in 1982-83.

8. Operating leases

The Centre has entered into various lease arrangements for office premises, equipment and staff accommodation, in Canada and in various countries. The total liability over the next five years under such lease arrangements is as follows:

	\$
1983	1,992,370
1984	1,550,064
1985	1,152,138
1986	1,045,557
1987	942,619
	<u>6,682,748</u>

9. Contractual commitments—Project grants and project development

The Centre is committed to make payments totalling \$41,380,000 during the next four years subject to funds being provided by Parliament and subject to compliance by recipients with the terms of project agreements.

The Centre has also submitted formal grant offers to prospective recipients totalling \$5,125,000 and is awaiting acceptance of these offers.

10. Contingent liabilities

The Centre is a defendant in an action for damages and costs allegedly sustained by a plaintiff. Management and counsel are of the opinion that the Centre has defences against any significant claim and accordingly no provision has been made in the financial statements in respect of this claim.

FRESHWATER FISH MARKETING CORPORATION

Non-budgetary

L30b This Corporation was incorporated under the Freshwater Fish Marketing Act, 1968-69, to regulate interprovincial and export trade in freshwater fish and to establish the Freshwater Fish Marketing Corporation.

For the purpose of enabling the Corporation to carry on its operations under the Act, Section 17 provides that the Governor in Council may authorize the Minister of Finance on such terms and conditions as may be agreed upon, to:

- (a) guarantee repayment of loans, and interest thereon, made by any bank to the Corporation; and
(b) to make loans to the Corporation.

Vote L20a, Appropriation Act No. 4, 1970, increased the aggregate outstanding at any time of the amounts which may be borrowed from any bank upon the credit of the Corporation and the amounts loaned by the Minister of Finance, under the authority of Section 17 of the Freshwater Fish Marketing Act, from \$5,000,000 to \$10,000,000 and by Vote L30b, Appropriation Act No. 2, 1974, to increase the aggregate outstanding from \$10,000,000 to \$20,000,000, and in PC 1981-2317 dated August 19, 1981 the maximum amount of the aggregate outstanding at anytime during the period ending April 30, 1982 shall not exceed \$19,000,000. (Net)

Fisheries Prices Support Board

(Incorporated under the Fisheries Prices Support Act)

AUDITOR'S REPORT

THE HONOURABLE ROMÉO LEBLANC, P.C., M.P.
MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of Fisheries Prices Support Board as at March 31, 1982 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1982 and the results of its operations for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements, applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Objectives and operations

The Fisheries Prices Support Board is a departmental Crown corporation established in 1944 under the Fisheries Prices Support Act, R.S. c. F-23. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. In addition, the Board acts as procurement agency for the supply of fishery products required by the Canadian International Development Agency for food-aid and development programs. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Significant accounting policies

Basis of accounting

The Board follows the accrual basis of accounting. However, payments and receipts during the month of April to extinguish liabilities and accounts receivable at March 31 are reflected as cash transactions of the old year.

Inventory of fisheries products

Inventory of fisheries products is valued at the lower of cost and net realizable value.

Administrative services

Administrative expenses of the Board are borne by the Department of Fisheries and Oceans and charged to Vote 1. They are reflected in the statement of operations as services provided without charge. Salaries represent the pro-rata portion of salary costs, excluding employee benefits, of those members of the Department's staff who regularly devote time to the Board's affairs.

3. Parliamentary appropriations

- (a) With the Adjustment of Accounts Act coming into effect on March 31, 1981, the Board's 1981-82 operations were fully financed by parliamentary appropriations rather than by the Fisheries Prices Support Account in the Consolidated Revenue Fund as was done previously. The Board's 1981-82 requirements were included as a part of the votes of the Department of Fisheries and Oceans. However, the Board will recommend having its requirements set forth in a separate vote in conformity with the governing Treasury Board policy.
- (b) The Board utilized \$14,914,453 of the \$15 million included in Fisheries and Oceans Vote 10e with respect to groundfish deficiency payments both on export sales of frozen cod, haddock, ocean perch and flatfish during the period September, 1981 to December 15, 1981 and also on Canadian inventory of frozen flatfish (excluding turbot and halibut) and frozen perch on hand at December 16, 1981. The portion of the appropriation applicable to deficiency payments not utilized at March 31, 1982, amounting to \$85,547, is not available for making future payments in view of the provisions of Section 30 of the Financial Administration Act.

INDIAN AFFAIRS AND NORTHERN DEVELOPMENT

Department

Objectives

ADMINISTRATION PROGRAM

- To provide overall policy direction and central advisory and administrative services to Departmental Programs.

INDIAN AND INUIT AFFAIRS PROGRAM

- In keeping with the principles of self-development, access of opportunity, responsibility and joint participation within Canadian society, to assist and support Indians and Inuit in achieving their cultural, social and economic needs and aspirations, and to ensure that Canada's constitutional and statutory obligations and responsibilities to the Indian and Inuit peoples are fulfilled.

NORTHERN AFFAIRS PROGRAM

- To advance the social, cultural, political and economic development of the Yukon and Northwest Territories, in conjunction with the Territorial Governments and through co-ordination of activities of the federal departments and agencies, with special emphasis on the needs of native northerners and the protection of the northern environment.

NATIVE CLAIMS PROGRAM

- To enable native claimants to research, develop and negotiate claims and to achieve land claims resolution.

Northern Canada Power Commission

Objective

- To provide public utilities and distribution systems on a self-sustaining basis in the Northwest Territories, the Yukon Territory and at certain other locations in Canada.

AUDITOR'S REPORT

THE STANDARDS COUNCIL OF CANADA

AND

THE HONOURABLE ANDRÉ OUELLET, P.C., M.P.,

MINISTER OF CONSUMER AND CORPORATE AFFAIRS

I have examined the balance sheet of the Standards Council of Canada as at March 31, 1982 and the statements of operations and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Council as at March 31, 1982 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

KENNETH M. DYE
Auditor General of Canada

Ottawa, Ontario

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Operations

The Standards Council of Canada was created by Parliament as a statutory corporation under its own act to be the national co-ordinating body for voluntary standardization. The Council carries out its task through the National Standards System, a federation of accredited organizations concerned with standards-writing, certification and testing co-ordinated by the Council.

Among its programs, the Council provides financial assistance to standards-writing organizations, travel assistance to Canadian delegates to international meetings, supports the program for the conversion of standards to the metric system of measurement, operates a self-funded standards sale service for Canadians for international and foreign national standards, and provides for Canadians a free national information service on standards.

2. Significant accounting policies

Statement of changes in financial position

A statement of changes in financial position has not been presented as, in the opinion of management, it would not add significantly to the information to be derived from these financial statements.

Office furniture and equipment

The costs of office furniture and equipment are charged to operations in the year of acquisition.

Foreign currency transactions

Gains and losses on purchases of international and foreign national standards in foreign currencies are recorded as part of the direct cost of those standards. Any amounts payable or receivable in foreign currencies at end of the year are translated into Canadian dollars at current rates of exchange.

Parliamentary appropriations

Parliamentary appropriations are recorded in the accounts when received.

LABOUR

Department

Objective

- To promote and protect:
 - the rights of the parties involved in the world of work;
 - a working environment conducive to physical and social well-being;
 - a fair return for efforts in the work place;
 - and in all cases to ensure equitable access to employment opportunities.

Canada Labour Relations Board

Objective

- To contribute to and promote effective industrial relations in any work, undertaking or business that falls within the authority of the Parliament of Canada.

Canadian Centre for Occupational Health and Safety

Objective

- To promote the fundamental right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers.

Note: Effective September 24, 1981 (PC 1981-2680), the Fitness and Amateur Sport Program was transferred to the Department of Secretary of State.

AUDITOR'S REPORT

THE COUNCIL OF THE CANADIAN CENTRE FOR
OCCUPATIONAL HEALTH AND SAFETY

AND

THE HONOURABLE CHARLES C. CACCIA, P.C., M.P.
MINISTER OF LABOUR

I have examined the balance sheet of the Canadian Centre for Occupational Health and Safety as at December 31, 1981 and the statements of revenue, expenditure and equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Centre as at December 31, 1981 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1981

1. Authority and objectives

Pursuant to the Canadian Centre for Occupational Health and Safety Act, the Centre was established on October 1, 1978. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers.

2. Significant accounting policies

Accrual accounting

The Centre follows the accrual basis of accounting to record income and expenditure.

Parliamentary grant

The Centre operates on a calendar year and receives an operating grant from Parliament on an April 1 to March 31 basis to coincide with the fiscal year of the government. Accordingly, a quarter of the grant is deferred each year.

Fixed assets and depreciation

All fixed assets are recorded at cost. Furniture and equipment are depreciated over their useful life of five years on a straight line basis. Leasehold improvements are amortized over the term of the lease to a maximum of five years.

3. Fixed assets

	1981		1980	
	Cost	Accumulated Depreciation	Net	Net
	\$	\$	\$	\$
Office furniture and equipment	302,859	51,159	251,700	151,480

Leasehold improvements	273,090	24,709	248,381	
	775,231	119,843	655,388	299,976

4. Parliamentary grant

Parliamentary grant received in 1981 amounted to \$2,231,000 (1980—\$2,015,000).

5. Lease obligations

The future minimum lease payments under operating leases are as follows:

	\$
1982	186,406
1983	126,500
1984	126,500
1985	126,500
1986	42,167

6. World Congress

In May 1983, the Centre will host the World Congress on the Prevention of Occupational Accident and Diseases. It is estimated that the total cost of this Congress will be \$750,000 and fees generated \$650,000. Costs incurred to December 31, 1981 and included in expenditure for that year amounted to \$61,892.

⁽¹⁾ Treasury Board Vote 5 government contingencies.

Treasury Board Vote 10 student summer and youth employment.

⁽²⁾ Reserved allotment established to provide payment authority for the overexpenditure of the previous year's appropriation which resulted from Payables at Year End (PAYE).⁽³⁾ Includes \$1,924,544 in Vote 1 and \$8,536,350 in Vote 5 as a result of a modification in accounting procedures for contractors' holdbacks, as recommended by the Auditor General, in order to achieve consistency within the Department. The over-utilization resulting from this modification has not affected the amounts or timing of cash payments.

AUDITOR'S REPORT

TO THE MEDICAL RESEARCH COUNCIL
AND

THE HONOURABLE MONIQUE BÉGIN, P.C., M.P.
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the statement of expenditure of the Medical Research Council for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure of the Council for the year ended March 31, 1982 in accordance with the accounting policies set out in Note 2 to the financial statement, applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENT MARCH 31, 1982

1. Objective of the Council

The Medical Research Council was established under Section of the Medical Research Council Act to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services.

The Council is designated as a departmental corporation within the meaning and purpose of the Financial Administration Act and is funded through parliamentary appropriations which provide for its grants and scholarships, and administration expenditure.

2. Significant accounting policies

Grants and scholarships

Grants and scholarships are charged to expenditure as cash is disbursed.

Administration expenditure

Employees' termination benefits and vacation pay are charged to expenditure when paid.

Acquisitions of furniture and equipment are expensed in the year of acquisition.

All other administration expenditure is recorded on an accrual basis and includes expenses related to work performed, goods received or services rendered prior to April 1.

Services provided without charge

Amounts for services provided without charge by government departments are included in administration expenditure.

3. Expenditure in excess of parliamentary appropriation

During the year, the Council expended \$58,602 in excess of parliamentary appropriation for administration expenditure due solely to the inclusion of debts which had been incurred, but unpaid, as of March 31, 1982.

Under Treasury Board directions for Payables At Year End (PAYE), a reserved allotment will be established in 1982-83 from that year's appropriation which will be used for the sole purpose of providing payment authority for the expenditure in excess of the 1981-82 appropriation.

4. Refunds of previous years' expenditure

Refunds of previous years' expenditure amounting to \$70,953 (1981—\$251,488) were remitted to the Receiver General for Canada and are not reflected in the statement.

5. Commitments

The Council had outstanding commitments in respect of future grants and scholarships awarded, payment of which is subject to the provision of funds by Parliament.

6. Trust funds

In 1974, the Council received \$75,000 from an anonymous donor to establish a fund, the interest from which is to be used for the payment of grants for research in the fields of Dyskinesia and Torticollis. Other donations received were not earmarked for specific projects. The amounts received, interest earned and grants paid are not reflected in the statement of expenditure. The status of the funds at March 31 is as follows:

AUDITOR'S REPORT

THE BOARD OF TRUSTEES

AND

THE HONOURABLE MONIQUE BÉGIN, P.C., M.P.

MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1982 and the statement of operations and balance of Fund for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at March 31, 1982 and the results of its operations for the year ended in accordance with the accounting policies set out in Note 2 to the financial statements applied, after giving retroactive effect to the change in accounting for cancelled awards as explained in Note 5, on a basis consistent with that of the preceding year.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1982

1. Objectives of the Fund

The Queen Elizabeth II Canadian Fund was established pursuant to the Queen Elizabeth II Canadian Research Fund Act, R.S., c. Q-1 to assist individuals or organizations to undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. A Board of Trustees consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal, manage and administer the Fund. The Fund was set up by an initial contribution of \$1 million from the Consolidated Revenue Fund and is augmented by gifts or bequests received.

2. Significant accounting policies

Investment in Canada bonds

The investment in Canada bonds is recorded at cost. All gains or losses, including any premium or discount on acquisition, are recognized when the bonds are sold. Interest income is recorded in the accounts on an accrual basis.

Scientist awards

Scientist awards are provided for in the year the awards are approved. Any subsequent increases and decreases to existing awards are accounted for in the year these increases or decreases are approved. Any awards cancelled subsequent to the year of approval are recognized as revenue in the year of cancellation.

Services provided without charge

The Medical Research Council provides the Board without charge with administrative and technical services and facilities for carrying out the purposes of the Act.

3. Investment in Canada bonds

	1982	1981

Under the terms of the Act the Board may invest any moneys of the Fund in bonds or other securities of the Government of Canada. The bonds held at March 31, 1982 bear interest at rates ranging from 5¾% to 12½% per annum.

4. Provision for scientist awards

	1982	1981
	\$	\$
Payable in:		
1981-82		125,000
1982-83	95,000	105,000

1985-86	50,000	50,000
1986-87	37,500	
Total	362,500	460,000

5. Change in accounting policy

The policy of recording awards cancelled subsequent to the year of approval as revenue in the year of cancellation was adopted during the current fiscal year. Prior to 1982 cancelled awards were accounted for as adjustments to the period in which the award was initially approved. As a result, the excess of revenue over expenses for the year has been increased by \$140,000 (1981—Nil).

POST OFFICE

Department

Objective

- To provide postal services to the people of Canada at rates which will provide a standard of service adequate to meet their needs without incurring subsidization from general taxation other than that required to cover losses specifically identified in relation to other government objectives.

Canada Post Corporation

Objective

- To establish and operate a postal service for the collection, transmission and delivery of messages, information, funds and goods both within Canada and between Canada and places outside Canada.

Note: Effective October 16, 1981, the Post Office Department was converted to a Crown corporation (Canada Post Corporation).

Economic Council of Canada

(Established by the Economic Council of Canada Act)

AUDITOR'S REPORT

ECONOMIC COUNCIL OF CANADA
AND

THE RIGHT HONOURABLE PIERRE ELLIOTT TRUDEAU, P.C., Q.C., M.P.
PRIME MINISTER OF CANADA

I have examined the statement of expenditures of the Economic Council of Canada for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditures of the Council for the year ended March 31, 1982, in accordance with the accounting policies set out in Note 2 to the financial statement, applied on a basis consistent with that of the preceding year.

KENNETH M. DYE
Auditor General of Canada

NOTES TO THE STATEMENT OF EXPENDITURES MARCH 31, 1982

1. Authority and objective

The Economic Council of Canada was established on August 2, 1963 by the Economic Council of Canada Act. The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in the medium and long term in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

2. Accounting policies

The accounts of the Council are maintained on a cash basis modified to include payments made in April relating to work performed, goods received or services rendered prior to April 1 in accordance with Section 30 of the Financial Administration Act. The accounts are then adjusted to reflect those payables at year end still unpaid by April 30.

Purchases of furniture and equipment are recorded as expenditures in the year of acquisition.

Expenditures include costs for services provided without charge by government departments.

The accounting policies are consistent with those of the Government of Canada.

3. Financing—Vote 20

The funds required to finance the non-statutory expenditures of the Council are provided for by parliamentary appropriation under Privy Council Vote 20. The amount of appropriation available and used from Privy Council Vote 20 is as follows:

	1982	1981
	\$	\$
Appropriation available	7,023,000	7,596,000
Less: amount lapsed in accordance with Section 30 of the Financial Administration Act	142,568	511,691
amount frozen by Treasury Board		168,000
	142,568	679,691
Appropriation used	6,880,432	6,916,309

Construction Services Revolving Fund

MANAGEMENT REPORT

We have prepared the financial statements of the Construction Services Revolving Fund in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada.

These financial statements were prepared with objective data and in conformity to the "consistency" principle. The management of the Fund is effected through the maintenance of accounts which provide a centralized record of the Fund's transactions. It is further managed and controlled through procedure manuals, instructions and directives. Transactions are executed in accordance to the regulations contained in the Guide on Financial Administration and the Financial Administration Act in order to maintain accountability and exercise internal control.

The transactions of the Fund have been subjected to audit by the Auditor General's department as part of their review of internal control and the examination of the books, records and financial statements of the department.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Purpose and authority

The Construction Services Working Capital Advance was replaced by the Construction Services Revolving Fund as at April 1, 1980. The purpose of the Fund is to provide construction services to other federal departments and agencies, to other governments or to private sector tenants of federal property; to provide, on a cost recovery basis, interim financing and financial control, construction supervision and other related services on federal and non-federal projects undertaken on behalf of federal departments and agencies, other governments or private sector tenants of federal property.

The Adjustment of Accounts Act (Bill C-22) authorized the operation of the Construction Services Revolving Fund in the current and subsequent years with a statutory authority limit of \$55 million.

2. Significant accounting policy

Payments, charges and recoveries

The Construction Services Revolving Fund provides interim financing on a cost recovery basis. The gross recoveries are always equal to the payments and charges since revenue is recognized at billing point, hence no profit is realized.

3. Restatement of prior year figures

For comparative purposes, the 1981 figures have been restated to conform to the 1982 presentation.

AUDITOR'S REPORT

TO THE SCIENCE COUNCIL OF CANADA
AND

THE HONOURABLE JOHN ROBERTS, P.C., M.P.
MINISTER OF STATE FOR SCIENCE AND TECHNOLOGY

I have examined the statement of expenditure of the Science Council of Canada for the year ended March 31, 1982. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure of the Council for the year ended March 31, 1982 in accordance with the accounting policies set out in Note 2 to the financial statement, applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENT MARCH 31, 1982

1. Objective

The Science Council is a departmental Crown corporation of Canada.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Significant accounting policies

Operating expenditure includes the cost of work performed, goods received or services rendered prior to April 1.

Acquisitions of furniture and equipment are charged to operating expenditure in the year of purchase.

Estimated amounts for services provided without charge by government departments and agencies are included in operating expenditure.

3. Parliamentary appropriation

In accordance with Section 30 of the Financial Administration Act, \$59,322 (1981—\$67,764) lapsed in respect of Vote 35.

NOTES TO FINANCIAL STATEMENT
MARCH 31, 1982

1. Objective

The Natural Sciences and Engineering Research Council (NSERC) is a departmental Crown corporation of Canada.

The objective of the Council is to promote and support the development and maintenance of research and the provision of highly qualified manpower in the natural sciences and engineering.

2. Significant accounting policies

Grants and scholarships are charged to expenditure as disbursed.

Operating expenditure includes liabilities for work performed, goods received or services rendered prior to April 1.

Acquisitions of furniture and equipment are charged to expenditure in the year of acquisition.

Estimated amounts for services provided without charge by government departments and agencies are included in the reported operating expenditure.

Trust funds are accounted for separately, and therefore expenditure on programs administered in trust is not included in the statement of expenditure.

Refunds of prior years' expenditure are remitted to the Receiver General for Canada and are not included in the Statement of Expenditure.

3. Parliamentary appropriations

In accordance with Section 30 of the Financial Administration Act, \$354,521 (1981—\$351,121) lapsed in respect of Votes 25 and 25e and \$3,470 (1981—\$344) in respect of Votes 30 and 30c.

4. Refunds of prior years' expenditures

During the year, the Council recovered prior years' expenditures of \$401,958 (1981—\$285,099) for grants and scholarships no longer required for approved research.

5. Future payments approved

The continuation of payments extending in future years for grants and scholarships awarded in 1981-82 and previous years amount to approximately \$146.1 million. New grants and scholarships to be awarded in 1982-83 and the continuation of payments extending in future years amount to approximately \$181.8 million. The award of these grants and scholarships is subject to the provision of funds by Parliament. Grant and scholarship awards are annually reviewed by Council before final approval of future years payments.

SECRETARY OF STATE

Department

Objectives

ADMINISTRATION PROGRAM⁽¹⁾

- To provide overall executive and policy direction, central control and support services and to co-ordinate state protocol matters.

OFFICIAL LANGUAGES PROGRAM

- To promote, facilitate and encourage the acquisition and use of the two official languages in Canadian society thereby reinforcing the equality of status of the two official languages.

EDUCATION SUPPORT PROGRAM

- To contribute to the attainment of national and social objectives through the co-ordinated development, formulation, implementation and review of federal policies and programs in the field of education.

TRANSLATION PROGRAM

- To provide translation and interpretation services in all languages in accordance with the needs of Parliament, the government and its agencies and, more especially, to contribute to the implementation of the official languages policy by making available the translation and interpretation services guaranteed by this policy.

CITIZENSHIP PROGRAM

- To promote and assist the development of effective Canadian citizenship, and to co-ordinate the formulation and development of national strategies and policies affecting citizenship.

FITNESS AND AMATEUR SPORT PROGRAM⁽²⁾

- To raise the fitness level of Canadians and to improve their participation in physical recreation and amateur sport.

Public Service Commission

Objectives

PROGRAM

- To ensure that appointments to and promotions within the Public Service of Canada meet the needs of the Federal Public Service and are made on the basis of merit, without discrimination on the grounds of sex, race, national origin, color, religion, marital status or age.

STAFF DEVELOPMENT AND TRAINING REVOLVING FUND

- To provide, in response to departmental and agency demands, development and training courses, and related consultative services.

Advisory Council on the Status of Women⁽³⁾

Objective

- To bring before the government and the public matters of interest and concern to women.

Status of Women—Office of the Co-ordinator⁽³⁾

Objective

- To promote equal opportunities for women in all spheres of Canadian life.

⁽¹⁾ Includes former Arts and Culture Program.

⁽²⁾ Effective September 24, 1981 (PC 1981-2680), this program was transferred from the Department of Labour.

⁽³⁾ Effective September 24, 1981, this program was transferred from the Department of Employment and Immigration.

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada, except for the accounting for fixed assets as detailed in Note 2 to the financial statements. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Finance Directorate and the Fund's Comptroller, who reports functionally to the Director of Finance, develop and disseminate financial management and accounting policies and issue specific directives which maintain standards of accounting and financial management. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of inter-

nal audit and by ongoing monitoring activities by the Fund's Comptroller and the Finance Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting system and financial statements of the Fund have evolved over the years to meet changing conditions and, more recently, to account for the subsidized activities of the Fund. This improvement now permits more accurate and equitable billings for Government departments and other customers. During this year, a complete review of the rate structures was conducted resulting in an average increase of 11% in the rates for the year 1982-83. An annual review is to be conducted each year as part of the budgetary process.

 MARCH 31, 1982

1. Purpose and authority

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971 for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c. 17 to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,500,000 at any time.

In accordance with Vote 115a (1980-81) and Vote 35c (1981-82), accumulated deficits of \$4,573,071 have been deleted from the accounts. An amount of \$1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, valued at \$1,121,512 and charged to the appropriation of the Public Service Commission in previous years, are not capitalized in the accounts of the Staff Development and Training Revolving Fund. The use of these assets is provided without charge to the Fund. Minor acquisitions of \$39,923 in 1981-82 have been charged directly to operations.

(b) Fee rates

The fee schedule for the courses and other services did not include any provision for depreciation or for the liabilities for vacation pay and employee termination benefits due to the adoption of the accounting practice referred to in Note 4.

3. Revenue and expenses

In accordance with Treasury Board Minute 774422 dated December 12, 1980, appropriation funds in the amount of \$3,307,232 were paid to the Staff Development and Training Revolving Fund for 1981-82. These funds were approved to cover the cost of a major reorganization and the ongoing operations which are not cost recoverable.

In addition, under the same authority, the Staff Development and Training Revolving Fund was exempted from the charge for corporate services estimated at \$550,000.

4. Provision for employee termination benefits and other prior year adjustments

In accordance with Receiver General Directive 1982-6, the financial statements for the year ended March 31, 1982 include liabilities for unused vacation leave and employee termination benefits. The Balance Sheet, Statement of Accumulated Deficit and Statement of Changes in Financial Position have been restated to reflect the 1980-81 comparative amounts resulting from the adoption of this accounting practice, together with other prior year adjustments. The accrued liability on the Balance Sheet is \$1,037,812 (\$936,932 at March 31, 1981) which is segregated as to current and long-term portions. This change in accounting policy resulted in prior year adjustment of \$936,932 which is included in the total amounts of \$1,032,244 and \$948,981 displayed in the Statement of Accumulated Deficit for the years ended March 31, 1982 and 1981. The prior year adjustment for the year ended March 31, 1982 of \$95,312 is comprised of a settlement in the amount of \$56,062 to Crawley & McCracken Company Ltd for a loss incurred in providing services to the federal Government and other miscellaneous items. The prior year adjustments for the year ended March 31, 1981 include other miscellaneous items in the amount of \$12,049.

5. Restatement of prior year figures

For comparative purposes, the 1981 figures have been restated to conform with the 1982 presentation.

SUPPLY AND SERVICES

Department

Objectives

SERVICES PROGRAM

- To provide in the most economical manner to the government as a whole and to client departments and agencies, a broad range of administrative management and advisory services in order to improve government efficiency and reduce costs.

SUPPLY PROGRAM

PROGRAM

- To encourage research and development in the private sector which contributes to departmental programs and to provide free and subsidized distribution of saleable government publications in accordance with established policies.

SUPPLY REVOLVING FUND

- To acquire and provide in the most economical manner goods and services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives.

DEFENCE PRODUCTION REVOLVING FUND

- To acquire, store, maintain, transport and dispose of stocks of defence supplies or other designated materials pursuant to the Defence Production Act.

Royal Canadian Mint

Objectives

- To produce and arrange for the production and supply of coins of the currency of Canada;
- To produce coins of the currency of countries other than Canada;
- To melt, assay, refine, buy and sell gold, silver and other metals for the account of Canada; and
- To make medals, plaques and other things as are incidental to the powers of the Mint.

Statistics Canada

Objective

- To collect and provide statistical information needed for understanding the Canadian economy and Canadian institutions and for the development of economic and social policies and programs; to collaborate with other departments and agencies of the federal government, provincial and municipal governments and with businesses and individuals on the development of methodology and its application and on the production of new and expanded statistical information to meet their particular requirements.

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by the Supply Administration in accordance with the Treasury Board Policies and reporting requirements and standards of the Receiver General for Canada with the exception of the inclusion of deferred acquisition contract fees on the Balance Sheet, rather than as a note, for added disclosure.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the Notes to Financial Statements.

The primary responsibility for integrity and objectivity of these statements rests with the Supply Administration. This responsibility is discharged through a system of internal control designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are maintained.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Purpose and authority

The objective of the Fund is to acquire and provide, in the most economical manner, goods and services required by departments and agencies taking into account the contribution of procurement to the realization of national objectives.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976 and with the Expositions Revolving Fund effective April 1, 1977.

The authorized working capital limit of the Supply Revolving Fund was increased from \$150,000,000 to \$200,000,000 during 1981-82 through Supplementary Estimates "E".

An amount of \$44,171,345 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

- (i) The accrual policy for recording certain revenue in the Science and Engineering Procurement Service is based on detailed and validated statistical analysis of the procurement workload. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue. Contracts ranging in value from \$200,000 to \$1,000,000 require 18 months on average to complete and revenue is recorded evenly over 18 months commencing the month the contract is awarded. Contracts with a value in excess of \$1,000,000 require 36 months on average to complete and revenue is recorded evenly over 36 months commencing the month the contract is awarded. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not seriously violated since, on average, revenue will be accruing on other contracts that have been completed.
- (ii) Employee benefits (termination benefits and vacation pay) are expensed in the year in which the payments are made. The unaccrued liability at March 31, 1982 has been estimated at \$27,831,974 (\$21,811,550 at March 31, 1981).

(b) Fixed assets

Depreciation is calculated on a straight-line basis over the established useful life of the fixed assets, generally 5 to 10 years.

(c) Direct financing leases—EDP equipment

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase designated EDP equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. The original cost of the equipment including unearned finance income and net repayments to date is shown as direct financing leases—EDP equipment on the Balance Sheet. Title to the equipment remains with the Supply Revolving Fund. Payments by the client departments for the long-term direct financing leases are due—\$180,974 in 1983-84, \$180,973 in 1984-85 and \$165,580 in 1985-86.

3. Sales and cost of sales

For consolidation purposes, sales and cost of sales in the amount of \$39,368,083 (\$34,247,843 in 1981) have been eliminated.

4. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self insurance.

5. Fixed assets and accumulated depreciation

Depreciation in the amount of \$828,228 has been included in the cost of sales in the Statement of Operations.

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by the Supply Administration in accordance with Receiver General for Canada Directives, Treasury Board Policies, the Defence Production Act and accounting policies and practices of the Government of Canada which have been applied on a basis consistent with that of the preceding year. Information contained herein is consistent with that presented elsewhere in the Public Accounts and departmental statements.

The primary responsibility for integrity and objectivity of these statements rests with the Supply Administration. This responsibility is discharged through a system of internal control designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are maintained. Significant accounting policies used in the preparation of the financial statements as well as the purpose and authority of the Fund are included in the Notes to Financial Statements.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1982

1. Purpose and authority

The Defence Production Revolving Fund has been authorized by Section 15 of the Defence Production Act. It was established in 1951 for the purpose of:

- financing the stockpiling of defence supplies or strategic materials;
- making loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and
- permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act, S.C. 1980, c.17 had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed at any time by more than \$100 million the aggregate of amounts received on these two accounts. An amount of \$15,408,997 representing net assets assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Progress payments to suppliers

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or for stockpiled inventories, which are in progress and located on the supplier's premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

(b) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers are recorded in the accounts as progress billings to customers.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1982—*Concluded*

3. Long-term receivables

In accordance with the terms of an agreement, collection of the long-term receivables is dependent upon the recipient's ability to make sales. Should the sales be insufficient to retire the debt, any balance owing will be recovered from the Department of National Defence.

4. Restatement of prior year figures

For comparative purposes, the 1981 figures have been restated to conform with the 1982 presentation.
